Canning College, Lucknow University.

SHORT HISTORY OF THE LUCKNOW UNIVERSITY.

The idea of starting a University at Lucknow was first mooted by the Hon'ble Raja Sir Mohammad Ali Mohammad Khan, Khan Bahadur K. C. I. E., of Mahmudabad, who contributed an article to the columns of "The Pioneer" urging the foundation of a University at Lucknow. A little later His Honour Sir Harcourt Butler, K.C.S.I., K.C.I.E., was appointed Lieutenant-Governor of the United Provinces, and his well-known interest in all matters under his jurisdiction, specially in matters educational, gave fresh life and vigour to the proposal. The first step to bring the University into being was taken when a General Committee of educationalists, and persons interested in University Education, appointed for the purpose, met in Conference at Government House, Lucknow, on the 10th November, 1919. At this meeting His Honour, who was in the Chair, outlined the proposed scheme for the New University. A discussion followed, and it was resolved that Lucknow University should be a Unitary, Teaching, and Residential University of the kind recommended by the Calcutta University Commission, 1919, and should consist of Faculties of Arts, including Oriental Studies, Science, Medicine, Law, etc. A number of other resolutions were also passed and six sub-committees were formed, five of them to consider questions connected with the University and one to consider the arrangements for providing Intermediate Education. These sub-committees met during the months of November and December, 1919, and January, 1920; and the reports of their meetings were laid before a second Conference of the General Committee at Lucknow on 26th January, 1920; their proceedings were considered and discussed, and the reports of five of the sub-committees were, subject to certain amendments, confirmed. The question of incorporation of the Medical College in the University, however, was for the time being left open for expression of opinion. At the close of the Conference donations of one lakh each from the Raja of Mahmudabad and Jahangirabad were announced.

The resolutions of the first Conference together with the recommendations of the sub-committees as confirmed at the second Conference were laid before a meeting of the Allahabad University on the 12th March, 1920, and it was decided to appoint a sub-committee to consider them and report to the Senate. The report of the sub-committee was considered at an extraordinary meeting of the Senate on the 7th August, 1920, at which the Chancellor presided, and the scheme was generally approved. In the meantime the difficulty of incorporating the Medical College in the University had been removed. During the month of April 1920 Mr. C. F. de la Fosse, the then Director of Public Instruction, United Provinces, drew up a Draft Bill for the establishment of the Lucknow University which was introduced in the Legislative Council on the 12th August, 1920. It was then referred to a Select Committee which suggested a number of amendments, the most important being the liberalising of the constitution of the various University bodies and the inclusion of a Faculty of Commerce; this Bill, in an amended form, was passed by the Council on 8th October, 1920. The Lucknow University Act, No. V of 1920, received the assent of His Honour the Lieutenant-Governor on 1st November and of the Governor-General on 25th November, 1920.

The Court of the University was constituted in March, 1921, and the first meeting of the Court was held on the 21st March, 1921, at which His Excellency the Chancellor presided. The other University authorities such as the Executive Council, the Academic Council, and Faculties came into existence in August and September, 1921. Other Committees and Boards, both statutory and otherwise, were constituted in course of time.

On the 17th July, 1921, the University undertook teaching, both formal and informal. Teaching in the Faculties of Arts, Science, Commerce, and Law is being done in the Canning College and teaching in the Faculty of Medicine in the King George's Medical College and Hospital. The Canning College was handed over to the University on the 1st July,

1922, although previous to this date the buildings, equipment, staff, etc., belonging to the Canning College had been ungrudgingly placed at the disposal of the University for the purposes of teaching and residence. The King George's Medical College and the King George's Hospital were transferred by the Government to the University on the 1st March, 1921.

The following three Colleges provided the nucleus for the establishment of the University—

- (1) The King George's Medical College.
- (2) The Canning College.
- (3) The Isabella Thoburn College.

This was a rich inheritance for the new-born University in 1920, both materially and intellectually, and it brought with it also the richest of all heritages "a fine tradition of some fifty-five years in the case of the Canning College and some nine years in the case of the King George's Medical College." To this the generous 'Taluqdars' of Oudh added an endowment of nearly thirty lakhs. The support from Sir Harcourt Butler's Government was strong and hearty. Since then the Government of the United Provinces have annually contributed a substantial share towards the maintenance of the University. Within a comparatively short period of twenty-four years the University of Lucknow has built new hostels and laboratories, equipped the old ones more completely, acquired new land, built more residential bungalows, and appointed a very distinguished staff to supplement the staff originally taken over from the Canning College and the Medical College.

UNITED PROVINCES ACT NO. V. OF 1920.

[*Passed by the Lieutenant-Governor of the United Provinces of Agra and Oudh in Council.]

Received the assent of the Lieutenant-Governor of the United Provinces of Agra and Oudh on the 1st November, 1920, and of the Governor-General on the 25th November, 1920, and was published under Section 81 of the Government of India Act on the 11th December, 1920.

THE LUCKNOW UNIVERSITY ACT, 1920.

AN ACT TO ESTABLISH AND INCORPORATE A
UNITARY, TEACHING AND RESIDENTIAL
UNIVERSITY AT LUCKNOW.

Whereas it is expedient to establish and incorporate a Unitary, Teaching and Residential University at Lucknow, it is hereby enacted as follows:—

THE UNIVERSITY.

The University. 3. (1) The first Chancellor and Vice-Chancellor of the University and the first members of the Court, the Executive Council, and the Academic Council, and all persons who may hereafter become such officers or members, so long as they continue to hold such office or membership, are hereby constituted a body corporate by the name of the University of Lucknow.

(2) The University shall have perpetual succession and a Common Seal, and shall sue and be sued by the said name.

Powers of the University. 4. The University shall have the following powers, namely:—

(1) to provide for instruction in such branches of learning as the University may think fit, and to make provisions for research and for the advancement and dissemination of knowledge;

(2) to hold examinations and to grant and confer degrees and other academic distinctions to and on persons who—

(a) shall have pursued a course of study in the University

or

(b) are teachers in educational institutions, under conditions prescribed in the Ordinances and Regulations and shall have passed the examinations of the University, under like conditions;

(3) to confer honorary degrees or other distinctions on approved persons in the manner prescribed in the Statutes;

- (4) to provide such lectures and instructions for, and to grant such diplomas to, persons not being members of the University, as the University may determine;
- (5) to co-operate with other Universities and authorities in such manner and for such purposes as the University may determine;
- (6) to institute Professorships, Readerships, Lecturerships, and any other teaching posts required by the University, and to appoint persons to such Professorships, Readerships, Lecturerships, and posts;
- (7) to institute and award Fellowships, Scholarships, Exhibitions, Medals, and Prizes in accordance with the Statutes and the Ordinances;
- (8) to maintain Colleges and Halls and to recognise Colleges and Halls not maintained by the University;
- (9) to demand and receive such fees as may be prescribed in the Ordinances;
- (10) to supervise and control the residence and discipline of students of the University and to make arrangements for promoting their health and general welfare; and
- (11) to do all such other acts and things, whether incidental to the powers aforesaid or not as may be requisite in order to further the object of the University as a teaching and examining body, and to cultivate and promote arts, science, and learning.

5. The University shall be open to all persons of either sex and of whatever race, creed, or class, and it shall not be lawful for the University to adopt or impose on any person any test what-
University open to all classes, castes and creeds.

soever of religious belief or profession in order to entitle him to be admitted thereto as a teacher or student, or to hold any office therein, or to graduate thereat, or to enjoy or exercise any privilege thereof except where such test is specially prescribed by the Statutes, or, in respect of any particular benefaction accepted by the University where such test is made a condition thereof by any testamentary or other instrument creating such benefaction:

Provided that nothing in this Section shall be deemed to prevent religious instruction being given in the manner prescribed by the Ordinances to those not unwilling to receive it by persons (whether teachers of the University or not) approved for that purpose by the Executive Council.

Teaching of
the
University.

6. (1) All recognized teaching in connection with the University courses shall be conducted by the University and shall include lecturing work in laboratories or workshops, and other teaching conducted in the University by the Professors, Readers, Lecturers, and other teachers thereof in accordance with any syllabus prescribed by the Regulations.

(2) The authorities responsible for organising such teaching shall be prescribed by the Statutes.

(3) The courses and curricula shall be prescribed by the Ordinances and the Regulations.

(4) In addition to recognised teaching, tutorial and other supplementary instruction shall be given in the University, or under the control of the University, in Colleges and Halls.

(5) It shall not be lawful for the University to conduct courses or maintain classes for the

purposes of preparing students for admission to the University.

7. (1) The Provincial Government shall have Visitation. the right to cause an inspection to be made by such person or persons as it may direct of the University, its buildings, laboratories, workshops and equipment, and of any institutions associated with the University, and also of the examinations, teaching and other work conducted or done by the University, and to cause an enquiry to be made in like manner in respect of any matter connected with the University.

The Provincial Government shall in every case give notice to the University of its intention to cause an inspection or inquiry to be made, and the University shall be entitled to be represented thereat.

(2) The Provincial Government shall communicate to the Court and to the Executive Council its views with reference to the results of any such inspection or enquiry, and shall after ascertaining the opinion of the Executive Council thereon, advise the University upon the action to be taken.

(3) The Executive Council shall report to the Provincial Government the action, if any, which is proposed to be taken or has been taken upon the results of the inspection or inquiry.

Such report shall be submitted within such time as the Provincial Government may direct through the Court, which may express its opinion thereon.

(4) Where the Executive Council do not, within a reasonable time, take action to the satisfaction of the Provincial Government, the Provincial Government may, after considering any ex-

planation furnished or representation made by the Executive Council, issue such directions as it may think fit, and the Executive Council shall comply with those directions.

- (i) the maintenance of a register of registered graduates; and
- (j) all matters which, by this Act, are to be or may be prescribed by the Statutes.

Statutes how made. 28. (1) The first Statutes shall be those set out in the schedule.

(2) The Statutes may be amended, repealed, or added to by Statutes made by the Court in the manner hereinafter appearing.

(3) The Executive Council may propose to the Court the draft of any Statutes to be passed by the Court. Such draft shall be considered by

the Court at its next meeting. The Court may approve such draft and pass the Statutes or may reject it or return it to the Executive Council for re-consideration, either in whole or in part, together with any amendments which the Court may suggest.

(4) Where any Statute has been passed or a draft of a Statute has been rejected by the Court, it shall be submitted to the Chancellor, who may refer the Statute or draft back to the Court for further consideration, or, in the case of a Statute passed by the Court, assent thereto or withhold his assent. A Statute passed by the Court shall have no validity until it has been assented to by the Chancellor.

(5) The Executive Council shall not propose the draft of any Statutes affecting the status, powers, or constitution of any Authority of the University until such Authority has been given an opportunity of expressing an opinion upon the proposal. Any opinion so expressed shall be in writing and shall be considered by the Court, and shall be submitted to the Chancellor.

29. Subject to the provisions of the Act and the Statutes, the Ordinances may provide for all or any of the following matters, namely:—

Ordinances.

- (a) the admission of students to the University;
- (b) the courses of study to be prescribed for all degrees and diplomas of the University;
- (c) the conditions under which students shall be admitted to the degree or diploma courses and to the examinations of the University and shall be eligible for degrees and diplomas;

- (d) the conditions of residence of the students of the University, the levying of fees for residence in Colleges and Halls, and the recognition of Colleges and Halls not maintained by the University;

- (j) the conditions and mode of appointment and duties of examiners and the conduct of examinations; and
- (k) all matters which by this Act or the Statutes are to be or may be provided for by the Ordinances.

Ordinances
how made.

30. (1) Save as otherwise provided in this Section, Ordinances shall be made by the Executive Council:

Provided that no Ordinance shall be made—

- (a) affecting the admission of students, or prescribing examinations to be recognized as equivalent to the University examinations or the further qualifications mentioned in sub-section (2) of Section 34 for admission to the degree courses of the University, unless a draft of the same has been proposed by the Academic Council, or

- (b) affecting the conditions and mode of appointment and duties of Examiners and the conduct or standard of examinations or any course of study except in accordance with a proposal of the Faculty or Faculties concerned, and unless a draft of such Ordinance has been proposed by the Academic Council, or
- (c) affecting the number, qualifications, and emoluments of teachers of the University unless a draft of the same has been proposed by the Academic Council, or
- (d) affecting the conditions of residence of students, except after consultation with the Residence, Health, and discipline Board.

(2) The Executive Council shall not have power to amend any draft proposed by the Academic Council under sub-section (1), but may reject it or return it to the Academic Council for re-consideration either in whole or in part together with any amendments which the Executive Council may suggest

(3) All Ordinances made by the Executive Council shall be submitted, as soon as may be, to the Chancellor and the Court and shall be considered by the Court at its next meeting. The Court shall have power, by a resolution passed by a majority of not less than two-thirds of the members present at such meeting, to cancel any such Ordinance and such Ordinance shall, from the date of such resolution, be void.

(4) The Chancellor may, at any time after any Ordinance has been considered by the Court, signify to the Executive Council his disallowance of such Ordinance, and from the date of receipt by the Executive Council of intimation of such disallowance, such Ordinance shall become void.

(5) The Chancellor may direct that the operation of any Ordinance shall be suspended until he has had an opportunity of exercising his power of disallowance. An order of suspension under this sub-section shall cease to have effect on the expiration of one month from the date of such order, or on the expiration of fifteen days from the date of consideration of the Ordinance by the Court, whichever period expires later.

(6) Where the Executive Council has rejected the draft of an Ordinance proposed by the Academic Council, the Academic Council may appeal to the Chancellor who, after obtaining the views of the Executive Council may, if he approves the draft, make the Ordinance. An Ordinance made under this sub-section shall cease to have effect from the date of the next meeting of the Court unless confirmed by it.

Regulations

31. (1) The authorities and the Boards of the University may make Regulations consistent with this Act, the Statutes, and the Ordinances—

- (a) laying down the procedure to be observed at their meetings and the number of members required to form a quorum;
- (b) providing for all matters which by this Act, the Statutes, or the Ordinances are to be prescribed by Regulations; and
- (c) providing for all other matters solely concerning such authorities and Boards and not provided for by this Act, the Statutes, and the Ordinances.

(2) Every authority of the University shall make Regulations providing for the giving of notice to the members of such authority, of the dates of meetings and of the business to be considered at meetings and of the keeping of a record of the proceedings of meetings.

(3) The Executive Council may direct the amendment in such manner as it may specify, of any Regulation made under this Section or the annulment of any Regulation made under subsection (1):

Provided that any authority or Board of the University which is dissatisfied with any such direction may appeal to the Chancellor, who, after obtaining the views of the Executive Council, may pass such orders as he thinks fit.

RESIDENCE, COLLEGES AND HALLS.

32. Every student of the University shall reside in a College or Hall, or under such conditions as may be prescribed by the Statutes and the Ordinances. Residence.

33. (1) Colleges and Halls, maintained by the University, shall be such as may be named by the Statutes. Colleges and Halls.

(2) Colleges and Halls other than those maintained by the University shall be recognized by the Executive Council on such general or special conditions as may be prescribed by the Ordinances.

(3) The conditions of residence in Colleges and Halls shall be prescribed by the Ordinances and every College or Hall shall be subject to inspection by any member of the Residence, Health, and Discipline Board, authorized in this behalf by the Board and by any officer of the University authorized in this behalf by the Executive Council.

(4) The Executive Council shall have power to suspend or withdraw the recognition of any College or Hall which is not conducted in accordance with the conditions prescribed by the Ordinances:

Provided that no such action shall be taken without affording the Committee of Management of such College or Hall an opportunity of making such representation as it may deem fit.

ADMISSION AND EXAMINATIONS.

Admission
to
University
Courses.

34. (1) Admission of students to the University shall be made by an Admission Committee including at least one Principal and one Provost appointed for that purpose by the Academic Council.

(2) Students shall not be eligible for admission to a course of study for a degree unless they have passed the Intermediate examination of an Indian University incorporated by any law, for the time being in force, or an examination recognized in accordance with the provisions of this Section as equivalent thereto and possess such further qualifications (if any) as may be prescribed by the Ordinances:

Provided that until such recognized examination be established, students who have passed an examination for admission instituted by the University in accordance with the Ordinances shall be eligible for admission.

(3) The conditions under which students may be admitted to the diploma courses of the University shall be prescribed by the Ordinances.

(4) The University shall not, save with the previous sanction of the Provincial Government, recognize (for the purpose of admission to a course of study for a degree), as equivalent to its own degree, any degree conferred by any other University or, as equivalent to the Intermediate examination of an Indian University, any examination conducted by any other authority.

35. (1) All arrangements for the conduct of examinations shall be made by the Academic Council, in such manner as may be prescribed by this Act and the Ordinances. Examinations.

(2) If any examiner is for any cause incapable of acting as such, the Vice-Chancellor shall appoint an Examiner to fill the vacancy.

(3) At least one Examiner who is not a member of the University shall be appointed for each subject included in a Department of teaching and forming part of the course which is required for a University degree.

(4) The Academic Council shall appoint committees, consisting of members of its own body or of other persons or of both as it thinks fit, to moderate examination questions and to report the results of the examinations to the Executive Council for publication.

ANNUAL REPORT AND ACCOUNTS.

36. The Annual Report of the University shall be prepared under the direction of the Executive Council and shall be submitted to the Court on or before such date as may be prescribed by the Statutes and shall be considered by the Court at its annual meeting. The Court may pass resolutions thereon and communicate the same to the Executive Council which shall take them into consideration and take such action thereon as it thinks fit. Annual Report.

37. (1) The annual accounts and balance-sheet of the University shall be prepared under the direction of the Executive Council, and shall be submitted to the Local Government for the purpose of audit. Annual Accounts.

(2) The accounts, when audited, shall be published by the Executive Council in the **Gazette**, and copies thereof shall, together with copies of the audit report, if any, be submitted to the Court and to the Local Government.

(3) The Executive Council shall also prepare before such date as may be prescribed by the Statutes, a statement of the financial estimates for the ensuing year.

(4) Every item of new expenditure of or above such amount as may be prescribed by the Statutes which it is proposed to include in the financial estimates shall be referred by the Executive Council to the Committee of Reference, which may make recommendations thereon.

(5) The Executive Council shall, after considering the recommendations (if any) of the Committee of Reference, submit the financial estimates as finally approved by it to the Court with such recommendation.

(6) The annual accounts and the financial estimates shall be considered by the Court at its annual meeting and the Court may pass resolutions with reference thereto and communicate the same to the Executive Council, which shall take them into consideration and take such action thereon as it thinks fit:

Provided that where there has been a disagreement between the Executive Council and the Committee of Reference upon any item of expenditure referred to it under sub-section (4) the decision of the Court thereon shall be final.

SUPPLEMENTARY PROVISIONS.

38. The Chancellor may on the recommendation of not less than two-thirds of the members of the Executive Council, remove the name of any person from any of the authorities or other bodies of the University or from the register of registered graduates.

Removal of name from University authorities or bodies or from register of registered graduates.

39. If any question arises whether any person has been duly elected or appointed as, or is entitled to be, a member of any authority or other body of the University, the matter shall be referred to the Chancellor whose decision thereon shall be final.

Disputes as to constitution of University authorities and bodies.

40. Where any authority of the University is given power by this Act or the Statutes to appoint committees, such committees shall, unless otherwise provided, consist of members of the authority concerned and of such other persons (if any) as the authority in each case may think fit.

Constitution of Committees

41. All casual vacancies among the members (other than *ex-officio* members) or any authority or other body of the University shall be filled as soon as conveniently may be by the person or body who appointed, elected, or co-opted the member whose place has become vacant, and the person appointed, elected, or co-opted to a casual vacancy shall be a member of such authority or body for the residue of the term for which the person whose place he fills would have been a member.

CHAPTER I.

THE UNIVERSITY.

(1) The first Chancellor and Vice-Chancellor of the University and the first members of the Court, the Executive Council, and the Academic Council and all persons who may hereafter become such officers or members, so long as they continue to hold such office or membership, are hereby constituted a body corporate by the name of the University of Lucknow. Section 3 of
the Act.

(2) The University shall have perpetual succession and a common Seal, and shall sue and be sued by the said name.

The University shall have the following powers namely:— Section 4 of
the Act.

- (1) to provide for instruction in such branches of learning as the University may think fit and to make provision for research and for the advancement and dissemination of knowledge;
- (2) to hold examinations and to grant and confer degrees and other academic distinctions to and on persons who—
 - (a) shall have pursued a course of study in the University, or
 - (b) are teachers in educational institutions, under conditions prescribed in the Ordinances and Regulations and shall have passed examinations of the University, under like conditions;
- (3) to confer honorary degrees or other distinctions on approved persons in the manner prescribed in the Statutes;
- (4) to provide such lectures and instructions for, and to grant such diplomas to, per-

- sons not being members of the University, as the University may determine;
- (5) to co-operate with other Universities and authorities in such manner and for such purposes as the University may determine;
 - (6) to institute Professorships, Readerships, Lecturerships and any other teaching posts required by the University, and to appoint persons to such Professorships, Readerships, Lecturerships, and posts;
 - (7) to institute and award Fellowships, Scholarships, Exhibitions, Medals, and Prizes in accordance with the Statutes and the Ordinances;
 - (8) to maintain Colleges and Halls and to recognize Colleges and Halls not maintained by the University;
 - (9) to demand and receive such fees as may be prescribed in the Ordinances;
 - (10) to supervise and control the residence and discipline of students of the University and to make arrangements for promoting their health and general welfare; and
 - (11) to do all such other acts and things, whether incidental to the powers aforesaid or not as may be requisite in order to further the objects of the University as a teaching and examining body and to cultivate and promote arts, science, and learning.

Section 5 of
the Act.

The University shall be open to all persons of either sex and of whatever race, creed, or class and it shall not be lawful for the University to adopt or impose on any person any test whatsoever of religious belief or profession in order to entitle him to be admitted thereto as a teacher or student

or to hold any office therein or to graduate thereat or enjoy or exercise any privilege thereof, except where such test is specially prescribed by the Statutes, or, in respect of any particular benefaction accepted by the University where such test is made a condition thereof by any testamentary or other instrument creating such benefaction:

Provided that nothing in this Section shall be deemed to prevent religious instruction being given in the manner prescribed by the Ordinances to those not unwilling to receive it by persons (whether teachers of the University or not) approved for that purpose by the Executive Council.

(1) All recognized teaching in connection with the University courses shall be conducted by the University and shall include lecturing, work in laboratories or workshops, and other teaching conducted in the University by the Professors, Readers, Lecturers, and other teachers thereof in accordance with any syllabus prescribed by the Regulations. Section 6 of the Act.

(2) The authorities responsible for organizing such teaching shall be prescribed by the Statutes.

(3) The courses and curricula shall be prescribed by the Ordinances and the Regulations.

(4) In addition to recognized teaching, tutorial and other supplementary instruction shall be given in the University, or, under the control of the University, in Colleges and Halls.

(5) It shall not be lawful for the University to conduct courses or maintain classes for the purposes of preparing students for admission to the University.

7. (1) The Provincial Government shall have the right to cause an inspection to be made by such person or persons as it may direct of the Univer- Section 7 of the Act.

sity, its buildings, laboratories, workshops and equipment and of any institutions associated with the University and also of the examinations, teaching and other work conducted or done by the University, and to cause an enquiry to be made in like manner in respect of any matter connected with the University.

The Provincial Government shall in every case give notice to the University of its intention to cause an inspection or inquiry to be made, and the University shall be entitled to be represented thereat.

(2) The Provincial Government shall communicate to the Court and to the Executive Council its view with reference to the results of any such inspection or enquiry, and shall after ascertaining the opinion of the Executive Council thereon, advise the University upon the action to be taken.

(3) The Executive Council shall report to the Provincial Government the action, if any, which is proposed to be taken or has been taken upon the result of the inspection or inquiry.

Such report shall be submitted within such time as the Provincial Government may direct through the Court which may express its opinion thereon.

(4) Where the Executive Council do not, within a reasonable time, take action to the satisfaction of the Provincial Government, the Provincial Government may, after considering any explanation furnished or representation made by the Executive Council, issue such directions as it may think fit, and the Executive Council shall comply with those directions.

Save as otherwise provided in this Act, the powers of the University conferred by or under this Act, shall not extend beyond a radius of ten miles from the Convocation Hall of the University. Notwithstanding anything in any other law for the time being in force, no educational institution beyond that limit shall be associated with or admitted to any privileges of the University and no educational institution within that limit, save with the sanction of the Chancellor, shall be associated in any way with, or seek admission to, any privileges of any other University incorporated by law in British India, and any such privileges granted by any such other University to any educational institution within that limit, prior to the commencement of the Act, shall be deemed to be withdrawn on the commencement of this Act:

Section 46
of the Act.

Provided that, subject to the sanction of the Local Government, nothing in this Section shall apply to any agricultural or other technical institution established and maintained by the University.

CHAPTER II.

THE CHANCELLOR.

(1) The Chancellor shall be the Governor of the United Provinces. He shall by virtue of his office be the head of the University and the President of the Court, and shall, when present, preside at meetings of the Court and at any Convocation of the University.

Section 9 of
the Act.

(2) The Chancellor shall have such powers as may be conferred on him by this Act or the Statutes.

(3) Every proposal for the conferment of an honorary degree shall be subject to the confirmation of the Chancellor.

Section 10 of the Act. (1) The Vice-Chancellor shall be appointed by the Chancellor after consideration of the recommendations of the Executive Council, and shall hold office for such term and subject to such conditions as may be prescribed by the Statutes.

(2) Where any temporary vacancy in the office of the Vice-Chancellor occurs by reason of leave, illness, or other cause, the Executive Council shall as soon as possible, subject to the approval of the Chancellor, make such arrangements for carrying on the office of the Vice-Chancellor as it may think fit. Until such arrangements have been made the Registrar shall carry on the current duties of the office of the Vice-Chancellor.

Section 12 of the Act. (1) The Treasurer shall be appointed by the Chancellor after consideration of the recommendations of the Executive Council upon such conditions and for such period, and shall receive such remuneration (if any) from the funds of the University as the Executive Council shall deem fit.

(2) Where any temporary vacancy in the office of the Treasurer occurs by reason of leave, illness or other cause the Executive Council shall forthwith, subject to the approval of the Chancellor make such arrangements for carrying on the office of the Treasurer as it may think fit.

Section 16 of the Act. (1) The Court shall consist of the following persons, namely:—

Class III.—Other Members.

Section 30
of the Act.

(3) All Ordinances made by the Executive Council shall be submitted as soon as may be, to the Chancellor and the Court and shall be considered by the Court at its next meeting. The Court shall have power, by a resolution passed by a majority of not less than two-thirds of the members present at such meeting, to cancel any such Ordinance and such Ordinance shall, from the date of such resolution, be void.

Ordinances
how made.

(4) The Chancellor may, at any time after any Ordinance has been considered by the Court, signify to the Executive Council his disallowance of

such Ordinance, and from the date of receipt by the Executive Council of intimation of such disallowance, such ordinance shall become void.

(5) The Chancellor may direct that the operation of any Ordinance shall be suspended until he has had an opportunity of exercising his power of disallowance. An order of suspension under this sub-section shall cease to have effect on the expiration of one month from the date of such order, or on the expiration of fifteen days from the date of consideration of the Ordinance by the Court, whichever period expires later.

(6) Where the Executive Council has rejected the draft of an Ordinance proposed by the Academic Council, the Academic Council may appeal to the Chancellor who, after obtaining the views of the Executive Council may, if he approves the draft, make the Ordinance. An Ordinance made under this sub-section shall cease to have effect from the date of the next meeting of the Court unless confirmed by it.

**Section 31
of the Act.
Regulations**

(1) The authorities and the Boards of the University may make Regulations consistent with this Act, the Statutes, and the Ordinances—

(3) The Executive Council may direct the amendment in such manner as it may specify, of any Regulation made under this Section or the annulment of any Regulation made under sub-section (1):

Provided that any authority or Board of the University which is dissatisfied with any such direction may appeal to the Chancellor, who, after

obtaining the views of the Executive Council, may pass such orders as he thinks fit.

The Chancellor may on the recommendation of not less than two-thirds of the members of the Executive Council, remove the name of any person from any of the authorities or other bodies of the University or from the register of registered graduates. Section 38
of the Act.

If any question arises whether any person has been duly elected or appointed as, or is entitled to be, a member of any authority or other body of the University, the matter shall be referred to the Chancellor whose decision thereon shall be final. Section 39
of the Act.

Any dispute arising out of a contract between the University and any officer or teacher of the University shall, on the request of the officer or teacher concerned, be referred to a Tribunal of Arbitration consisting of one member appointed by the Executive Council, one member nominated by the officer or teacher concerned, and an umpire appointed by the Chancellor. The decision of the Tribunal shall be final and no suit shall lie in any Civil Court in respect of the matters decided by the Tribunal. Every such request shall be deemed to be a submission to Arbitration upon the terms of this section within the meaning of the Indian Arbitration Act, 1899, and all the provisions of that Act, with the exception of Section 2 thereof, shall apply accordingly. Section 44
of the Act.

Save as otherwise provided in this Act, the powers of the University conferred by or under this Act shall not extend beyond a radius of ten miles from the Convocation Hall of the University. Notwithstanding anything in any other law for the time being in force, no educational institution beyond that limit shall be associated with Section 46
of the Act.

or admitted to any privileges of the University and no educational institution within that limit, save with the sanction of the Chancellor, shall be associated in any way with or seek admission to any privileges of any other University incorporated by law in British India, and any such privileges granted by any such other University to any educational institution within that limit prior to the commencement of this Act shall be deemed to be withdrawn on the commencement of this Act:

Provided that, subject to the sanction of the Local Government, nothing in this section shall apply to any agricultural or other technical institution established and maintained by the University.

Statute 2. (5) The number of persons to be appointed as members of the Court by the Chancellor shall be twenty.

(iii)	*	*	*	*
(iv)	*	*	*	*

- (v) One member possessing expert knowledge in one of the subjects comprised in the Faculty, who shall not be an Officer or teacher of the University, appointed by the Chancellor.

(2) Committees of Selection appointed under sub-clause (1) shall report to the Executive Council which shall, if it accepts the nomination of the Committee, make the appointment to the post accordingly. If the Executive Council does not accept the nomination of the Committee, it shall refer the case back to the Selection Committee for re-consideration. If, after receipt of the second report of the Committee, the Executive Council does not accept the recommendation of the Committee, it shall refer the case to the Chancellor, who shall make such appointment as he thinks fit.

Statute 18.
Committee
of Selection
in the
United
Kingdom.

(1) Where the Executive Council desires to engage a Professor in the United Kingdom to fill a vacant Professorship such Professorship may be filled on the nomination of a Committee of Selection constituted for the purpose in the United Kingdom.

(2) Committee of Selection referred to in sub-clause (1) shall be constituted as follows, namely:—

(i) * * * *

(ii) * * * *

(iii) One member appointed by the Chancellor.

(3) The Executive Council shall consider the report of the Committee of Selection constituted under sub-clause (2) and shall, if it accepts the nomination of the Committee, make the appointment to the post accordingly. If the Executive Council does not accept the nomination of the

Committee, it shall refer the case to the Chancellor who shall make such appointment as he thinks fit.

Where any person from India pursuing a course of study at any institution outside India is, on account of the prevailing war conditions, unable to continue it at such institution, he may, notwithstanding anything to the contrary contained in any Ordinances or Regulations, be admitted under the provisions of the Act to the University during the period of the war, and the University may grant and confer any degree and (or) other academic distinction to and on such person after he has pursued such course of study in the University and passed such examination and on such further conditions as the Faculty concerned may, having regard to the courses of study pursued and the work done by such person outside India, determine subject to the control of the Academic Council and the approval of the Chancellor. Ordinance.

Provided that no person admitted to the benefit of this Ordinance shall obtain a degree or other academic distinction sooner than he would have obtained it if he had diligently pursued a normal course of study in India.

CHAPTER III.

THE VICE-CHANCELLOR.

Section 10
of the Act. (1) The Vice-Chancellor shall be appointed by the Chancellor, after consideration of the recommendations of the Executive Council, and shall hold office for such term and subject to such conditions as may be prescribed by the Statutes.

(2) Where any temporary vacancy in the office of the Vice-Chancellor occurs by reason of leave, illness, or other cause the Executive Council shall, as soon as possible, subject to the approval of the Chancellor, make such arrangements for carrying on the office of the Vice-Chancellor as it may think fit. Until such arrangements have been made the Registrar shall carry on the current duties of the office of the Vice-Chancellor.

Section 11
of the Act. (1) The Vice-Chancellor shall be a whole-time officer of the University. He shall be the principal executive and academic officer of the University, and shall, in the absence of the Chancellor, preside at meetings of the Court and at any Convocation of the University. He shall be an *ex-officio* member and Chairman of Executive Council and of the Academic Council, and shall be entitled to be present and to speak at any meeting of any authority or other body of the University, but shall not be entitled to vote thereat unless he is a member of the authority or body concerned.

(2) It shall be the duty of the Vice-Chancellor to see that this Act, the Statutes, and the Ordinances are faithfully observed, and he shall have all powers necessary for this purpose.

(3) The Vice-Chancellor shall have power to convene meetings of the Court, of the Executive Council, and of the Academic Council, provided

that he may delegate this power to any other officer of the University.

(4) (a) In any emergency which, in the opinion of the Vice-Chancellor, requires that immediate action should be taken, the Vice-Chancellor shall take such action as he deems necessary, and shall at the earliest opportunity thereafter report his action to the officer, authority or other body who or which in the ordinary course would have dealt with the matter.

(b) When action taken by the Vice-Chancellor under sub-clause (a) affects any person in the service of the University, such person shall be entitled to prefer an appeal to the said officer, authority, or other body within fifteen days from the date on which such action is communicated to him.

(5) The Vice-Chancellor shall give effect to the orders of the Executive Council regarding the appointment, dismissal, and suspension of the officers and teachers of the University and shall exercise general supervision over the educational arrangements of the University. He shall be responsible for the discipline of the University in accordance with this Act, the Statutes, and the Ordinances.

(6) The Vice-Chancellor shall exercise such other powers as may be prescribed by the Statutes and the Ordinances.

(1) The Vice-Chancellor shall hold office for a period of three years and shall ordinarily reside in Lucknow. **Statute 29.**

(2) He shall receive such remuneration from the funds of the University as the Executive Council shall deem fit.

(3) He shall be entitled to such leave and shall enjoy such other privileges as the Executive Council may determine.

Ordinance. The Vice-Chancellor shall have power to constitute such Committees as he may deem advisable to help him in his duties as the principal executive and academic officer of the University.

CHAPTER IV.

THE TREASURER.

Section 12
of the Act.

(1) The Treasurer shall be appointed by the Chancellor, after consideration of the recommendation of the Executive Council, upon such conditions and for such period, and shall receive such remuneration (if any) from the funds of the University as the Executive Council shall deem fit.

(2) Where any temporary vacancy in the office of the Treasurer occurs by reason of leave, illness, or other cause the Executive Council shall forthwith, subject to the approval of the Chancellor, make such arrangement for carrying on the office of the Treasurer as it may think fit.

(3) The Treasurer shall exercise general supervision over the funds of the University, and shall advise in regard to its financial policy.

(4) He shall be an **ex-officio** member of the Executive Council, and shall, subject to the control of the Executive Council manage the property and investments of the University. He shall be responsible for the presentation of the annual estimates and statement of accounts.

(5) Subject to the powers of the Executive Council, he shall be responsible for seeing that all

moneys are expended on the purpose for which they are granted or allotted.

(6) All contracts shall be signed by the Treasurer on behalf of the University.

(7) He shall exercise such other powers as may be prescribed by the Statutes and the Ordinances.

(1) The Treasurer, as the Chairman of the Finance Committee, shall ordinarily hold a meeting of the Finance Committee once every term, on dates to be fixed by him. Ordinances.

(2) The Accounts staff will, for the purposes of performing their duties as such, be under the control of the Treasurer, who will have the power to regulate their duties, and will have also the power to initiate any action so far as their appointments, dismissals, suspension, or other punishment is concerned.

The Treasurer may, subject to the previous approval of the Vice-Chancellor, appoint, suspend, dismiss, or otherwise punish the clerical and menial staff of the Central Accounts Office:

Provided that all action taken under this shall be reported to the Executive Council for approval.

(3) All matters relating to income and expenditure of the University in the various departments, not specially provided for in the Budget, which require reference to the Executive Council, shall pass through the Treasurer, whose opinion on such matters shall be recorded and considered by the Vice-Chancellor before they are submitted to the Executive Council.

(4) All objections and instructions arising out of examination by the Treasurer of the accounts of various departments shall be communi-

cated to the Heads of Departments, who should pay their earliest attention to them, and if any objections of the Treasurer remain unattended to beyond a reasonable period, he shall report such cases to the Vice-Chancellor.

(5) When the Treasurer objects to any payment, the case shall be submitted to the Vice-Chancellor for orders of the Executive Council.

(6) The Treasurer, being responsible for the preparation of budget estimates, will be competent to call upon the Heads of Departments to submit such information as may be necessary for the preparation of the budget on or before a certain date to be fixed by him and such information shall be supplied to him as far as possible on or before the due date.

(7) The opinion of the Treasurer shall be obtained on all contracts for amounts not less than Rs. 1,000 relating to matters which are not specifically assigned to any particular authority or body.

(8) All salary cheques and other cheques up to Rs. 1,000, the payment whereof has been passed by the Treasurer, shall be signed by the Registrar. Other cheques above Rs. 1,000 shall be signed by the Treasurer. In the absence of the Treasurer, cheques may be signed by the Vice-Chancellor.

CHAPTER V.

THE REGISTRAR.

The Registrar shall be a whole-time officer of the University, and shall act as Secretary of the Court, of the Executive Council, and of the Academic Council. He shall exercise such powers and perform such duties as may be prescribed by the Statutes and the Ordinances. Section 13
of the Act.

1. The duties of the Registrar shall be as follows:— Ordinances.

- (a) To be the custodian of the records, documents and the Common Seal and such other property of the University as may be determined from time to time by the Vice-Chancellor and the Treasurer;
- (b) to act as Secretary of all University authorities, and to keep the minutes thereof, provided that he may depute the Assistant Registrar to attend and keep the minutes of the meetings of such University authorities as he cannot conveniently attend himself;
- (c) to arrange for and superintend the examinations of the University at Lucknow; and
- (d) to perform such other functions as may be necessary for the due discharge of his duties as Registrar.

2. The Registrar may, subject to the previous approval of the Vice-Chancellor, appoint, suspend, dismiss, or otherwise punish the clerical and menial staff of the University Office, provided that all action taken in the exercise of such power shall be reported to the Executive Council for its formal sanction; provided also that the Registrar shall, so far as the Accounts Office is concerned, act under the directions of the Treasurer.

CHAPTER VI.

THE DEANS.

Section 23
(3) of the
Act.

There shall be a Dean of each Faculty, who shall be elected in the manner laid down in sub-section (5) and shall be responsible for the due observance of the Statutes, Ordinances, and Regulations relating to the Faculty.

Section 23
(5) of the
Act.

The Deans of Faculties shall be elected by the Faculty from among the Heads of Departments of the Faculty. The Dean shall receive in respect of his duties as Dean such additional remuneration (if any) as shall be fixed by the Executive Council and shall hold office as Dean for such term as may be prescribed by the Statutes.

Statute 11.

1. The Dean of the Faculty shall be the executive officer of the Faculty, and shall preside at its meetings. He shall hold office for three years:

Provided that in case he is absent on leave for a period exceeding three months, his place may be temporarily filled up for the period of his absence by a fresh election.

2. He shall issue the lecture lists of the University in the Departments comprised in the Faculty and shall be responsible for the conduct of teaching therein.

3. He shall have the right to be present and to speak at any meeting of any Committee of the Faculty but not to vote unless he is a member of the Committee.

CHAPTER VII.

THE PROCTOR.

(1) There shall be the following officers, Statute 16

(3) The number of graduates to be elected as members of the Court by the Registered Graduates from their own body shall be not more than five per cent of the total number of registered graduates on the first of October of any particular year, subject to a minimum of twenty and a maximum of thirty.

(4) The number of persons to be elected as members of the Court by the teachers other than Professors and Readers from their own body shall be twenty.

(5) The number of persons to be appointed as members of the Court by the Chancellor shall be twenty.

(6) The number of persons to be elected as members of the Court by associations or other bodies approved in this behalf by the Chancellor shall not exceed ten.

(7) Thirty persons shall be elected from their own body as members of the Court by donors of a sum of not less than five hundred rupees but less than twenty thousand rupees to or for the purposes of the University.

(8) Save as otherwise provided, members of the Court other than *ex.officio* members, shall hold office for a period of three years:

Provided that teachers elected under head (iii) of Class III of sub-section (1) of Section 16 shall hold office so long only within the said period as they continue to be teachers.

Regarding the mode of election of 30 members of the Court by the Registered Graduates from their own body, under Section 16(1), Class III (ii) of the Act and Statute 2(3) of the Schedule. Ordinances.

1. The election of members to the Court by the registered graduates in any particular year shall take place between the 1st of October and the 31st of December and no graduate shall be qualified to vote at this election unless his application for registration has been submitted on or before the 1st of October in that particular year.

2. The Registrar shall maintain in his office a Register of Graduates in such form as may be prescribed by Regulations made in this behalf by the Executive Council.

Every graduate whose name is entered in the

said Register shall be entitled to vote at the election of members of the Court under Section 16 (1), Class III (ii) of the Act and Statute 2 (3) of the Schedule.

3. Whenever there is any vacancy in the Court for election the Registrar shall cause a notice to be issued to each elector showing the number of such vacancies together with the names of vacating members, and call on the Registered Graduates to submit nominations within ten days of the posting of the notice.

Every elector has the option of nominating candidates for the vacancies but the number of candidates so nominated by an elector shall not exceed the number of vacancies.

4. Every nomination paper shall be signed by a proposer and a seconder and shall bear the assent of the candidate (or candidates) nominated for election. Nomination papers shall be delivered to the Registrar in closed covers either in person by electors or through registered post within the time mentioned in the notice.

5. The Registrar shall open the envelopes at the time and date fixed for the purpose, in the presence of such electors as may be present and prepare a list of valid nominations.

6. Within one week of the date referred to in Ordinance No. 4 the Registrar shall send out to each elector by post, a copy of the voting paper, containing the list of valid nominations and stating the time and date on or before which it must be returned in a closed cover, either in person by an elector, or through registered post. The date thus specified shall not be less than 14 days from the date of posting of the voting paper.

7. The elector shall put up a cross mark X

against the name (or names) of the person (or persons) for whom he votes and signs the voting paper.

8. Each elector may vote for as many persons as there are vacancies but he shall not be entitled to give more than one vote to each person.

9. The Registrar shall provide for the custody of such voting papers which shall be kept in the closed covers unopened until the time and date fixed for the scrutiny of such voting papers. Due notice of such time and date as also the place of scrutiny shall be given by the Registrar to all the voters who shall have a right to be present during the scrutiny. On the said day the Registrar shall open the said covers and scrutinize them in the presence of a committee of 9 persons appointed by the Vice-Chancellor for that purpose. The members of the Committee present during the scrutiny may help in preparing a return of the votes obtained by each person.

10. The person or persons who have obtained the highest number of votes shall be declared to have been duly elected to fill up the vacancy or vacancies.

11. Where two or more persons have obtained an equal number of votes and the vacancies available are less in number the Registrar shall report the case to the Vice-Chancellor, who shall on a date and time to be appointed, determine, by drawing lots in such manner as he may consider advisable which of the aforesaid persons shall be deemed to have been elected.

12. All objections to the voting papers, or the decisions of the Registrar on any point may, at once, be referred by the persons aggrieved to the Vice-Chancellor, whose order in such matters shall be final.

13. No election shall be deemed to be invalid by reason of the notice or the voting paper posted to any elector being not delivered to him for any reason by the Postal Department.

(For Registration of Graduates see Chapter XXVIII).

Ordinances.

Regarding the mode of election of 30 members of the Court by the donors from their own body under Section 16(1), Class III(vi) of the Act and Statute 2(7) of the Schedule.

1. The election of members of the Court by the donors in any particular year shall be held between the 1st of January and 31st of March, and no donor shall be qualified to vote at this election unless his donation is paid into the University on or before the 31st December of that particular year.

2. The Registrar shall keep in his office a list showing the names and addresses of all donors of a sum of not less than five hundred rupees but less than twenty thousand rupees, to or for the purposes of the University.

Every person whose name is entered in the said list shall be entitled to vote at the election of members of the Court under Section 16(1), Class III(vi) of the Act and Statute 2(7) of the Schedule.

3. In any year in which the election is to be held, the Registrar shall correct the addresses in the month of December preceding the election by reference to the donors, as far as possible.

4. Where the donors of the sum specified above are more persons than one, who constitute a joint family or a partnership firm or a company, or corporation, the Registrar shall call upon such donors to elect, within a time to be fixed by him,

one of their numbers to represent and act for them in voting at the election. If such donors fail to elect and notify the name and address of the person so elected by them, within the time specified in the notice or within such further period of time as may be allowed by the Registrar, or are unable to agree as to the person who should represent them for the purpose of voting at the election, the Registrar shall lay the matter for orders before the Vice-Chancellor who may nominate any one of their number to represent them at the election for the purpose of voting. The orders of the Vice-Chancellor shall be final. The name of the person so elected or nominated to represent such donors, shall be entered in the column of remarks against the names of such donors and for purposes of serving all notices of election, of making nominations of persons to be elected and for voting at the election the persons so noted as the representative of such donors shall be deemed to be the person entitled to act as one of the electors.

5. Where the donor is a minor, or a person suffering from disability, or a ward of the Court, the legal guardian of such persons shall be entitled to act for him at such election as a voter, so long as the minority or disability continues or so long as he is a ward of the Court. Where the same person is not the guardian of the person and property of a minor, the guardian of the property shall be deemed to be the guardian within the meaning of this Ordinance.

6. Whenever there is any vacancy in the Court for election, the Registrar shall cause a notice to be issued, showing the names and addresses of all the registered donors, the number of such vacancies, together with the names of vacating members and call upon the registered donors to submit nominations within fifteen days of the posting of the notice. The name or names

of such donors, if any, who are already members of the Court shall be marked with an asterisk.

Every elector has the option of nominating candidates for the vacancies but the number of candidates so nominated by an elector shall not exceed the number of vacancies.

7. Every nomination paper shall be signed by a proposer and shall be delivered to the Registrar in a closed cover either in person by the proposer or through registered post within the time mentioned in the notice.

8. The Registrar shall open the envelopes at the time and date fixed for the purpose, in the presence of such electors as may be present and prepare a list of valid nominations.

9. Within one week of the date referred to in Ordinance No. 7 (above) the Registrar shall send out to each elector by post, a copy of the voting paper, containing the list of valid nominations and stating the time and date on or before which it must be returned in a closed cover, either in person by an elector, or through registered post. The date thus specified shall not be less than 14 days from the date of posting the voting paper.

10. The elector shall put a cross mark against the name of the person or persons for whom he votes and strike out the name of the persons for whom he does not vote. Such voting paper shall be signed by the elector. A person unable to sign his name may put his seal or mark instead. The seal or mark shall be made in the presence of and be witnessed by not less than two witnesses who shall attest the same. In such case as also in the case of **parda-nashin** ladies, their signatures or seals or marks shall be authenticated by at least two such witnesses before a Magistrate or Judicial

Officer or other persons entitled to attest affidavits for use in a Court of Justice.

11. Each elector may vote for the election of as many persons as there are vacancies but he shall not be entitled to give more than one vote to each person.

12. The Registrar shall provide for the custody of such voting papers which shall be kept in the closed covers unopened until the time and date fixed for the scrutiny of such voting papers. Due notice of such time and date as also the place of scrutiny shall be given by the Registrar to all the voters who shall have a right to be present during the scrutiny. On the said day the Registrar shall open the said covers and scrutinize them in the presence of a committee of 3 persons appointed by the Vice-Chancellor for that purpose. The Registrar shall prepare a return of the votes obtained by each person and such return, when prepared, shall be verified by the members of the Committee present during scrutiny.

13. The person or persons who obtained the highest number of votes shall be declared to have been duly elected to fill up the vacancy or vacancies.

14. Where two or more persons have obtained an equal number of votes and the vacancies available are less in number the Registrar shall report the case to the Vice-Chancellor, who shall on a date and time to be appointed, determine, by drawing lots in such manner as he may consider advisable, which of the aforesaid persons shall be deemed to have been elected.

15. All objections to the voting papers, or the decisions of the Registrar on any point may, at once, be referred by the persons aggrieved to the Vice-Chancellor, whose order in such matters shall be final.

16. No election shall be deemed to be invalid by reason of the notice or the nomination paper or the voting paper posted to any elector being not delivered to him for any reason by the Postal Department.

Ordinances. **Regarding the mode of election of 20 members of the Court by the teachers of the University other than Professors and Readers from their own body, under Section 16(1), Class III(iii) of the Act and Statute 2(4) of the Schedule.**

The mode of election of 20 members of the Court by the teachers of the University other than Professors and Readers from their own body, under Section 16(1), Class III(iii) of the Act and Statute 2(4) of the Schedule, shall be as follows:—

1. Whenever there are one or more vacancies in the Court for election, the Registrar shall cause a notice to be issued and convene a meeting of the teachers of the University other than Professors and Readers. At such meeting the Registrar shall preside but shall not be entitled to vote thereat.

2. The members present shall vote for the person or persons whose names may be proposed at the meeting for election, and the person or persons who have obtained the highest number of votes shall be declared to have been duly elected to fill the vacancy or vacancies.

3. When two or more persons have obtained an equal number of votes and the vacancies available are less in number, votes will be taken a second time for the persons obtaining equal number of votes, and if again the person or persons obtain an equal number of votes, the Registrar shall report the case to the Vice-Chancellor, who shall, on a date and time to be appointed, determine, by drawing lots in such manner as he may consider advisable, which of the aforesaid persons shall be deemed to have been elected.

For the Conduct of the Meeting of the Court.

1. (a) The Registrar shall, not less than Regulations thirty days previous to each annual meeting of the Court, issue to each member a notice stating the time and place of the meeting, and the Annual Report, the Annual Accounts, the Financial Estimates, and any draft Statutes and Ordinances to be considered at the meeting. Provided that if the date fixed for the meeting of the Court is changed to a later date a fresh notice of thirty days shall not be necessary.

Financial estimates shall be accompanied with an explanatory note when there is a disagreement between the Executive Council and the Committee of Reference upon any item of expenditure; the grounds for the decision of each of the two bodies shall be given.

(b) Any member who wishes to propose a resolution at the meeting shall forward the terms of the resolution to the Registrar so as to reach him not later than twenty days before the date fixed for the meeting.

(c) The Registrar shall, at least seventeen days before the date of the meeting, issue an agenda paper showing the business to be brought before the meeting; the terms of all the resolutions to be proposed of which notice in writing has previously reached him and the names of the proposers.

(d) Any member who wishes to propose an amendment to any of the proposals included in the agenda paper shall forward the terms of the amendment to the Registrar so as to reach him not later than ten days before the date fixed for the meeting.

(e) If any amendments are received, the Registrar shall, at least seven days before the date

fixed for the meeting, issue a revised agenda showing all the proposed motions and amendments.

2. In the case of special meeting the Registrar shall give such previous notice of the time and place of the meeting as the circumstances in each case may permit. In such cases he shall issue the agenda paper along with the notice of the meeting.

3. In the case of a special meeting, called on a requisition signed by the members of the Court, it shall be accompanied by the terms of the resolution or resolutions which it is intended to propose, and also the names of the proposer and seconder of each such resolution.

4. No resolution, proposal, amendment, or other matter of business of which previous notice has not been given shall be brought before the Court at the annual meeting except by the special permission of the Chairman.

5. At a special meeting of the Court any member may bring forward an amendment without previous notice being given.

6. At the meetings of the Court twenty members, inclusive of the Chairman, shall form a quorum. At the appointed time of the meeting the Registrar shall take notice whether a quorum is present. If there is no quorum fifteen minutes after the advertised time of the meeting, the Chancellor or the Vice-Chancellor shall declare that there shall be no meeting. If in the course of a meeting any member calls attention to the absence of a quorum the meeting shall be adjourned to such date and time as the Vice-Chancellor may deem fit.

At all adjourned meetings no business other than that on the agenda of the original meeting shall be considered.

7. Every motion shall be affirmative in form and must be seconded. A motion standing in the name of a member who is absent from the meeting or who declines to move it may be proposed by any other member.

8. When a motion has been seconded the terms of it shall be stated by the Chairman and the discussion thereof, if any is raised, will then proceed. If no discussion is raised or no amendment thereto is proposed the motion will at once be put to vote.

9. Every question shall be decided by a majority of the votes of the members present. In the case of the votes being equal the Chairman shall have a casting vote in addition to his vote as a member.

10. When an amendment has been proposed and seconded the terms of such amendment shall be stated by the Chairman and the discussion of the original motion and the amendment thereto will proceed **pari passu** provided that only one motion and one amendment thereto shall be entertained at the same time.

11. No member shall be allowed to speak more than once in the course of the discussion of a motion or of a motion and an amendment, except the proposer of the substantive motion who will have a right of reply in either case at the close of the discussion, provided that a member who has spoken on a motion before the proposal of an amendment thereto shall be entitled to speak once upon such amendment. No speech in the Court other than that of the Chairman shall exceed ten minutes. The member who first rises to speak at the conclusion of previous speech has the right to be heard. In cases of doubt the Chairman shall decide who is in possession of the house. When

the proposer has concluded his reply no further discussion of the motion or of the motion and the amendment can take place.

12. A motion for (1) dissolution of the meeting, (2) adjournment of the meeting, (3) adjournment of the discussion, or (4) closure, may be made at any time as a distinct question, but not as an amendment, nor whilst a member is speaking:

Provided that a motion for dissolution or closure shall not be made except with the permission of the Chairman.

13. If a motion for dissolution of the meeting is carried the meeting shall stand dissolved. If a motion for adjournment of the discussion is carried, such discussion will stand postponed to the next meeting. If a motion for closure is carried, the Chairman shall close the discussion by calling upon the mover to reply, and after the reply, if any, the substantive proposal or the amendment thereto, as the case may be, shall immediately be put to the vote.

14. A member proposing the adjournment of the meeting or of the discussion shall also mention the date and the time for such adjournment. A meeting or discussion continued on adjournment is to be deemed one with that preceding the adjournment.

15. A motion of the kind mentioned in Regulation 12 shall be put to the vote without discussion. If negatived the substantive discussion shall be resumed and continued in the same manner as if no such motion had been made.

16. A motion or amendment may be withdrawn by the proposer with the consent of two-thirds of the members present at the meeting.

17. Any member may with the permission of the Chairman even whilst another is speaking rise to explain any misconception of expressions used by him, but he shall confine himself strictly to such explanation.

18. Any member may at any time in the course of discussion rise and call the attention of the Chairman to a point of order. If a point of order is raised by one member in the course of speech by another, the speaker shall resume his seat until the Chairman has decided it. If the Chairman is of opinion that the point of order has been raised vexatiously, or for the purpose of mere obstruction or of interruption to the discussion or to the business of the meeting, he shall so declare it, and it shall be deemed a breach of order.

19. The Chairman shall be the sole judge of any point of order and may, of his own instance or at the instance of a member, call to order any member who is speaking. If the member so called to order disregards such call, the Chairman may direct him to sit down. If the member so directed to sit down disregards or questions any order or ruling of the Chairman, the Chairman may forthwith take the vote of the meeting as to whether such member shall not be suspended from his functions as a member for that day. If two-thirds of the members present are in favour of such suspension, the Chairman shall declare the member offending suspended, and such member shall be bound immediately to withdraw.

20. When a discussion is concluded the Chairman shall, if no amendment has been proposed, put the motion to the vote. If an amendment has been proposed, he shall first state the terms of the motion and then those of the amendment thereto, and shall then put the amendment to the vote. If an amendment is carried the motion as altered

thereby shall be stated by the Chairman, and may then be discussed as a substantive question to which an amendment may be proposed in the manner hereinbefore provided. If an amendment is negatived, the substantive motion shall, in the absence of any other amendment being proposed thereto, be put to the vote.

21. On putting a motion or amendment to the vote the Chairman shall call first for the expression of the opinion of the meeting by a show of hands and shall declare the result thereof. Any ten members may then demand a division. The Chairman shall thereupon give such directions for effecting the division as he considers expedient and shall nominate tellers to count the votes.

22. Proposals relating to votes of thanks, messages of congratulation, or condolence, addresses, and other matters of like nature may be moved from the Chair and no notice of such proposal will be necessary.

23. A question may be asked by a member of the Court for the purpose of obtaining information on a matter relating to the affairs of the University.

24. All questions shall be addressed to the Vice-Chancellor and shall reach him at least twenty days before the meeting for which they are intended.

25. No question may be asked which does not satisfy the following conditions, viz.:—

- (i) It shall be so framed as to be a request for information,
- (ii) It must not contain arguments, inferences, ironical expressions or defamatory statements.

- (iii) It must not ask for an expression of opinion or the solution of a hypothetical proposition.
- (iv) It must not refer to the character, competence or conduct of any person except in his official capacity.
- (v) It must not refer to a matter which in the opinion of the Vice-Chancellor is of a confidential nature.

26. The Vice-Chancellor shall decide on the admissibility of a question. He shall disallow any question which, in his opinion, contravenes the above rules, but in that case he shall give his reasons for disallowance to the member concerned. He may at his discretion amend the form of a question to bring it into harmony with the rules.

27. Answers to questions shall be prepared by the Vice-Chancellor.

28. All questions together with such answers as are ready shall be issued to the members of the Court at least seven days before the meeting.

29. It shall not be necessary to read the questions and answers at the meeting of the Court.

30. Subject to the provisions of Regulation 25 any member may put a supplementary question for the purpose of further elucidating any fact regarding which an answer has been given. The Vice-Chancellor shall disallow any supplementary question, if in his opinion, it infringes the rules relating to questions.

31. The Vice-Chancellor may ask for notice of a supplementary question which he is not prepared to answer.

32. All supplementary questions shall be answered by the Vice-Chancellor or he may call

upon any member of the staff who is a member of the Court to answer any such questions.

33. The minutes of the meeting of the Court shall contain the names of the members present, the interpellations and their answers, the motions considered by the Court together with the speeches* of members thereon, the result of voting and in case of voting, the names of persons voting, if any. All papers placed before the Court for consideration shall be printed in the minutes.

Provided that for the duration of War the minutes of the meeting of the Court be printed without the speeches of members which, however, as soon as possible after printing shall be circulated in the manner provided for in Regulation 35.

34. A proof copy of the speeches of members shall be sent to the members concerned, who shall return it with their corrections within ten days of receipt.

35. Within sixty days after the meeting of the Court the minutes shall be printed and circulated to such members of the Court as wish to receive them, and such of them, as were present, shall, within a fortnight of the issue of the minutes communicate to the Registrar any exceptions they may take to the correctness thereof. The minutes and the exceptions taken, if any, shall be laid before the next meeting of the Court and the minutes in their final form shall then be confirmed.

Provided that for the duration of War the

“That speeches made in any language other than English shall be recorded in the proceedings, provided the translation or purport of such speeches is supplied by the speakers.”

time for the printing and circulation of the minutes may extend beyond sixty days.

36. The minutes of the Court, when ready, shall be supplied to such registered graduates as agree to pay a nominal fee of -2/- per copy.

37. Representatives of the Press and visitors may, with the Registrar's permission, be allowed to attend the meetings of the Court.

The Chairman may, at any time during the sitting of the Court, direct all representatives of the Press and visitors to withdraw.

38. In all cases of election, the candidates shall be proposed and seconded. If the number of candidates nominated does not exceed the number of vacancies, the Vice-Chancellor shall declare those candidates elected. If the number of nominations exceeds the number of vacancies every member willing to vote shall be supplied with a ballot paper on which he shall state the names of the candidates he votes for up to the limit of the number of vacancies.

CHAPTER X.

THE EXECUTIVE COUNCIL.

Section 19 of the Act. The Executive Council shall be the executive body of the University, and its constitution and the term of office of its members, other than **ex officio** members, shall be prescribed by the Statutes.

The Executive Council—

Section 20 of the Act.

- (a) shall hold, control, and administer the property and funds of the University, and for these purposes shall appoint from among its own members a Finance Committee to advise it on matters of finance. The Treasurer shall be Chairman of the Finance Committee, and at least one member of the Committee shall be a member elected to the Executive Council by the Court;
- (b) shall direct the form, custody, and use of the Common Seal of the University;
- (c) shall, subject to the powers conferred by this Act on the Vice-Chancellor, regulate and determine all matters concerning the University in accordance with this Act, the Statutes and the Ordinances:

Provided that no action shall be taken by the Executive Council in respect of the appointment of and fees paid to examiners, and the number, qualifications, and the emoluments of teachers otherwise than after consideration of the recommendations of the Academic Council;

- (d) shall lay before the Local Government annually a full statement of all the requests received by it for financial assis-

tance from any institution associated with the University, together with its views thereon;

- (e) shall administer any funds placed at the disposal of the University for specific purposes;
- (f) save as otherwise provided by this Act or the Statutes, shall appoint the officers (other than the Chancellor, the Vice-Chancellor and the Treasurer) the teachers and other servants of the University, and shall define their duties and the conditions of their service, and shall provide for the filling of temporary vacancies in their posts;
- (g) shall have power to accept transfers of any movable or immovable property on behalf of the University;
- (h) shall appoint examiners, after consideration of the recommendations of the Academic Council;
- (i) shall publish the results of the University examinations;
- (j) shall exercise such other powers and perform such other duties as may be conferred or imposed on it by this Act or the Statutes; and
- (k) shall exercise all the other powers of the University not otherwise provided for by this Act or the Statutes.

(1) The members of the Executive Council in addition to the Vice-Chancellor and the Treasurer shall be:— Statute 3.

CLASS I.—Ex Officio Members.

- (i) The Chief Judge of the Chief Court of Oudh.

- (ii) The Deans of the Faculties.
- (iii) The Inspector-General of Civil Hospitals, United Provinces.

CLASS II.—Other Members.

- (i) Seven members of the Court, elected by the Court at its annual meeting, of whom two shall be members of the British Indian Association of Oudh, and at least one shall be a member of the Court elected by the Registered Graduates.
- (ii) One Principal elected by the Principals.
- (iii) Two members elected by the Academic Council from its own body.
- (iv) Four members appointed by the Chancellor.

(3) Members other than ex-officio members shall hold office for a period of three years:

Provided that a member appointed or elected as a member of a particular body or as the holder of a particular post shall hold office so long* only, within that period as he continues to be a member of that body or the holder of that post as the case may be.

Statute 4. Subject to the provisions of the Act, the Executive Council shall have the following powers, namely:—

- (a) to institute, at its discretion, such Professorship, Readership, Lecturership, or other teaching posts as may be proposed by the Academic Council;
- (b) to abolish or suspend, after report from the Academic Council thereon, any Professorship, Readership, Lecturership, or other teaching post;

- (c) to appoint, in accordance with the Statutes, Officers, teachers, and other servants of the University;
- (d) to appoint Examiners after considering the recommendations of the Academic Council;
- (e) to delegate, subject to such conditions as may be prescribed by Regulations made by the Executive Council, its powers to appoint Examiners, Officers, teachers and other servants of the University to such persons or authority as the Executive Council may determine;
- (f) to manage and regulate the finances, accounts, investments, property, and all administrative affairs whatsoever of the University, and for that purpose, to appoint such agents as it may think fit;
- (g) to accept bequests, donations and transfers of property to the University;
provided that all such bequests, donations, and transfers shall be reported to the Court at its next meeting;
- (h) to provide the buildings, premises, furniture, apparatus, equipment, and other means needed for carrying on the work of the University.

For the Conduct of the Meetings of the Executive Council.

1. The Registrar shall, not less than 7 days ^{Regulations} previous to each meeting of the Executive Council, issue to each member a notice stating the time and place of the meeting along with the agenda paper, provided that if necessary a supplementary agenda may be issued later.

2. In the case of emergent meetings, the Registrar shall give such previous notice of the time and place of the meeting as the circumstances in each case may permit.

3. At all meetings of the Executive Council 5 members, inclusive of the Chairman, shall form a quorum. At the appointed time of the meeting the Registrar shall take notice whether a quorum is present.

4. The rules of discussion shall be the same as laid down for the meetings of the Court and the Chairman shall have the power to enforce them at his discretion.

In the event of there being a division of opinion among the members of the Executive Council in respect of a decision on a matter directly affecting the University funds, the names of the members "for" and "against" the motion shall be recorded in the proceedings, provided not less than three members desire the division to be so recorded.

5. The Vice-Chancellor shall, when present, preside at the meetings of the Executive Council. In the event of his absence at any meeting, the members shall elect their own Chairman.

6. No question once decided by the Council shall be re-opened within six months except with the consent of two-thirds of the members of the Council.

CHAPTER XI.

THE ACADEMIC COUNCIL.

The Academic Council shall be the academic body of the University, and shall, subject to the provisions of this Act, the Statutes, and the Ordinances, have the control and general regulation and be responsible for the maintenance of standards of teaching and examination within the University, and shall exercise such other powers and perform such other duties as may be conferred or imposed upon it by the Statutes. It shall have the right to advise the Executive Council on all academic matters. The constitution of the Academic Council and the term of office of its members, other than ex-officio members, shall be prescribed by the Statutes.

Section 21
of the Act.

(1) The members of the Academic Council, in addition to the Vice-Chancellor, shall be:—

Statute 5.

CLASS I.—Ex-Officio Members.

- (i) The Deans of the Faculties;
- (ii) The Librarian of the University;
- (iii) The Proctor of the University;
- (iv) The Professors and Readers; and
- (v) The Principals.

CLASS II.—Other Members.

- (i) One Provost nominated by the Vice-Chancellor;
- (ii) Fifteen members elected by teachers other than Professors and Readers from their own body; and

- (iii) Persons, if any, not exceeding three in number and not being teachers, appointed by the Chancellor on account of their possessing expert knowledge in such subjects of study as may be selected by the Academic Council as constituted under Class I and heads (i) and (ii) of Class II.

(2) The Academic Council as constituted under Sub-Clause (I) may co-opt as members, teachers of the University not exceeding one-tenth of its number as so constituted.

(3) Members other than ex-officio members shall hold office for a period of three years;

Provided that persons appointed or elected as representatives of any particular body shall hold office so long only within the said period as they continue to be members of the body.

Statute 6. The Academic Council shall have the following powers, namely:—

- (a) to make proposals to the Executive Council for the institution of Professorships, Readerships, Lecturerships, or other teaching posts and in regard to the duties and emoluments thereof;
- (b) to make Regulations for, and to award in accordance with such Regulations Fellowships, Scholarships, Exhibition, Bursaries, Medals, and other rewards;
- (c) to recommend the appointment of Examiners after report from a Committee constituted for the purpose, which shall consist of:—
 - (i) the Vice-Chancellor;
 - (ii) the Dean of the Faculty concerned;

- (iii) the Head of the Department concerned;
- (iv) a member of the Academic Council to be nominated for the purpose by that body;
- (v) a member of the Faculty concerned to be nominated for the purpose by that body;
- (vi) a member of the Committee of Courses and Studies concerned to be nominated for the purpose by that body;
- (d) to control and manage the University Library or Libraries, to frame Regulations regarding their use, and to appoint a Library Committee under the general control of the Academic Council to manage the affairs of the Library;
- (e) to formulate, modify, or revise, subject to the control of the Executive Council, schemes for the constitution or reconstitution of Faculties and for the assignment of subjects to such Faculties;
- (f) to assign teachers to the Faculties; and
- (g) to promote research within the University and to require reports on such research from the persons engaged therein.

For the Conduct of the Meetings of the Academic Council.

1. The Vice-Chancellor shall, when present, Regulations
preside at the meetings of the Academic Council.
In the event of his absence at any meeting, the
members present shall elect their own Chairman.
2. (a) The Registrar shall, not less than 15

days previous to a meeting of the Academic Council issue to each member a notice stating the time and place of the meeting.

(b) Any member who wishes to propose a resolution at the meeting shall forward the terms of the resolution to the Registrar so as to reach him not later than 10 days before the date fixed for the meeting.

(c) The Registrar shall, at least 7 days before the date of the meeting, issue an agenda paper showing the business to be brought before the meeting, the terms of all the resolutions to be proposed, of which notice in writing has previously reached him, and the names of the proposers.

(d) Any member who wishes to propose an amendment to any of the proposals included in the agenda paper shall forward the terms of the amendment to the Registrar so as to reach him not later than 4 days before the date fixed for the meeting.

(e) If any amendments are received, the Registrar shall, at least 2 days before the date fixed for the meeting, issue a revised agenda showing all the proposed motions and amendments.

3. In the case of special meeting either convened by the Vice-Chancellor at his own discretion or convened in accordance with regulation 4 *infra* the Registrar shall give such previous notice of the time and place of the meeting as the circumstances in each case permit. In such cases he shall issue the agenda paper along with the notice of the meeting.

4. A special meeting of the Academic Council shall be called on a requisition signed by at least 12 members of the Academic Council; the requisition shall be accompanied by the terms of

the resolution or resolutions which it is intended to propose, and also the names of the proposer and seconder of each such resolution.

5. No matter which has already been decided at a meeting of the Academic Council shall be brought up for discussion within the same academic year except by the special permission of the Vice-Chancellor and the consent of two-thirds of the total number of members present at the meeting at which it is proposed to re-open the question.

6. No resolution, proposal, amendment or other matter of business of which previous notice has not been given shall be brought before the Academic Council except by the special permission of the Chairman.

7. At a special meeting of the Academic Council any member may bring forward an amendment without previous notice being given.

8. At all meetings of the Academic Council 12 members, inclusive of the Chairman, shall form a quorum. At the appointed time of the meeting the Registrar shall take notice whether a quorum is present.

9. Every motion shall be affirmative in form and must be seconded. A motion standing in the name of a member who is absent from the meeting or who declines to move it may be proposed by any other member.

10. When a motion has been seconded the terms of it shall be stated by the Chairman and the discussion thereof, if any raised, will then proceed. If no discussion is raised or no amendment thereto is proposed the motion will at once be put to vote.

11. Every question shall be decided by a majority of the votes of the members present. In the

case of the votes being equal the Chairman shall have a casting vote in addition to his vote as a member.

12. When an amendment has been proposed and seconded the terms of such amendments shall be stated by the Chairman and the discussion of the original motion and the amendment thereto will proceed **pari passu**, provided that only one motion and one amendment thereto shall be entertained at the same time.

13. No member shall be allowed to speak more than once in the course of the discussion of a motion or of a motion and an amendment, except the proposer of the substantive motion who will have a right of reply in either case at the close of the discussion: provided that a member who has spoken on a motion before the proposal of an amendment thereto shall be entitled to speak once upon such amendment. No speech in the Academic Council other than that of the Chairman shall exceed ten minutes. The member who first rises to speak at the conclusion of previous speech has the right to be heard. In cases of doubt the Chairman shall decide who is in possession of the House. When the proposer has concluded his reply no further discussion of the motion or of the motion and the amendment can take place.

14. A motion for (1) dissolution of the meeting, (2) adjournment of the meeting, (3) adjournment of the discussion, or (4) closure, may be made at any time as distinct question but not as an amendment, nor whilst a member is speaking.

15. If a motion for dissolution of the meeting is carried, the meeting shall stand dissolved. If a motion for adjournment of the discussion is carried such discussion will stand postponed to

the next meeting. If a motion for closure is carried the substantive proposal or the amendment thereto, as the case may be, shall immediately be put to the vote.

16. A member proposing the adjournment of the meeting or of the discussion shall also mention the date and the time for such adjournment. A meeting or discussion continued on adjournment is to be deemed one with that preceding the adjournment.

17. A motion of the kind mentioned in Regulation 14 shall be put to the vote forthwith without discussion. If negatived, the substantive discussion shall be resumed and continued in the same manner as if no such motion had been made.

18. A motion or amendment may be withdrawn by the proposer with the consent of two-thirds of the members present at the meeting.

19. Any member may with the permission of the Chairman even whilst another is speaking rise to explain any misconception of expression used by him, but he shall confine himself strictly to such explanation.

20. Any member may at any time in the course of discussion rise and call the attention of the Chairman to a point of order. If a point of order is raised by one member in the course of speech by another, the speaker shall resume his seat until the Chairman has decided it. If the Chairman is of opinion that the point of order has been raised vexatiously, or for the purpose of mere obstruction, or of interruption to the discussion, or to the business of the meeting, he shall so declare it and it shall be deemed a breach of order.

21. The Chairman shall be the sole judge of any point of order and may, at his own instance or at the instance of a member, call to order any member who is speaking. If the member so called to order disregards such call, the Chairman may direct him to sit down. If the member so directed to sit down disregards or questions any order or ruling of the Chairman, the Chairman may forthwith take the vote of the meeting as to whether such member shall not be suspended from his functions as a member for that day. If two-thirds of the members present are in favour of such suspension, the Chairman shall declare the member offending suspended, and such member shall be bound immediately to withdraw.

22. When a discussion is concluded, the Chairman shall, if no amendment has been proposed, put the motion to the vote. If an amendment has been proposed, he shall first state the terms of the motion and then those of the amendment thereto and shall then put the amendment to the vote. If an amendment is carried, the motion as altered thereby shall be stated by the Chairman, and may then be discussed as a substantive question to which an amendment may be proposed in the manner hereinbefore provided. If an amendment is negatived, the substantive motion shall, in the absence of any other amendment being proposed thereto, be put to the vote.

23. On putting a motion or amendment to the vote, the Chairman shall call first for the expression of the opinion of the meeting by a show of hands and shall declare the result thereof. Any member dissatisfied with such a declaration may then and there demand a ballot. The Chairman shall thereupon select two or more from among the members to act as tellers and shall hand to them a voting paper or papers ruled in

two columns, one headed "for" and the other "against." The tellers shall then take such voting paper to each member, who shall subscribe his name in one or other of the two columns, according as he is in favour or against the motion or amendment before the meeting.

24. When all the members present desiring to vote, including the tellers, have subscribed their names on the voting paper or papers, the tellers shall cast up the number of the two columns and, when the totals have been recorded, shall sign their names thereto and hand the voting paper or papers to the Chairman who will thereupon declare the result of the division. When the numbers are equal, the Chairman shall have a second or casting vote, and, if he gives it, shall record the same on the voting paper below the signature of the tellers as follows: I give my casting vote ("for" or "against" the motion or amendment as the case may be) and shall sign his name and description as Chairman.

25. Proposal relating to votes of thanks, messages of congratulation or condolence, addresses, and other matters of like nature, may be moved from the Chair and no notice of such proposal will be necessary.

CHAPTER XII. THE FACULTIES.

A.—General.

Section 23
of the Act.

(1) The University shall include the Faculties of Arts, Science, Medicine, Law and Commerce, and such other Faculties (whether formed by the sub-division or combination of an existing Faculty or Faculties, or by the creation of a new Faculty or otherwise) as may be prescribed by the Statutes. Each Faculty shall, subject to the control of the Academic Council, have charge of the teaching and the courses of study and the research work in such subjects as may be assigned to such Faculty by the Ordinances.

(2) The constitution and powers of the Faculties shall be prescribed by the Statutes.

(3) There shall be a Dean of each Faculty, who shall be elected in the manner laid down in Sub-Section (5) and shall be responsible for the due observance of the Statutes, Ordinances, and Regulations relating to the Faculty.

(4) Each Faculty shall comprise such Departments of teaching as may be prescribed by the Ordinances. The Head of every such Department shall be the Professor of the Department or, if there is no Professor, the Reader. If there is more than one Professor or more than one Reader of a Department, as the case may be, the Vice-Chancellor shall appoint such Professor or Reader to be Head of the Department as he thinks fit. The Head of the Department shall be responsible to the Dean for the organization of the teaching in that Department.

(5) The Deans of Faculties shall be elected by the Faculty from among the Heads of Departments of the Faculty. The Dean shall receive in respect of his duties as Dean such additional remuneration (if any) as shall be fixed by the Exe-

cutive Council, and shall hold office as Dean for such term as may be prescribed by the statutes.

(1) Each Faculty shall consist of—

Statute 8

- (i) The Professors and Readers of the Department comprised in the Faculty;
- (ii) such teachers of subjects assigned to the Faculty as may be appointed to the Faculty by the Academic Council;
- (iii) such teachers of subjects not assigned to the Faculty but having, in the opinion of the Academic Council, an important bearing on subjects so assigned, as may be appointed to the Faculty by the Academic Council; and
- (iv) such other persons as may be appointed to the Faculty by the Academic Council, on account of their possessing expert knowledge in a subject or subjects assigned to the Faculty.

(2) The total number of members of each Faculty shall not exceed in the case of the Faculties of Arts* and Science† thirty and in the case of any other Faculty fifteen,‡ except with the

* The total number of members in the Faculty of Arts has been raised to thirty-seven, with the sanction of the Chancellor (vide letter No. A|1898|XV—20,43, dated June 22, 1943, from the Dy. Secretary to Government, U.P., Education Department).

† The total number of members in the Faculty of Science has been raised to thirty-five, with the sanction of the Chancellor (vide letter No. A|1588, dated June 17, 1944 from the Secretary to H. E. the Governor, U.P.).

E. the Governor, United Provinces). The strength will be reduced again to twenty-five again as soon as a vacancy occurs in any category other those ex-officio members.

The total number of members in the Faculty of Law has been raised to Twenty with the sanction of the Chancellor (vide letter No. A|1587, dated June 17, 1944, from the Secretary to H. E. the Governor, U.P.).

sanction of the Chancellor given on the request of the Academic Council.

Statute 9. Subject to the provisions of the Act, each Faculty shall have the following powers, namely:—

- (a) subject to the control of the Academic Council to organize the teaching and research work of the University in the subjects assigned to the Faculty;
- (b) to constitute Committees of Courses and Studies;
- (c) to recommend to the Academic Council the Courses of Studies for the different examinations, after consulting the Committee of Courses and Studies; and
- (d) to report to the Academic Council the conditions for the award of degrees, diplomas, and other distinctions.

Statute 11. (1) The Dean of each Faculty shall be the executive officer of the Faculty, and shall preside at its meetings. He shall hold office for three years:

Provided that in case he is absent on leave for a period exceeding three months, his place may be temporarily filled up for the period of his absence by a fresh election.

(2) He shall issue the lecture lists of the University in the Departments comprised in the Faculty and shall be responsible for the conduct of teaching therein.

(3) He shall have the right to be present and to speak at any meeting of any Committee of the Faculty but not to vote unless he is a member of the Committee.

Members of Faculty appointed under Sub-Statute 21. Clauses (ii), (iii) and (iv) of Statute 8 (1) shall hold office for a period of two years:

Provided that teachers appointed under Statute 8 (1)(ii) and 8 (1)(iii) shall hold office for so long only as they continue to be teachers:

Provided that a member, who has been absent from three consecutive meetings of the Faculty, may be declared by the Vice-Chancellor to have ceased to be a member of the Faculty.

For the Conduct of the meetings of the Faculties.

1. The Registrar shall not less than 15 days Regulations previous to each meeting of the Faculty, issue to each member a notice stating the time and place of the meeting along with the agenda paper.

2. Any member wishing to make a proposal not included in the agenda may send his proposal to the Registrar, so as to reach his office at least 7 days before the date of the meeting. The Registrar shall circulate these proposals among the members.

3. Amendments to proposals may, with the permission of the Chairman, be brought up at the meeting of the Faculty.

4. No business or proposal of which previous notice has not been given, shall be brought before the Faculty at the meeting except by special permission of the Chairman.

5. In the case of special meetings, which shall be convened under the orders of the Vice-Chancellor or at the request of the Dean of the Faculty, the Registrar shall give such previous notice of the time and place of the meeting as the circumstances in each case may permit. In such cases

he shall issue the agenda paper along with the notice of the meeting.

6. At all meetings of the Faculties of Arts and Science 7 members, inclusive of the Chairman, shall form a quorum. At all meetings of the Faculties of Medicine and Law 5 members, inclusive of the Chairman, shall form a quorum. At all meetings of the Faculty of Commerce 4 members, inclusive of the Chairman, shall form a quorum.

At the appointed time of the meeting the Registrar shall take notice whether a quorum is present.

B—The Canning College.

Canning College was founded in 1864 by the Taluqdars of Oudh, to be a perpetual memorial to Viscount Canning, who died in June, 1862, three months after laying down the office of Viceroy. He had earned the gratitude and esteem of the Taluqdars, by his courageous and statesman-like policy after the Mutiny, and they determined to create, to his memory, an institution which should provide "a liberal education of the highest order in all its branches" to the youth of Oudh. For this purpose they executed a Sanad by which they assigned a fixed charge of $\frac{1}{2}$ per cent. on the revenue demands of their estates, as a perpetual endowment to be collected by the Government together with the land revenue. This endowment the Government agreed to supplement by a grant equal to the Taluqdari contribution.

The Canning College was opened on May 1, 1864, in the Aminabad Palace, but as education was not sufficiently developed in the Province to produce a supply of matriculates, it was found necessary to start with school classes and to train up the students from the beginning. So for many years the Canning College in addition to the College and Oriental Department, comprised a school department also, and the Taluqdars' endowment was thus diverted from its proper object. The Primary School classes were closed in 1884, but the Middle and High School classes were continued until 1890, when the Jubilee High School took over this responsibility. A Special Wards' class existed until 1891, when it was replaced by the Colvin Taluqdars' School.

For twenty years from 1867 to 1888 Canning College was affiliated to the Calcutta University. Its first batch of Intermediate students passed out in 1868, and within the next two or three years, B.A., M.A., and B.L. classes were also opened. In 1888 the College was affiliated to the newly incorporated University of Allahabad.

For the first twelve years of its existence the College had no proper habitation but abode precariously in the Aminabad Palace, the Lal Baradari, and other places. In the meantime the College was in the Kaisar Bagh building. The foundation stone had been laid by the Viceroy, Sir John L. M. Lawrence, on November 13th, 1867, and the building was opened by Sir George Couper, Lieutenant-Governor of the North-West Provinces, on November 15th, 1878. For rather over thirty years the College remained in the Kaisar Bagh, steadily developing until it had outgrown its accommodation. The site was not suitable for the further development of a residential College, and so to facilitate this object the Government agreed to purchase the building, to convert it into the Provincial Museum, and in 1905 made over to the College the spacious walled garden of about 60 acres on the north of the River Gomti, known as the Badshah' Bagh—a garden house originally laid out by King Nasiruddin Haider, and the Lucknow residence of the Maharaja of Kapurthala since the pacification of Oudh—for its future home.

The first building erected on the new site was the Hewett Hostel, opened in 1908. In the following March Sir John Prescott Hewett laid the foundation stone of the College building and on February 17th, 1911, presided at its opening. The Principal, Mr. A. H. Pirie, was already installed in the old Badshah Bagh house, and two bunga-

lows were now built for the two senior Professors. A separate block for Biology providing well-lighted laboratories was opened in 1914, and in 1915, the year in which the College celebrated its Jubilee, the Meston Hostel with accommodation for 60 students was completed.

The College had at this time a staff of twenty-two teachers, eight Europeans and fourteen Indians. It was controlled by a General Committee of ten Government officials and twelve members of the British Indian Association, and by a Managing Committee of five members, of which the Commissioner of the Lucknow Division was the ex-officio President.

In the year 1920 the Lucknow University was constituted, and by the Canning College Act of 1922, the Canning College was merged in the University and became a College maintained by the University.

To carry out the intention of creating a residential University, hostel accommodation has been greatly increased. In 1922 the Harcourt Butler Hostel was built, and the Meston Hostel extended by the construction of a new wing. In 1926 the Mahmudabad Hostel was opened and a fifth Hostel named the Habibullah Hostel was opened in August, 1930. Each Hostel has accommodation for about 100 students and has also its own Warden's and Sub-Warden's bungalows. In addition there is a Hostel for Women students, called Kailash Hostel. For other members of the staff the University has also provided numerous residences.

More space for the teaching departments has been made available by the construction of new Chemistry Botany and Zoology laboratories.

The teaching departments of the Faculty of

Arts, Science, Law, and Commerce are located in the Canning College buildings.

THE CANNING COLLEGE ACT, 1922.

UNITED PROVINCES ACT No. VII OF 1922.

[Passed by the Local Legislature of the United Provinces of Agra and Oudh.]

Received the assent of the Governor of the United Provinces of Agra and Oudh on the 29th April, 1922, and of the Governor-General on the 10th June, 1922 and was published under Section 81 of the Government of India Act on the 1st July, 1922.

An Act to merge the Canning College in the U.P. Act V University of Lucknow and to transfer all the of 1920. property and liabilities of the Canning College to the University of Lucknow.

Whereas by the Lucknow University Act, Preamble.¹ 1920, the University of Lucknow was constituted and founded at Lucknow with power to confer degrees and other distinctions, and whereas the Canning College situate at Lucknow, hereinafter referred to as "the Canning College," has under Section 46 of the said Act ceased to be a College affiliated to the University of Allahabad, and

whereas the Governing Body of the Canning College are desirous, and it is expedient, that the Canning College should be merged in the University of Lucknow and maintained as a College, and that all its property and liabilities should be transferred to and vested in the University of Lucknow, hereinafter referred to as "the University," and whereas the previous sanction of the Governor-General has been obtained under Sub-section (3) of Section 80A of the Government of India Act; it is hereby enacted as follows:—

Short title. 1. This Act may be called the Canning College Act, 1922.

Transfer of the College to the University. 2. From the commencement of this Act, the Canning College shall be and become by virtue of this Act, the College maintained by the University and the property, movable and immovable of every description, and all endowments, rights, and privileges of the Canning College which immediately before that date belonged to or were vested in that College shall, by virtue of this Act without any conveyance or other instruments, be transferred to and vested in the University, and shall be applied to the objects and purposes of the Canning College as a College maintained by the University.

Transfer of debts and liabilities. 3. From the commencement of this Act, all debts and liabilities of the Canning College shall by virtue of this Act be transferred and attached to the University, and shall thereafter be discharged and satisfied by the University.

Saving for agreement deeds, actions, etc. 4. All arrangements, articles, contracts, deeds, and other instruments and all actions and proceedings and causes of action or proceeding which immediately before the commencement of this Act were existing or pending in favour of or

against the Canning College shall continue and may be carried into effect enforced or prosecuted by or in favour of or against the University to the same extent and in like manner as if the University instead of the Canning College had been party to or interested in the same respectively.

5. (1) The University shall by agreement with the Governing Body of the Canning College as constituted immediately before the commencement of this Act, adjust and settle all questions arising with respect to any endowments, property, powers, privileges, authorities, debts, liabilities, obligations, or expenses in which the parties to the agreements are interested and also with respect to any other College matters.

(2) An agreement under this Section may provide for the transfer, retention, division, apportionment, or commutation of any endowments, property, debt, liabilities, or obligations and for payment being made by either party to the other in respect of any such transfer, retention, division or apportionment or commutation or in respect of the salary or remuneration of any officer or person and generally may make as between the parties to the agreement any provisions necessary or proper for carrying into effect the purposes of this Act.

Adjustment
of property
and liabilities,
etc.

(3) In default of agreement on any such question as aforesaid or so far as such agreement does not extend, the question shall be referred to a Board of Arbitration consisting of (1) the Minister of Education, (2) one representative of the University, (3) one representative of the British Indian Association of Oudh, on the application of either party and their award may provide for any matter for which an agreement might have been provided. Every such reference shall be deemed to be a submission to arbitration within the mean-

Act XI of 1899. ing of the Indian Arbitration Act, 1899, and all the provisions of that Act, with the exception of Section 2 thereof shall apply accordingly:

Provided that nothing in this Section shall be deemed to affect the provisions of Section 6 of the Canning College and British Indian Association Contribution Act, 1920.

U.P. Act IV of 1920. 6. All Professors and other members of and persons attached to or associated with the Teaching Staff of the Canning College and all salaried or paid officers and servants of the Canning College shall hold as nearly as practicable the same offices and places in the College as they held in the said College immediately before the commencement of this Act, upon the same terms and condition unless and until the University shall, subject to the provisions of Section 4, otherwise decide.

Saving for existing staff.

Constitution of the Board of Management. 7. Any power or right of the Government of the United Provinces or any powers or right of the British Indian Association of Oudh as such to be represented on the Governing Body of the Canning College shall from the commencement of this Act be transferred to and may be exercised by the University.

Provided that upon any Board of Management of the Canning College appointed by the University under Section 25 of the Lucknow University Act, 1920, not less than one half of the members shall be persons who are members of the Court of the University and are also members of the British Indian Association of Oudh.

Contribution under Act IV of 1920. 8. Nothing in this Act shall be deemed to affect the liability of persons named in Section 3 of the Canning College and British Indian Association Contribution Act, 1920, to contribute in

accordance with the provisions of that Act, for the maintenance and support of the Canning College as a College maintained by the University.

THE CANNING COLLEGE & BRITISH INDIAN ASSOCIATION CONTRIBUTION ACT, 1920.

An Act to make better provision for the realization of certain contributions for the maintenance and support of the Canning College and the British Indian Association.

Whereas certain contributions for the main- Preamble.
tenance and support of the Canning College situate at Lucknow and of the British Indian Association, a registered body in Lucknow have hitherto been realized by the Government along with the land revenue from the taluqdars and grantees of Oudh and their heirs, legatees, and transferees, and whereas it is expedient to remove certain doubts which have arisen as to the liability of the aforesaid persons or their representatives or legatees or assigns; it is hereby enacted as follows:—

1. This Act may be called the Canning Col- Short title.
lege and British Indian Association Contribution Act, 1920.

2. In this Act, unless there is something Definition.
repugnant in the subject or context—

- (1) "British Indian Association" means the British Indian Association of Oudh;
- (2) "Canning College" means the Canning College situate at Lucknow;
- (3) the expression "estate" "grantee", "legatee," and "taluqdar," bear the same meaning as in the Oudh Estates Act, 1869, as amended by the Oudh Estates (Amendment) Act, 1910;

- (4) "heir" bears the same meaning as in the Oudh Estates Act, 1869, as amended by the Oudh Estates (Amendment) Act, 1910, but includes also a "widow" or a "mother" who has inherited or inherits property as such;
- (5) "transfer" with its grammatical variation and cognate expressions means an alienation *inter vivos*, and includes a transfer in execution of a decree or by means of a compromise or settlement and sale held for the recovery of land revenue or for the enforcement of any other claim of the Government whether before or after the commencement of the Act;
- (6) "transferee from a taluqdar or grantee" includes a transferee from the heir or legatee of a taluqdar or grantee and the legal representative, successor, and assign of such transferee.

Liability of certain persons to contribution for support of Canning College and British Indian Association.

3. Every taluqdar and grantee and every heir, legatee or transferee of a taluqdar or grantee shall pay along with the land revenue which he is liable to pay as such, as contribution for the maintenance and support of the Canning College and the British Indian Association at the rate of $1\frac{1}{4}$ per cent. of the total amount of such revenue:

Provided that where by reason of any deed executed before the 1st of January, 1920, the liability of any taluqdar or grantee or his heir, legatee, or transferee to pay the portion of his contribution for the maintenance and support of the British Indian Association is determined with reference to the land revenue assessed in the last regular settlement it shall not vary in future with any variation in the land revenue:

Provided further that when any estate or portion of an estate has been transferred prior to the first day of April, 1909, to any person who is not a taluqdar or grantee or an heir or legatee of a taluqdar or grantee the transferee shall pay such contribution at the rate of one per cent. only of the total amount of land revenue which he is liable to pay to Government in respect of the estate or portion of estate so transferred.

4. The contribution referred to in Section 3 shall be realized by the revenue authorities along with the land revenue and every provision of the United Provinces Land Revenue Act, 1901, relating to the recovery of land revenue shall apply to the recovery of such contributions.

Method of realization of contribution.

5. (1) Where no deed as mentioned in the first proviso to Section 3 has been executed the Canning College shall be entitled to receive a sum equivalent to three-fifths and the British Indian Association shall be entitled to receive the remaining two-fifths of the contributions realized under Section 4.

Distribution of contribution realized.

(2) Where a deed as mentioned in the aforesaid proviso has been executed the British Indian Association shall be entitled to receive the amounts realized on its behalf in accordance with such deed and the Canning College shall be entitled to receive the balance of the contribution realized under Section 4.

6. Out of its receipts aforementioned the Committee of the Canning College shall pay to the Committee of the Colvin Taluqdars' School at Lucknow for its support a sum which shall not exceed one-third of those receipts and shall not be less than—

Liability of Canning College to pay portion of contribution to Colvin Taluqdars' School.

- (i) twenty-five thousand rupees if the said receipts are not less than seventy-five thousand rupees;

- (ii) one-third of the said receipts if they are less than seventy-five thousand rupees.

Power of
Local Gov-
ernment to
make rules.

7. The Local Government may, from time to time, frame rules in accordance with the provision of this Act, for the guidance of the Revenue authorities in regard to the collection of the afore-said contributions.

The College is supported by the Taluqdars of Oudh and Government grants. By a *sanad* duly executed, the Taluqdars endowed the College in perpetuity with a charge of $\frac{1}{2}$ per cent. on the revenue demand of their estates. When the Colvin Taluqdars' School was founded it also became a charge on this endowment. In 1910 the contribution was raised to $\frac{3}{4}$ per cent., the additional $\frac{1}{4}$ per cent. being the endowment of the Colvin Taluqdars' School. The total contribution, including of about Rs. 25,000 for the Colvin Taluqdars' School, amounts to about Rs. 75,000 per annum. It is collected by the officers of Government and deposited in the Imperial Bank of India to the credit of the Canning College. The regular Government grant is an amount equal to the Taluqdars' contribution. A supplementary grant rising to a maximum of Rs. 17,000 per annum was made by Government in 1920.

The College is managed by the Executive Council of the University through a Board of Management.

Ordinances.

1. The Board of Management of the Canning College shall consist of 10 members elected annually by the Executive Council, of which not less than one-half shall be persons who are members of the Court of the University and are also members of the British Indian Association of Oudh.

2. The Vice-Chancellor shall be the Chairman and Convener of the Board of Management.

3. Four members of the Board inclusive of the Chairman shall form a quorum.

Provided that if no quorum is present at the meeting, an adjourned meeting may be held without the required quorum.

4. The Board shall meet when required, but ordinarily once a term.

5. The powers and duties of the Board shall be—

- (a) to look after general administration and upkeep of the Canning College;
- (b) subject to the approval of the Executive Council, to appoint Wardens and Sub-Wardens to the Hostels;
- (c) to appoint persons to the clerical and menial staff of the College;
- (d) to exercise general control over the administration of the College Grounds and to appoint menial servants for the purpose;
- (e) to prepare the draft Annual Budget for the College;
- (f) to make recommendations to the Executive Council regarding the general requirements of the College.

[N.B.—In these rules, the term “College” is as defined in the Lucknow University Act.]

C.—The King George’s Medical College.

In 1905 the visit of King-Emperor, George V, then Prince of Wales, inspired the idea of establishing a college to commemorate the occasion.

The originator of this fine ideal to commemorate the Royal visit was the late Raja Sir Tassaduq Rasul Khan, K.C.S.I., of Jehangirabad, to whom Sir Harcourt Butler wrote on 1st December, 1905: "It must ever be a source of pride to you to think that the first suggestion of such a movement came from you absolutely spontaneously."

On 22nd March, 1906, the Secretary to Government, U.P., wrote to the Registrar, Allahabad University: "It is the desire of subscribers to the Foundation of King George's Medical College that this College should be the best in the East and it will be the aim of Government that the College shall give to its students the best education possible."

The project was warmly taken up by all, and the Taluqdars and Zamindars of Agra and Oudh gave princely donations. Sir Harcourt Butler himself was largely responsible for rapid maturation of the scheme by his energy in collecting subscriptions and by his talents in organization.

The success of this great project of medical education and relief was already assured when the foundation-stone was laid by His Royal Highness the Prince of Wales in 1906; and during his second visit for the Coronation Durbar as King-Emperor His Majesty was pleased to give his consent and to designate the College by his name.

The College was completed and the work of the first medical session was started in October, 1911, though the ceremonial opening of the College Building by His Honour Sir John Hewett, G.C.S.I., did not occur until 27th January, 1912. The College buildings consisted of a fine Administrative block, an Anatomical block, a combined Pathological and Physiological block, and a Medico-Legal Department.

As soon as the College was completed the construction of the Hospital itself was commenced. The Out-patient Department was finished and at work by April, 1913, and the main building a few months later. The number of beds provided was 232 and besides the main Hospital block there are an Isolation block and separated Cottage wards. The formal opening of King George's Hospital with the opening of the New Bridge over the Gomti River opposite the Hospital was performed in January, 1914, by His Excellency the Viceroy; the Bridge took the place of an ancient bridge built by King Asaf-ud-daulah in 1780 and which was only demolished as late as 1911-12.

The architect of the buildings was Sir Swinton Jacob, K.C.S.I., and the features were designed in the Indo-Saracenic style to be in keeping with the ancient and royal buildings of this capital of Oudh and with the Imambara or Tomb of Nawab Asaf-ud-daulah which stands immediately besides the College and which dates from 1784.

The total cost of the Hospital and College building was about 30 lakhs of rupees; the Local Government is indebted to the Government of India for a contribution of 10 lakhs towards the cost.

The staff of the College and Hospital began with an irreducible minimum of members, and schemes for expansion were being considered from the start, when the Great War supervened. The first batch of students qualified in 1916, and these also and the next few succeeding batches were for the most part absorbed by military requirements, and only after 1920 could the College be said to be gradually returning to its normal and progressive condition.

A change took place in the control of the

Medical College and Hospital in 1921 when these institutions were transferred to the new Lucknow University and ceased to be directly under the Government of the United Provinces. Hitherto the College had been affiliated to the Allahabad University. For the first time in 1922 the degree granted to the successful student was the M.B., B.S., Lucknow, instead of the M.B., B.S., Allahabad, as hitherto.

Since 1922, the College and Hospital has expanded in several directions. A comprehensive museum of macroscopic and microscopic Pathology has been created, an X-Ray and Electrotherapeutic section for Hospital Out-patients were opened in 1928. A new building housing the Pharmacological departments with its laboratories and museum and containing a fine clinical theatre was completed in 1927 at a cost of Rs. 55,000.

In 1926, a Provincial Pathology scheme was introduced whereby the College Pathology department was linked up with the various Civil Hospitals throughout the Province which were thus enabled to obtain certain diagnostic tests, if they so desired.

In the realm of preventive Medicine advance too has been very considerable. The University decided to give a D.P.H. which was formerly a Diploma which has been granted for some years by the State Board of Medical Examination. A fine Provincial Hygiene Institute complete with lecture theatre, museum, laboratories, and facilities for research at a cost of Rs. 3,36,000, built by Government, was opened by H. E. Sir Malcolm Hailey, Governor of these Provinces, in December 1928. This institute can train a class of 20 D.P.H. students, in addition to those trained for the examination of the State Board, 75 students for the

Sanitary Inspectors Certificates, and a class of Lady Health Visitors.

From 1st April, 1929, Government transferred the asylum for lepers, which had been endowed by King Nasir-ud-din Hyder who reigned in Oudh from 1827-1837, to the administration of the Medical College.

The Queen Mary's Hospital for women and children was opened in 1932 when the Government completed the building of this Hospital at a cost of Rs. 2,67,603 and handed it over to the University.

The past Principals of the College and Deans of the Faculty have been:—

(1) Lieut.-Col. W. Selby, D.S.O., I.M.S., October, 1911—September, 1916.

(2) Lieut.-Col. W. D. Megaw, I.M.S., September, 1916—December, 1920.

(3) Lieut.-Col. C. A. Sprawson, C.I.E., I.M.S., January, 1921—3rd November, 1925.

(4) Lieut.-Col. H. Stott, O.B.E., I.M.S., 4th November, 1925—27th April, 1926.

(5) Prof. Sahebzada Said-uz-zafar Khan, M.B., 28th April, 1926—18th October, 1926.

(6) Lieut.-Col. C. A. Sprawson, C.I.E., I.M.S., 19th October, 1926—10th March, 1929.

(7) Lieut.-Col. H. Stott, O.B.E., I.M.S., 11th March, 1929—5th November, 1937.

In March, 1921, the College, along with the Hospital was incorporated in the Lucknow University, and is at present managed by the Executive Council of the University through a Board of Management.

The extension to and revision of the museum of Pathology after a period of 15 years work, was completed in October 1937.

The building for separate T. B. Hospital was completed and handed over to the King George's Hospital on 15th March, 1935. The extension of the Nurses' Home was completed and handed over to the Hospital on 7th September, 1938.

In August, 1940, the building of Lady Students' Hostel to accommodate 6 students was completed to which 6 more rooms have been added in August, 1941."

Ordinances. *1. The Board of Management of the King George's Medical College shall consist of:—

- (1) The Principal, **ex-officio**, (Chairman and Convener).
- (2) The Heads of all Departments in the Faculty of Medicine.
- (3) Three representatives of the Executive Council.
- (4) One representative of the King George's Medical College staff to be nominated by the Executive Council on the recommendation of the College Board of Management as constituted under (1), (2) and (3) above.
- (5) The Superintendent of Works, King George's Medical College Division.

2. The Principal of the King George's Medical College shall be the Chairman and Convener of the Board of Management.

3. The powers and duties of the Board shall be—

- (a) to look after the general administration and up keep of the College as a unit of residence;
- (b) Subject to the approval of the Executive Council, to appoint Wardens and Sub-Wardens to the Hostels;

*The elected members shall hold office for a period of one year.

- (c) to appoint persons to the clerical and menial staff of the College;
- (d) to exercise general control over the administration of the College and the King George's Hospital grounds and to appoint menial servants for the purpose;
- (e) to prepare the draft Annual Budget of the College;
- (f) to make recommendations to the Executive Council regarding the general requirements of the College.

[N.B.—In these rules, the term “College” is as defined in the Lucknow University Act.]

1. Three members of the Board, inclusive of the Chairman, shall form a quorum. Regulations
2. The Board shall meet when required, but ordinarily once a term.

D.—The Isabella Thoburn College.

The Isabella Thoburn College is maintained by the Women's Division of Christian Service of the Methodists Church in the United States of America and by the Presbyterian Church, with the aid of Government and University grants. The College is named for the founder, Miss Isabella Thoburn, who first opened a school for girls in a room in Aminabad bazar in 1870. In 1883 the first High School students took the Government examination; in 1886 the school was raised to College grade and students took the Calcutta University examination until 1895, when affiliation with “Allahabad University” was sanctioned. The relationship continued until the organisation of the Lucknow University, in which Isabella Thoburn College has happily served as “Women's

College." As such it maintains teaching for the B.A. and B.Sc. degrees, and provides a graduate training course for which Lucknow University grants a Diploma in Teaching. Five members of the Staff are Readers and sixteen are lecturers of the University.

In 1922 the College moved from Lal Bagh where it had grown up with the High School, to a spacious compound of over thirty acres located within a mile of the University Offices. There are seven large modern buildings besides the Chapel, all erected since the University was organised providing accommodation for the University and Intermediate classes for women students. Buildings and grounds are open and healthful and are all supplied with its own water supply and modern sanitation. Within the last decade the proportion of University to Intermediate enrolment has risen from 63 : 102 to 114 : 141.

E.—The Mahila Vidyalaya College.

Mahila Vidyalaya was started as a Primary School for girls in Mohalla Khialiganj in a hired building in 1895, by a group of Public spirited citizen, foremost among whom were Mr. Hira Lal Roy, Dr. H. D. Pant and Mr. Ganga Prasad Varma, the Veteran social worker in Oudh.

In the first decade of the current century came Mr. Bisheshar Prasad, the late Honorary Secretary and Manager, who is the maker and the real founder of the Mahila Vidyalaya College. He devoted himself wholeheartedly to the service of this college until his last moment (April 15, 1940) and it is to him that the College owes its present position of eminence. The Institution also owes a good deal to its late President the late Hon'ble Justice Sir Bisheshwar Nath Srivastava, Kt., O.B.E.

In 1921 the foundation stone of the present building was laid by Mr. C. Y. Chintamani, the then Ex-Minister of Education, United Provinces. Since 1922, classes have been held in the present building. The Institution was recognised as a High School in 1928, and as an Intermediate College in 1932.

In order to enable students to go in for Medical study science classes in Physics, Chemistry and Biology were started in the Intermediate classes in 1938. The Institution became very popular which may be judged from the fact that the number of girls in 1944 was 1004.

There grew up a great demand for facilities for higher studies and a genuine need was felt for starting the B.A. Classes. The Lucknow University authorities very kindly agreed to recognise it as one of their Girls Colleges and with their kind permission the B.A. classes were started in July 1939. An up-to-date separate building for the college classes has been constructed since, which is also due to the munificence of our late Honorary Secretary and Manager Mr. Bisheshar Prasad.

Classes enrolment for the year 1943-44 in B.A. I year class was 27 and for 1944-45 in B.A. I year class was 40.

The college is very centrally located being close to the Zenana Park and the Aminuddaula Park and has fairly extensive grounds. There is a double storied Hostel for the B.A. girls. Seven members of the staff are University teachers. The College is maintained by tuition fee and a special fund raised for the purpose.

The conditions of award are as follows:—

1. Applicants for the Indrajit Singh scholar- Regulations
ships should have a definite interest in their re-
search subjects and should prepare a scheme

indicating what they propose to do together with estimates of costs. Each application should be made through the Head of the Department in which the work is intended to be done, and should have his approval and recommendation. Since also some of the clinical departments do not possess laboratories, applicants for scholarships should indicate where their laboratory work, if any, is intended to be done.

2. In order to give different departments approximately equal opportunities for advancing knowledge, the order of rotation which should determine the allocation of scholarships and fellowships is: Ophthalmology, Physiology, Obstetrics and Gynaecology, Surgery, Radiology, Pharmacology, Pathology, Medicine, Anatomy. Any department which does not present an applicant at its due time in this cycle of departments must wait its time in the next cycle.

3. The Department of Hygiene should only be allotted a scholar in exceptional circumstances because it has its own staff of research workers paid by Government.

4. The ordinary tenure of the scholarship will be six months extendable to twelve. A further extension to two years may be granted provided the work done shows sufficient promise. The value of the scholarships shall be Rs. 100 per month, and from this a sum of Rs. 15 per month will be retained and only paid to the scholar when he has completed his tenure of the scholarship. Money lapsing under this rule will be available for apparatus and equipment used for these researches.

5. The quarterly reports which the trust deed requires a scholar to make to the Principal shall

be certified by the Head of the Department in which he works. The scholar shall have the right to publish the results of his researches under his own name subject to the discretion of the Head of the Department to add his name as well. The scholar shall also have the duties of stating that his work was done during the tenure of an Indrajit Singh Scholarship and of acknowledging help where this was given. But in those cases in which the results attained are not adequate for a definite publication in some journal, the scholar shall submit in triplicate his final report concerning the work done. One copy shall be kept in the department where the research was done, one shall be deposited in the College Library, and one sent to the Principal for forwarding to the Donor. When available the scholar shall submit reprints of published work for similar disposal.

Leave Rules.

1. Indrajit Singh Research Scholars are not ordinarily entitled to any leave during the tenure of their scholarship save on casual University holidays.

2. But on urgent private affairs and illness they may be granted leave on full pay by the Principal at the rate of one day for each month of service. Such leave may be granted at any time whether already earned or not.

3. At the expiry of their scholarship any leave granted to the scholars in excess of the rate of one day for each month of his service will be accounted for by the scholar either by an appropriate deduction of pay or by service without pay for the number of days taken by him in excess of leave due.

(f) The enforcement of the Library Rules.

(g) The control and discipline of the Library staff.

4. The Librarian shall keep a register, in which those who use the Library may enter the names of books, the purchase of which is suggested. Such suggestion shall be laid before the Library Committee at the next meeting.

5. All books and periodicals, manuscripts, maps, coins, charts, photographs, art objects and other exhibits shall be ordered by the Librarian and accessioned and catalogued under his supervision in the University Library.

6. The undermentioned classes of persons shall be entitled to borrow books from the Library:—

(A) Members of the Court.

(B) Members of the University Teaching Staff, and the Wardens of the Hostels.

(C) Students on the roll of the University.

(D) Registered graduates on payment of a deposit of Rs. 20.

(E) Other persons connected with the University or of a recognised position with the special permission of the Vice-Chancellor and under such conditions as he may choose to impose upon them. Such persons will be required to make a deposit of Rs. 20. The permission so

granted will normally be valid for two years only, which may be extended at the discretion of the Librarian. Such persons shall make an annual payment of Rs. 5 as library fee.

7. Every borrower will be provided with a "Borrower's Card," free of charge, and will be responsible for all the books drawn on that card, and for all fines accruing on the same. These cards will not be transferable.

In case of loss of a "Borrower's Card" a new one will be issued on payment of rupees two. A new card will be issued free of charge only when the previous one is wholly used up and returned to the Librarian.

8. The maximum number of books that can be borrowed at any one time is—

Class A	2 Vols.
" B	12 Vols.
" C	} Post-graduates	4 Vols.
"		All others	..	2 Vols.
" D and E	2 Vols.

9. Books can ordinarily be retained by—

Classes A & B for one month.

C, D and E for 14 days.

A fine of one anna per day per volume shall be charged for the delay in return of books to the Library for the first ten days after the usual period of 14 days and an enhanced fine of four annas shall be charged for each day of delay thereafter from all borrowers excepting those of Class "B". No books will be issued to any person

incurring such a fine until it has been paid. Only a person of Class B will be notified three days before the expiry of the term of their loan, thereafter if the book is not forthcoming on the demand of the Assistant Librarian, no further books will be issued to him till the previous one is returned.

10. No part of the deposit fee paid by a student on his enrolment to the University shall be refunded to him when he leaves the University, unless he produces a certificate from the Librarian to the effect that nothing is owing to the Library.

11. The Librarian may, at any time, recall any book before the expiry of the period for which it was lent, or withhold its issue.

12. Books of the following description shall not be lent out excepting those specified under (d), (e) and (f) below, and those to borrowers of Class B only:

- (a) Manuscripts.
- (b) Reference and rare books.
- (c) Books specially reserved.
- (d) The Text-books for various examinations of the University.
- (e) Books of Plates.
- (f) Back sets of Periodicals.

13. All books must be returned at the time of Stock-taking which shall be held annually in April. During the Stock-taking days the Library will be closed.

14. Books lost, injured, or defaced in any way by any of the members must either be replaced or paid for by him. In case a book belongs to a set or series and a separate volume is not available, the whole set, or series will be given to the borrower after its replacement.

Departmental Libraries.

Departmental Libraries shall be maintained where it is considered necessary by the Head of the Department. The Head of each Department shall be at liberty to borrow books for the Departmental Library with the approval of the Dean of the Faculty, who might consult the Heads of other Departments in the matter. Such books shall be considered to be on loan from the University Library to the Department concerned, but not subject to the usual time limit, and the Head of the Department shall be responsible for their safe custody.

Regulations

1. The loan of books to the Departmental Libraries should be limited to books of the following description:—

- (a) Books required by the members of the teaching staff for their class work.
- (b) Specialist books prescribed for post-graduate study. The list of such books will be recommended by the Head of the Department and passed by the Dean of the Faculty concerned.
- (c) Sets of journals and periodicals of purely technical nature.

2. All other books should be kept in the Central Library and the students be encouraged to use them there.

3. No books should be issued from the Departmental Libraries to the under-graduates, except to the second and third year Honours students.

4. Books required by more than one Department should be kept in the Central Library.

5. If a member of the staff requires a book which is in a Departmental Library, it will be re-called by the Librarian for issue to him if the said member of the staff gives at least three days' notice.

6. The rules for the issue and return of books in the Departmental Libraries should be the same as in the University Library and should be rigidly enforced.

Bonarjee Library and Art Gallery.

In 1929 Mr. D. N. Bonarjee, Barrister-at-Law, of Gola Gokaran Nath, District Kheri, inaugurated a scheme for providing text books for the use of University students who were unable to afford them, and laid the foundation of the Bonarjee Students' Library by contributing a sum of Rs. 3,000 cash towards this object. In 1932 Mr. Bonarjee added a further sum of Rs. 1,000. In that and the two following years he also purchased a large number of valuable and costly books in India and in London of the approximate value of Rs. 10,000 for the opening of a cultural section of the Library, and made these over to the University. During April-August 1935, Mr. Bonarjee made an endowment of Rs. 11,000 cash for investment in suitable trustee securities, from the interest of which the text-book section of the Library will be maintained on permanent footing; a further sum of Rs. 450 approximately was added in October following. More books of Mr. Bonarjee's own selection for addition to the Library were received from London in November, together with a small but valuable collection of Chinese and Japanese porcelains and ivories, and some models in plaster of ancient Greek and Roman art, to extend the cultural side of the Library and provide diversified interest in it to the students of the University. It is estimated that the total cost of

the Bonarjee Students' Library up to the end of 1935 is Rs. 26,000.

These books are kept in separate shelves in the University Library. Books belonging to this section of the Library are issued on the "Closed Shelf System" to all students who apply for membership in the Faculties of Arts, Science and Commerce.

On the advice of several members of the University Teaching staff, Mr. Bonarjee has decided to maintain both sections of his Library, namely a text-book and a culture section, as is the case now on a limited scale, leaving a separate Museum and Art Gallery on a larger scale, for the sole concern of the University. The new University library building having provided an opening, the Bonarjee Library is accordingly rearranged and amplified. Its location in a room of its own in the new Library building, and its designation as the Bonarjee Library and Art Gallery, shall at no time hereafter be liable to change or modification. Gifts by other persons interested in students' welfare may be received into the Library as now incorporated, but all such gifts shall be inscribed with the name of the donor without prejudice to the name, designation or purpose of the Library.

2. A special card will be issued to such students as apply for membership on payment of Re. 1 each year.

3. Not more than two books will be issued to any one student at a time.

4. No book will be allowed to be retained by any student for more than two weeks.

5. The administration of the Library will be carried out by the Librarian, University Tagore Library, a separate account being maintained for the collection of card fee and for the purchase of books.

CHAPTER XXII.

EXTRA-MURAL INSTRUCTION.

1. Extra-mural instruction shall include all Regulations instruction arranged for by the University outside the regular courses and studies for degrees and diplomas of post-graduate courses.

2. Extra-mural instruction shall at present be of the following kinds:—

- (i) Extension lectures delivered as the University or at selected centres within the territorial limits of the University.
- (ii) Special courses for teachers lasting for about a month to be arranged in co-operation with the Education Department.

eight elected members (to be elected by their respective Faculties), of whom three shall belong to the Faculty of Arts, two to the Faculty of Science, two to the Faculty of Law, and one to the Faculty of Commerce.

There will be one additional member of the Executive Committee to be elected by the members belonging to the Faculty of Medicine and those that belong to the Isabella Thoburn and Mahila Vidyalaya Colleges provided that the number of such members exceeds 40. —

[Note.—Members belonging to two or more Faculties shall only exercise the right to vote in one Faculty at their choice.]

7. The Vice-Chancellor of the University shall be the ex-officio Patron of the Union. At the beginning of the session the President and the Vice-President shall be elected from and by the members of the Union who are qualified to vote at elections under Regulation 3 above provided that the candidates for these two offices must have been students of the University for at least one year. They shall hold office to the end of the session. One who has once held the office of the President or the Vice-President shall not be eligible for election to the same office. Period of Office.

The Treasurer shall be a member of the teaching staff, and shall be nominated by the Patron. He shall hold office at the pleasure of the Patron.

The Secretary shall be elected from and by the members who are qualified to vote at elections under Regulation 3 above. Provided that the candidate for this post must have been a student of the University for at least one year. He shall hold office till the end of the academical year during which he was elected. A person who has once held the office of the Secretary shall not be eligible for election to the same office.

The Senior Librarian shall be nominated by the Patron and shall hold office at the pleasure of the Patron.

The Junior Librarian shall be elected from amongst the post-graduate students and by the members who are qualified to vote at elections under Regulation No. 3. He shall hold office till the end of the academical year during which he was elected.

The elected members of the Executive Committee shall hold office till the end of the academical year during which they were elected.

Any officer of the Union may, at any time by notice in writing to the Secretary, resign his office. If the Secretary wishes to resign, he shall send his resignation to the Patron or the President.

At the end of the academical year before they leave the University for the session, the President, the Vice-President, the Secretary and the Junior Librarian shall hand over charge of their offices to the Senior Librarian. The Senior Librarian shall carry on the work of the Union until the next elections are held and the officers and the members of the Executive Committee are elected and the elections are confirmed by the Patron. He shall conduct the elections at the beginning of every session and the elections shall take place

within three weeks from the date of the beginning of the University Session.

In the case of a casual vacancy in the office of the President, the Vice-President or the Secretary, elective membership of the Executive Committee, occurring on or before 31st January a bye-election will be held according to the election rules. In case the vacancy occurs on or after 1st February the Executive Committee shall fill up the vacancy, subject to the approval of the Patron. Any person so elected or appointed shall hold office only for the remaining portion of the tenure of the retiring person.

All elections shall be subject to the confirmation of the Patron.

DUTIES OF OFFICERS.

8. The Patron shall exercise general supervisory control over the affairs of the Union, and shall, in addition to the specific powers mentioned in these regulations, have power to call for reports from any other officer of the Union, shall decide points of dispute referred to him, and may require any immediate action to be taken on any matter concerning the Union. The proceedings of the Executive Committee and those of the general body of the Union shall be submitted to him within two days of every meeting, and no irrevocable action shall be taken on any resolution of the Executive Committee or of the general body before the Patron has seen these proceedings and has had the opportunity of requiring a reconsideration of the resolution. The consent of the Patron or of the person nominated by him shall be obtained before any person, not on the teaching staff of the University, is invited to speak or give an entertainment before the Union. In all cases, including the interpretation of the Regulations, the decision of the Patron shall be final.

President. 9. The President shall preside at all meetings of the Union and of the Executive Committee, provided that, at meetings at which only lectures are delivered, he might request some member of the teaching staff or a member of the Executive Committee to preside. He shall maintain order at the meetings, and conduct business according to the Regulations, or, where there are no Regulations regarding any particular point, according to the generally accepted procedure of general meetings and committee meetings. He shall decide on points of order raised at the meeting and his decision will be final so far as the particular meeting is concerned.

In the absence of the President, the Vice-President shall exercise the powers of the President for the purposes of that meeting. If neither the President nor the Vice-President is present at any meeting of the Union or of the Executive Committee, a chairman shall be elected from among members of the Executive Committee and he shall have all the powers of the President for the purposes of that meeting.

If the President desires to speak on a motion at a general meeting of the Union, he shall vacate the chair temporarily, which will be filled in accordance with the preceding paragraph.

Vice-President. 10. The Vice-President shall carry out the duties of the President when the President is absent.

Treasurer. 11. The Treasurer shall be incharge of the funds of the Union, and shall see that it is spent properly according to the Budget, and in accordance with any resolutions passed by the General Body or the Executive Committee. He shall countersign all indents for articles costing Rs. 10 or more. He shall make the necessary disburse-

ments directly, after receiving a certificate from the Secretary to the effect that the articles mentioned in the bill have been duly received. He shall, in particular—

- (a) draw and sign cheques drawn on the Union's accounts,
- (b) prepare the annual balance-sheet and hand over the same to the Secretary, and
- (c) receive subscriptions of associate members.

12. The duties of the Secretary shall be:—

Secretary.

- (a) to call and to attend all meetings of the Union and of the Executive Committee at his own initiative or at the instruction of the President,
- (b) to keep the Minutes of such meetings and to present them for confirmation at the next meeting,
- (c) to sign on behalf of the Union all document except drafts or cheques issued by the Treasurer,
- (d) to conduct the correspondence of the Union and to give information concerning meetings to the members of the Union,
- (e) to keep all the records of the Union, other than those kept by the Treasurer and the Librarian,
- (f) to prepare the annual report,
- (g) to supervise the work of the office,
- (h) to arrange for the purchase of requisites for the Union, and

- (i) to incur expenditure on contingencies up to a limit of Rs. 10 in the case of each item and to perform any duties which may be specially entrusted to him by the Executive Committee,
- (j) and generally, except in cases otherwise provided, to conduct the affairs of the Union,
- (k) the Secretary shall keep the President informed of all matters.

Senior Librarian.

13. The Senior Librarian, in addition to his regular duty of exercising general supervision over matters pertaining to the Union Library, will serve the purpose of preserving the continuity of the work of the Union, in view of the continually changing character of its membership. At the end of every academical year he will receive charge of the offices of the President, Vice-President, the Secretary, and the Junior Librarian. He will conduct the annual elections according to the Regulations. He is only expected to guide with his advice the students who are Officers and Members of the Executive Committee, and should, as far as possible, not take upon himself any work which can be done by the students themselves.

Junior Librarian.

14. The Junior Librarian will carry on all the usual work of the Union Library under the general supervision of the Senior Librarian, and in accordance with any directions given by the Executive Committee of the Union.

Assistant Secretary.

15. The Secretary may with the approval of the Executive Committee nominate an Assistant Secretary to help him in his duties, but the Assistant Secretary need not necessarily be a member of the Executive Committee.

He shall have the right to be present at all meetings of the Executive Committee, but shall have no vote, unless he is an elected member.

16. The Executive Committee shall have power to appoint any Committee or Committees (e.g. a Library Committee). Committees

17. The Executive Committee shall have the sole management of the funds and affairs of the Union and shall have power to do all such acts as may be necessary to carry into effect the objects of the Union. Executive Committee.

18. The Executive Committee shall have power to make bye-laws to regulate the use of the Union's premises and property.

19. The Executive Committee shall meet in the Union rooms at least once every month during term and notice (including agenda) of such meetings shall be sent to each member at least three days before the date of the meeting, and such notice shall also be posted on the notice board of the Union at the same time. Works of the Executive Committee.

An emergent meeting of the Executive Committee may be called at 12 hours' notice. A meeting of the Executive Committee shall be convened if five members of the Committee request in writing specifying the business for which they want the meeting to be convened. At such meetings no other business shall be transacted.

No question, except of a purely formal nature, shall ordinarily be considered at such meetings unless it is entered on the agenda. The President may, however, allow in cases of urgency a matter to be raised, but no resolution on such matter can be passed unless it is supported by an absolute majority of all the members of the Committee.

20. Five members of the Executive Committee shall form a quorum.

21. At a meeting of the Executive Committee all questions shall be decided by a majority of the members present and voting except in cases specially mentioned in these regulations. The Chairman of the meeting shall have a casting vote in addition to his vote as member.

Disciplinary action. 22. (a) The Executive Committee can dismiss any person appointed by itself, by the vote of an absolute majority of its members.

(b) If the Executive Committee passes by an absolute majority its members, a vote of no confidence in any officer elected by the general body, the matter shall be referred to the General House for decision.

(c) A resolution on matters referred in (a) and (b) above shall be passed only after notice of such a resolution is given to all the members at least five clear days beforehand.

23. With the exception of the Patron, any member of the Executive Committee, who does not attend any of its meetings during one term shall cease to be a member unless the Executive Committee decide otherwise. A member may, at any time by notice in writing addressed to the Secretary, resign his office.

Auditor. 24. One or more auditors shall be nominated annually by the Patron to audit the annual balance-sheet.

Registers. 25. The following registers shall be kept:—

- (a) a register of members,
- (b) a minute-book of the meetings of the Executive Committee and of the Union,
- (c) a stock-book of the Union's moveable property,

- (d) a cash book,
- (e) a register of purchase,
- (f) a ledger of receipts and expenditure,
- (g) an accession book for the Library,
- (h) a catalogue for the Library,
- (i) a minute-book of the meetings of the general body of the Union,
- (j) any other book or register prescribed by Executive Committee or the Patron.

26. Meetings of the general body of the Union shall be of three kinds:— Meetings of the Union.

- (i) private business meetings,
- (ii) meetings for debates,
- (iii) meetings for lectures.

27. **Private business meetings** will deal with the affairs of the Union itself and notice of such meetings, with the agenda of such meetings, shall be posted on the Union notice-board at least a week beforehand. The notice should also contain a statement of the resolutions to be proposed at such meetings, of which due notice has been given. At private business meetings no non-member shall be allowed to be present. At private business meetings questions relating to the affairs of the Union may be asked, when previous notice of such questions has been given. There shall be at least one private business meeting for each term. At private business meetings, the business shall be taken in the following order:—

- (a) The proceedings of the preceding private business meeting shall be read and confirmed, and signed by the Chairman,
- (b) notices of motions shall be read,

- (c) questions to officers, and supplementary questions,
- (d) discussion on resolutions.

28. At private business meetings questions may be asked of the officers of the Union relating to their official duties. Such questions shall be placed on the notice-board before 11 a.m. on the day of the meeting and not less than 24 hours' notice must be given to the officer concerned. Questions shall not occupy more than 15 minutes and the Chairman may at any time postpone questions to officers till after debate. The Chairman shall have power to rule out any question as frivolous or out of order without being required to assign reasons but the ruling shall be submitted to the Patron for revision should a two-thirds majority of members present so determine.

Meetings
for debate.

29. The business of a meeting for debate shall be conducted in the following order:—

- (a) proceedings of the preceding meeting for debate shall be read and signed by the Chairman,
- (b) debate including voting on the resolution.

30. At meetings for debates and for Lectures strangers may be allowed.

- 31. (a) The subject for debate shall be chosen by the Executive Committee and shall be in the form of a resolution,
- (b) the subject of debate for any meeting must be placed on the Union's notice-board at least five days before the day of the meeting; **ex tempore** debates may also be arranged,

- (c) the Executive Committee may, in consultation with the Patron, invite non-members to speak at a debate of the Union,
- (d) before the debate begins the President shall fix the time limit for the speakers.

32. In a debate no member except the mover shall speak more than once, but a member who has already spoken may with the permission of the Chair speak again on a motion for adjournment or on a point of order, or for the purpose of explanation.

33. The President's decision on all questions of order shall be final. If he takes part in debate he shall leave the Chair to speak.

34. At meetings for Lectures, the order of Lectures business shall be:—

- (a) Introduction of the Lecturer by the Chairman,
- (b) Lecture,
- (c) Questions on the speech of the Lecturer, if permitted,
- (d) Chairman's remarks,
- (e) Vote of thanks.

35. The Annual General Meeting of the Union shall be a private business meeting and shall take place before the end of August. The business at such meeting shall be:— Annual meeting.

- (a) to consider the annual balance sheet,
- (b) to enact bye-laws (not inconsistent with the Regulations of the Union) for regulating the affairs of the Union, and

- (c) to transact any other business relating to the affairs of the Union that may be brought forward.

Budget Meeting.

36. Budget Meeting.—A private business meeting of the General Body to consider and pass the budget of the year as prepared by the Executive Committee, shall be held before the 15th of September. Any member may, by giving due notice, propose any resolution on the budget. The resolutions passed by the meeting shall be placed before the Executive Committee, who shall then re-consider the budget. In case of difference of opinion between the General Body and the Executive Committee, reference shall be made to the Patron, whose decision shall be final.

Before the Budget is finally passed the Treasurer shall carry on the current expenditure of the Union until the Executive Committee is appointed and begins to function.

[**Note.**—The financial year for the Union shall be from the 1st August of one year to the 31st July of the following year.]

Quorum.

37. The quorum for a private business meeting of the Union shall be fifty provided that at any meeting which is to consider changes in the constitution or a resolution of no confidence in any officer or member of the Executive Committee the quorum shall be 200.

Rules for meetings.

38. At all meetings of the Union:—

- (a) theological questions shall not be discussed, nor arguments of a theological nature introduced in debate,
- (b) no personal or offensive remarks shall be made,

- (c) the Chairman may call upon any member to explain any expression used by him. If the explanation is not satisfactory the Chairman may call upon the member in question to withdraw or apologise,
- (d) the Chairman may call upon any member to withdraw or apologise for disorderly behaviour or offensive conduct. In case a member does not apologise for his unruly conduct when called upon to do so, the Chairman may order the member concerned to leave the meeting.

39. Any member may submit a point of order to the Chairman but there shall be no discussion on any such point unless the Chairman thinks fit to ask members present for their opinion thereon.

40. Every motion or amendment shall be presented or taken down in writing.

41. Every motion or amendment proposed shall be seconded: otherwise it shall drop.

42. In proposing any motion and in discussing any question each member shall address the Chair.

43. All questions from one member to another relating to the business of the meeting shall be put through the Chairman.

44. Any member who desires to bring forward any motion at any meeting shall give notice of his intention to do so to the Secretary at least four days before the meeting. Such notice shall be put upon the notice-board of the Union.

45. Any member desiring to move an amendment to such a motion shall send a notice of it to the Secretary at least four days before the date of

the meeting. Notice of such amendments shall be put upon the notice-board of the Union.

No amendment of which notice has not been given shall be moved unless it involves, in the opinion of the Chairman, a mere verbal change.

46. No motion or resolution of which due notice has not been given may be moved in a meeting except a motion to—

- (a) adjourn the meeting,
- (b) dissolve the meeting,
- (c) change the order of business,
- (d) refer any matter under consideration to any authority of the University or to a Committee,
- (e) pass to the next item of business,
- (f) propose that the question be now put.

No discussion shall be allowed in regard to any such motion or resolution.

47. When a motion that is in order has been seconded, it shall be read from the Chair before it is discussed.

48. If no member rises to speak on the motion after it has been read from the Chair, the Chairman shall proceed to put the motion to the vote.

49. Not more than one motion and one amendment thereto shall be placed before the meeting at the same time.

50. No amendment shall be proposed which would in effect constitute a direct negative to the motion; and every amendment must be relevant to the motion to which it is moved.

51. The order in which amendments are to be brought forward shall be determined by the Chairman.

52. An amendment must be seconded in the same way as a motion, otherwise it shall drop.

53. The mover of an amendment has no right of reply.

54. When the Chairman has ascertained that no other member entitled to address the meeting desires to speak, the mover of the original resolution may reply upon the whole debate.

55. No member shall speak after the mover has entered on his reply.

56. When the debate is concluded, the Chairman shall forthwith put the question to the vote.

57. Any member may with the permission of the Chairman rise, even when another is speaking, to explain any expression used by himself which may have been misunderstood by the speaker, but he shall confine himself strictly to such explanation.

58. Any member may call the Chairman's attention to a point of order even while another member is addressing the meeting but no speech shall be made on such point of order.

59. A motion or amendment which is under discussion may be withdrawn by the permission of the House by any member who has moved it; provided that if no opposition is made to such withdrawal, such permission shall be presumed.

60. A motion or amendment standing in the name of a member who is absent from a meeting may be brought forward by any other member on

the written request of the member in whose name such motion or amendment stands.

61. On putting any question to the vote, the Chairman shall call for an indication of the opinion of the meeting by a show of hands and shall declare the result thereof according to his opinion.

62. Any twenty members may demand a division. The Chairman shall thereupon give such directions for effecting the division as he shall consider expedient and shall nominate tellers to count the votes.

63. For the purpose of these rules the "term" means any of the three following periods:—

- (a) From the first day of the session to the beginning of the Dasehra vacation,
- (b) from the end of the Dasehra vacation to the beginning of the Christmas vacation, and
- (c) from the end of the Christmas vacation to the end of the session.

Changes in
the consti-
tution and
Regulations

64. Changes in the constitution of the Union and in these regulations can only be made by the Executive Council of the University either (1) on the motion of the Executive Committee and the general House of the Union, or (2) on their own initiative, after obtaining the opinion of the Executive Committee and the general House of the Union on the proposed changes.

No recommendations can be made to the Executive Council except at a private business meeting specially called for the purpose, and of which at least a fortnight's notice has been given. No proposal under this Regulation shall be placed before the meeting unless it has been previously submitted to the Executive Committee of the

Union and considered by it. At such a special private business meeting the quorum shall be 200. No proposal shall be considered to have been passed unless three-fourths of the members present at the meeting vote in its favour.

65. The Union will have a regular administrative office, which will be under the control of the Secretary. There shall be at least one full-time clerk, who shall be a member of the administrative staff of the University Office, and shall be seconded for service in the Union. His salary will be paid from the fund of the Union. The clerk shall have custody of the records of the Union. He will work under the control of the Senior Librarian during the vacation. At the time of his appointment under the Union he shall execute a bond for such sum as the Executive Committee, with the assent of the Patron, may decide. The Secretary, with the consent of the Executive Committee, may also engage such other staff as may be required. The Executive Committee shall appoint, suspend, dismiss and otherwise punish the menial staff.

66. The University shall annually deduct as rent for the Union building, from the amount realised as Union subscription a sum determined by the Executive Council of the University. If any special damages, not covered by fair wear and tear, are caused to the Union building through the negligence or conduct of the Union, the cost of such damages shall be made good from the funds of the Union.

67. The building will be at the disposal of the authorities of the Union for the purpose of the Union as defined in Regulation No. 2 of the Union Regulations. It shall not be used for any other purpose, for example political and other demonstrations, including the display of flags without the

previous approval of the Vice-Chancellor, who shall be the sole judge as to whether any particular use contemplated is permissible or not.

68. The Executive Council is entitled to prohibit the Union from using the building if it finds that it is not being used for the purposes for which it is intended.

69. In all matters not covered by the Regulations, the decision of the Executive Council of the University shall be final.

ELECTIONS.

1. The general elections shall be conducted by the Senior Librarian, who shall be the Returning Officer, and, in his absence, by some teacher appointed by the Vice-Chancellor.

2. Nomination papers shall be handed over to the R. O. and a receipt obtained for such delivery.

3. Each nomination paper shall be for one office or place only.

4. Each nomination paper shall contain the name of the proposed candidate (with his class in the University), the office for which he is nominated, his consent to such nomination, and the names (with their classes) of the proposer and seconder of such nomination.

5. The R. O. shall verify all the facts mentioned in the nomination paper and shall record on it the date of receipt.

6. A scrutiny will be held of all nomination papers by the R. O. in presence of the candidates and their proposers and seconders.

7. If the Returning Officer considers a nomination paper irregular or invalid he shall bring the matter to the notice of the Patron whose decision as to its validity will be final.

8. No member of the Union shall propose or second more names than there are vacancies for the particular post or posts. If any member has proposed or seconded more candidates than there are vacancies, all the nomination papers to which he has appended his signature will be declared invalid.

9. The R. O. shall post on the notice-board of the Union the list of all candidates proposed for various offices together with the names of the proposer and seconder in the following form:

Office.	Name of candidate (with class).	Name of Proposer (with class).	Name of Secunder (with class).	Signature of the Returning Officer that the nomination is valid.
---------	---------------------------------	--------------------------------	--------------------------------	--

10. The polling will be held by means of pointed ballot papers by the middle of August. Due arrangements for polling shall be made by the Returning Officer so that the secrecy of the ballot shall be kept. If any day mentioned in these regulations is a holiday the next working day will be understood instead.

11. There shall be different ballot papers for the elections to the offices of (1) the President, (2) the Vice-President, (3) the Secretary, (4) the Junior Librarian, (5) Representatives of the Faculty of Arts, (6) Representatives of the Faculty of Science, (7) Representatives of the Faculty of Law, (8) Representatives of the Faculty of Com-

merce and (9) any other office which may hereafter be created.

12. Ballot papers will be serially numbered both on the foil and the counterfoil and the voter shall sign his name on the counterfoil only. The note will be invalid if the voting paper is signed or bears any mark for identification.

13. The ballot paper at a general election shall be printed in the following form:

LUCKNOW UNIVERSITY UNION

194 . 194 .

Election of.....

(Name of candidates in alphabetical order)

1.

2.

3.

4.

Note.—(a) The voting paper should not be signed.

(b) Make a cross against the name of the person for whom you wish to vote.

(c) The voting paper will be invalid if more votes are recorded than there are vacancies or if the voting paper is signed or bears any other mark for identification.

14. The Returning Officer may arrange several polling booths if necessary to enable all voters to vote conveniently and may distribute the names on the electoral roll between these booths, indicating clearly outside the booths the groups of voters who are to vote there.

15. Each polling booth will be in charge of a polling officer who will be provided with a list of the voters who are required to vote there. He shall mark on this list the serial number of the ballot paper handed over to each voter and shall require the voter to sign his name on the counter foil of the ballot paper.

16. The Returning Officer shall exercise general supervision over all the booths and he may, if necessary, nominate a polling officer and a certain number of persons to help him in his work as Returning Officer.

17. The Returning Officer shall fix the hours during which voting shall take place and no voter who has not received a ballot paper before the close of the time appointed shall be allowed to vote.

18. Every voter shall go to the place for recording his vote immediately on being given the ballot paper, and he shall deposit the paper in the box after recording his vote. The paper must be deposited even if the voter does not desire to record his vote for any candidate. No voting paper once given shall be taken away from the polling booth.

19. After the close of the poll, the Returning Officer shall seal each box with his seal; any of the candidates may also affix their own seals to the box in addition if they like.

20. The Returning Officer shall take these boxes into his custody and shall be responsible for their safety.

21. The Returning Officer shall announce the time—on the day after the poll—and the place at which the counting of the votes shall take place. The counting shall be finished within two days of the poll.

22. The Returning Officer shall count the votes in the presence of any of the candidates who may wish to be present; and he may appoint a certain number of persons to help him in the counting.

23. While counting votes the Returning Officer will decide the validity of each vote and in case of doubt his decision will be final.

24. The result of the count will be immediately communicated to the Patron, who will announce the result after allowing twenty-four hours for any complaint.

25. (a) Any complaints against the proper counting of votes must be made to the Patron within twenty-four hours of the conclusion of the count.

(b) If any complaint is made about the count, the Patron will investigate the matter either personally or through some person appointed by him. The Patron's decision on the matter will be final.

26. The boxes of voting papers will again be sealed after the conclusion of the count and will be in charge of the Returning Officer till the Patron has announced the result of the election, after which the voting papers will be destroyed according to the directions of the Patron.

CHAPTER XXVII.

CONVOCATION PROCEDURE

1. A Convocation for the purpose of confer- Regulations
ring degrees and diplomas shall ordinarily be held every year in the month of November, but a Special Convocation may also be held at such other time as may be found necessary or convenient. The actual date of the Convocation in each case shall be fixed by the Executive Council.

2. Candidates for degrees and diplomas must, 15 clear days before the day fixed for the Convocation, inform the Registrar in writing of their intention to be present. No candidate shall be admitted to the Convocation who has not sent in his name to the Registrar within the prescribed time.

3. Such candidates as are unable to present themselves in person at the Convocation will be given their diplomas by the Registrar on payment of a fee of Rs. 5. A single fee of Rs. 5 will be charged even if more than one diploma is due at the same time.

4. The Chancellor, the Vice-Chancellor, and members of the Executive and Academic Councils shall assemble at the appointed hour and shall walk in procession to the place where the degrees and diplomas are to be conferred.

5. The Chancellor, the Vice-Chancellor, and the Registrar shall appear in their special robes, members of the Executive and Academic Councils and Court shall appear in the academic costume to which they are entitled in virtue of their degrees or in that prescribed for the degree of Bachelor of Arts of the Lucknow University.

6. The candidates shall wear the gowns and hoods appropriate to their respective degrees and

diplomas and shall be seated opposite to the Chancellor or the Vice-Chancellor.

7. On the approach of the procession, the candidates shall rise and remain standing until the Chancellor, the Vice-Chancellor, and the members of the Executive and Academic Councils have taken their seats.

8. The Chancellor, the Vice-Chancellor, and the members of the Executive and Academic Councils having taken their places, the Chancellor, or the Vice-Chancellor shall say:

“This Convocation of the Lucknow University has been called to confer degrees upon the candidates who have been certified to be worthy of these degrees. Let the candidates stand forward.”

Provided that Honorary degrees, if any, shall be conferred immediately after the opening of the Convocation. The recipient of the degree shall be presented ordinarily by the Vice-Chancellor who will make a speech about his qualifications. The Chancellor or the Vice-Chancellor in presenting the diploma of the honorary degree shall say to the recipient:

“By virtue of the authority vested in me as Chancellor (or Vice-Chancellor) of the University I have great pleasure in admitting you to the degree of———
honoris causa.”

9. Then the candidates standing, the Chancellor or the Vice-Chancellor shall put to them the following questions to which the candidates will answer by the words “I do promise”:—

Question 1.—Do you promise and declare that if admitted to the degrees for which

you are severally candidates, and for which you have been recommended, you will, in your daily life and conversation, conduct yourself as becomes members of this University?

Answer.—I do promise.

Question 2.—Do you promise and declare that to the utmost of your opportunity and ability, you will use your powers for the furtherance of true learning?

Answer.—I do promise.

Question 3.—Do you promise and declare that to the utmost of your opportunity and ability, you will use your powers in the service of your fellow men?

Answer.—I do promise.

10. The Chancellor or the Vice-Chancellor shall then say "Let the candidates be presented."

11. Candidates for each degree shall be presented by the Deans of their respective Faculties, who shall say—"I present to you this (or these) candidate (or candidates) and pray that he (or they) may be admitted to the degree of———."

The names of the candidates shall then be read out as they severally advance.

Diplomas will be delivered to candidates by the Registrar before actual presentation to the Chancellor or the Vice-Chancellor.

12. Candidates for diplomas in Arabic, Persian and Sanskrit shall be presented by the Conveners of the respective Boards.

13. Candidates for the Diploma in Teaching shall be presented by the Head of the Department of Teaching.

14. When all the candidates for the same degrees or diplomas have been presented the Chancellor or the Vice-Chancellor in presenting the diplomas, shall say to the candidates who shall remain standing:

“By virtue of the authority vested in me as Chancellor (or Vice-Chancellor) of the Lucknow University, I admit you to the Degree of——— in this University and I charge you, throughout your life, to prove worthy of this degree.”

15. The Chancellor (or Vice-Chancellor) shall then present the medals and prizes. The names of recipients shall be read out by the Registrar.

16. When all the candidates have been presented the Registrar shall lay the record of the degrees and diplomas that have been conferred before the Chancellor (or Vice-Chancellor), who shall affix his signature thereto.

17. The following shall be the order of presentation:—

D.Litt.; Ph.D.; D.Sc.; LL.D.; M.D.; M.S.; M.A.; M.Sc.; LL.M.; M.Com.; LL.B.; B.A. (Honours); B.Sc. (Honours); B.A. (Pass); B.Sc. Other persons shall be charged a fee which shall not be less than that paid by the regular students of the University.

Bona fide students of other Universities may also be permitted to attend short courses of lectures without payment of fees, but if laboratory work is involved they will be required to pay fees for it, on a scale to be prescribed by the Executive Council.

2. Persons who are permitted to attend classes under Regulation 1 above shall be called "casual" students.

3. Such "casual" students should apply to the Vice-Chancellor, through the Head of the Department and the Dean of the Faculty concerned. The Vice-Chancellor may grant the permission required and shall fix the amount of fees to be paid by the student which shall not be less than that prescribed for regular students of the University. This fee shall be payable in advance. The Head of the Department will not permit a "casual student" to attend classes or to use the laboratories until the fee is paid.

B.—Conduct of Examinations.

Subject to the provisions of this Act and the Statutes, the Ordinances may provide for all or any of the following matter, namely:—

* * * *

(j) the conditions and mode of appointment and duties of examiners and the conduct of the examinations: •

(1) All arrangements for the conduct of examinations shall be made by the Academic Council in such manner as may be prescribed by this Act and the Ordinances. Section 35
of the Act.

(2) If any examiner is for any cause incapable of acting as such, the Vice-Chancellor shall appoint an examiner to fill the vacancy.

(3) At least one examiner who is not a member of the University shall be appointed for each subject included in a Department of teaching and forming part of the course which is required for a University degree.

(4) The Academic Council shall appoint committees consisting of members of its own body or of other persons or of both, as it thinks fit, to moderate examination questions and to report the results of the examinations to the Executive Council for publication.

Ordinances. 1. The Registrar shall arrange for and superintend the examinations of the University, except those in the Medical Faculty in which the Dean of the Faculty of Medicine shall be the Superintendent. He shall, among his other duties, be responsible for the distribution of the question-papers at the proper time and for the collection of the answer-books.

2. Invigilators shall be appointed by the Vice-Chancellor on the recommendation of the Deans of Faculties concerned. The invigilators shall work under the direction of the Superintendent.

3. No candidate shall bring with him into the examination room papers, books, notes, or any other similar material. Any candidate bringing into the examination room any papers, books, notes, or other similar material will be fined Rs. 5 even though these notes are not on his person or table when he is answering his paper.

Provided that if the notes related to the question paper of the day, the candidate shall be dealt with under Ordinance 2.

4. Candidates found acting in a manner which in the opinion of the invigilator or by the examiner conducting a practical or oral examination, is liable to give unfair advantage to him or to another candidate, shall be forthwith suspended for the examination of the day by the invigilator or the examiner. Such invigilator or examiner shall submit a report stating full facts of the case immediately to the Superintendent, who shall submit the matter to the Vice-Chancellor for disciplinary action.

5. Any candidate who obtains or attempts to obtain any information about questions set in any examination or communicates with or causes any person to communicate with an examiner with the intention of influencing him in the award of marks shall not be allowed to pass in that year and may

in addition be debarred from examination for such period not exceeding the two following years as the Vice-Chancellor may, after considering the recommendations of the Results Committee, determine.

6. Any candidate who communicates with or causes any other person to communicate with an examiner with the intention of obtaining information about the marks secured by the candidate in any examination shall be fined Rs. 5.

7. The Superintendent shall obtain the specimen signatures of candidates appearing at the examination for purposes of identification.

8. No candidate shall leave his seat while the examination is going on without the special permission of the invigilator in charge. He shall not leave the examination-room finally until he has handed over his answer-book even though it may be blank. If a candidate wishes to communicate with the invigilator he shall stand up in his place.

9. Candidates are forbidden to write their names in any part of their answer-book. Examiners are required to report all such cases to the Registrar. **Penalty of Rs. 10 will be imposed for contravening this rule.**

10. No candidate will be admitted to the examination hall after 30 minutes have elapsed from the commencement of the examination. No candidate shall be allowed to leave the examination hall until 45 minutes have elapsed after the commencement of the examination.

11. The chief invigilator shall not allow any copies of the question-paper to be taken out of the room until 45 minutes have elapsed after the distribution of the paper.

12. In the event of misprints or errors occurring in an examination paper the invigilator shall announce the correction according to the instructions of the Superintendent. In case a candidate suspects the occurrence of a misprint, he shall stand up and refer the matter to the invigilator, who shall ask the Superintendent or the Dean of the Faculty to compare it with the manuscript copy of the paper.

13. If any question arises as to the interpretation of the foregoing Ordinances and as to whether a particular case comes within the scope of any one of them, the decision of the Vice-Chancellor thereon shall be final.

C.—Appointment of Examiners.

Sec. 20 (e)
of the Act.

The Executive Council shall, subject to the powers conferred by this Act on the Vice-Chancellor, regulate and determine all matters concerning the University in accordance with this Act, the Statutes, and the Ordinances:

Provided that no action shall be taken by the Executive Council in respect of the appointment of, and fees paid to Examiners and the number, qualifications, and the emoluments of teachers otherwise than after consideration of the recommendations of the Academic Council.

Sec. 35 (2)
and (3) of
the Act.

(2) If any examiner is, for any cause, incapable of acting as such, the Vice-Chancellor shall appoint an examiner to fill the vacancy.

(3) At least one examiner who is not a member of the University shall be appointed for each subject included in a Department of teaching and forming part of the course which is required for a University degree.

Statute 6
(c).

The Academic Council shall have the following powers, namely—

(c) To recommend the appointment of examiners after report from a Committee

constituted for the purpose, which shall consist of—

- (i) The Vice-Chancellor.
- (ii) The Dean of the Faculty concerned.
- (iii) The Head of the Department concerned.
- (iv) A member of the Academic Council to be nominated for the purpose by that body.
- (v) A member of the Faculty concerned to be nominated for the purpose by that body.
- (vi) A member of the Committee of Courses and Studies concerned to be nominated for the purpose by that body.

One internal and one external examiner shall be appointed for the examination of such Theses as are required in the different subjects for the M.A. examination. Regulations

D.—Moderation of Question Papers.

The Academic Council shall appoint Committees consisting of members of its own body or of other persons or of both, as it thinks fit, to moderate examination questions and to report the results of the examinations to the Executive Council for publication. Sec. 35 (4) of the Act.

1. Where papers are set in collaboration with the Head of the Department the moderating of the question papers shall not be necessary. Regulations

*2. The moderating of all papers in a particular subject shall be done by the Head of the

*Moderators from outside U.P. should only be appointed when the Vice-Chancellor is satisfied that this is absolutely necessary (vide Resolution No. 14 of Executive Council, dated 2nd April, 1937).

Department and the member of his Committee of Courses and Studies who has been appointed its representative on the Committee for the selection of examiners and in case both these members are teachers in the University, a third person having expert knowledge of the subject who is not a teacher in the University, should be recommended by the Committee constituted for the nomination of examiners.

3. For the Supplementary Examinations, the question papers may be moderated by the Head of the Department concerned or by the representative of the Committee of Courses and Studies concerned on the Committee for the appointment of examiners and failing him by a teacher of the University nominated by the Head of the Department concerned.

E.—Examination Results.

Sec. 35 (1) The Executive Council shall publish the results of the University examinations.

Sec. 35 (4) The Academic Council shall appoint Committees, consisting of members of its own body or other persons or of both, as it thinks fit, to moderate examination questions and to report the results of the examinations to the Executive Council for publication.

Ordinances. 1. The Vice-Chancellor and the Deans of the Faculties, with the Registrar as Secretary, shall form a Committee to determine in accordance with rules in this behalf and to report to the Executive Council the results of the examinations when the marks have been tabulated. The Conveners of the Boards of Oriental Studies in (i) Arabic and Persian, (ii) Sanskrit and the Convener of the Advisory Board for the Diploma in Teaching shall also be members of the Results Committee in determining the results of the Diploma examinations in Arabic, Persian, Sanskrit and Teaching.

2. The Committee shall have available for consideration (a) the results of the various terminal examinations, indicating the marks and class obtained by students, and (b) the reports of class and tutorial work of individual students, which shall be submitted to the Dean of the Faculty concerned by the Heads of Departments in the various subjects of study with their recommendations.

3. In determining whether a candidate on the border line (a) should pass or (b) should be placed in a division higher than that assigned on the tabulated results, the Committee shall consider the results of his terminal examinations and reports on his class and tutorial work.

4. The Committee shall also consider the cases of candidates reported as having used unfair means and determine the action to be taken in each case.

Note.—Ordinances 2 and 3 will not be applicable to examinations in the Faculty of Medicine, and to private candidates.

Examinations of Ph.D., D.Litt. and D.Sc. Thesis.

1. Before submitting the results of the Ph.D., Regulations D.Litt., and D.Sc. examinations for publication to the Executive Council under Section 20(1) of the Act, the reports of examiners shall be submitted to the Results Committee.

2. If the Committee is satisfied that the reports of the examiners are clear they may recommend to the Executive Council that the results be published.

3. If, however, the reports show a divergence of opinion between the examiners, the Committee may direct that the reports be exchanged between them the examiners being requested to submit a joint report, if possible.

4. After considering the revised reports the Committee may recommend to the Executive Council, if necessary, that the Thesis together with the reports be referred to another external examiner, whose award shall be final.

5. At all meetings of the Results Committee convened for the Ph.D., D.Litt., or D.Sc. examination the internal examiner shall be a co-opted member.

6. When a candidate is declared eligible for the award of the degree of Ph.D., D.Litt., or D.Sc., the final reports of examiners may be made available to him at the discretion of the Committee. A copy of the Thesis shall be kept in the University Library.

F.—Remuneration to Examiners.

Ordinances. 1. Remuneration to Examiners shall be allowed according to the scale given below. For doing any work for which no fee has been prescribed, the Executive Council shall, as necessity arises, fix such fee as it may consider reasonable.

In calculating remuneration to examiners, two or more identical question papers, even if set for distinct examinations shall count as a single paper.

2. Examiners, who do not ordinarily reside in Lucknow shall be allowed Travelling and Halting Allowances according to the standing rules prescribed by the University in that behalf, in addition to the remuneration to which they may be entitled under the rules herein laid down.

3. Fee for the Practical, Clinical, or Oral examination is intended to cover the whole of that examination whether conducted on paper or orally, or partly oral and partly on paper.

4. The internal examiners shall get the same fee as the external examiners for setting and valuing the papers:

Provided that no remuneration shall be paid to internal examiners in Diploma examinations in Sanskrit.

5. In the case of Arts, Science, and Commerce, the internal examiners shall receive no fees for the **Viva Voce** or Practical examinations.

6. In the case of the Faculty of Medicine such internal examiners as are allowed private practice shall receive fees for the **Viva Voce** or Practical and Oral examinations.

There shall be no minimum in the case of internal examiners in Medicine in the **Viva Voce** or Practical and Oral, and the maximum shall be as laid down for the minimum allowed to external examiners.

7. The M.Sc., M.Sc. Part I, M.Sc. Part II, and B.Sc. Honours Practical examinations shall, as far as possible, be held simultaneously or on consecutive days, and shall, as far as possible, be conducted by one external examiner and one internal examiner except in Chemistry, in which the number of external examiners shall not exceed two.

When one external examiner conducts two or more Practical examinations the fee payable to him shall not exceed Rs. 150.

8. The remuneration for examining a thesis in M.A. or M.Com. shall be Rs. 15 per student, subject to a minimum of Rs. 75, payable to the external examiner only provided that only one external examiner is appointed for each subject but not for each topic.

9. In the event of a paper-setter failing to value the answer-books of the particular paper the remuneration for setting the paper shall be divided equally between the paper-setter and the person who values the answer-books.

10. In the event of there being more than one paper-setter or examiner in any paper, the remuneration for setting the paper and for valuing each answer-book shall be divided equally among the paper-setters or the examiners as the case may be.

11. If the question paper be not sent to the Registrar within the time fixed, the defaulter will **ipso facto** cease to be an examiner, unless sufficient cause is shown for the delay before the expiry of the time fixed.

*12. If the marks be not sent in time to the Tabulator, a deduction of Rs. 5 a day for each day of delay shall, unless especially remitted by the Executive Council for good cause shown, be made for the first five days, Rs. 10 per day for the next five days, and Rs. 20 a day for any further delay.

13. A deduction of Rs. 5 for each day of delay shall be made, if the marked answer-books be not returned to the University Office within a week after the valuing is finished.

14. A deduction made under Rules 12 and 13 above shall be carried out in the bill of the examiner when presented to the Registrar for payment.

CHAPTER XXXIII.

THE EXAMINATIONS—FACULTY OF ARTS.

A.—ORDINANCES AND REGULATIONS.

Bachelor of Arts (General).

[These Ordinances apply both to B.A. (Pass) and
B.A. (Hons.)]

1. Candidates shall not be admitted to the final examination or to any part of the examination prescribed for the degree of Bachelor of Arts unless they have— Ordinances.

- (i) completed a regular course of study as prescribed for that degree and furnished a certificate signed by the Dean of the Faculty that they have attended 75 per cent of the University lectures and tutorials (counted separately), in each subject offered by them for the examination;

provided that in special cases and for sufficient cause shown, the Vice-Chancellor may, on the recommendation of the Dean, condone a shortage of attendance to the extent of six lectures or six tutorials in each subject of study, except in Mathematics, where the number of lectures or tutorials shall be nine;

- (ii) fulfilled the conditions laid down for the residence of students;
- (iii) satisfied the requirements of the Regulations* prescribed for the Test and Terminal examinations.

*These Regulations are printed after Ordinance 2.

2. A candidate who fails to appear in or pass an examination shall attend not less than 75 per cent of a fresh course of lectures and tutorials during a subsequent full academic year before he is permitted to appear or re-appear at the examination of that year.

Test and Terminal Examinations.

Regulations 1. Every student reading for the B.A. degree (Pass or Honours) shall appear at the Terminal Examinations to be held ordinarily as follows:—

1st year:—Two examinations: One in the second term and one in the third term.

2nd year:—One examination in the second term.

2. Absence from the examination for any reason whatsoever shall be reckoned as failure in the examination.

Absence on a day on which a student is to take a paper shall be reckoned as two days' absence for the purpose of counting 75 per cent attendance required for admission to the degree examination.

3. The results of all Terminal examinations shall be recorded in the Dean's Office and shall be considered in the case of the first year students at the time of promotion. In the case of the second year students they shall be available for the committee which brings out the University results.

4. In determining promotion from the 1st to the 2nd year the following rules will be observed:—

(a) Students who pass the 2nd Terminal Examination:—

(i) in all subjects, or

(ii) in two subjects, having passed the remaining third subject in the preceding Terminal Examination, will be promoted to the 2nd year class.

- (b) Students who pass in all subjects in the 1st Terminal Examination but from some unavoidable cause are unable to appear in the 2nd Terminal Examination shall be promoted to the 2nd year class.
- (c) The Honours students will be required to pass in their Honours subject also at the 2nd Terminal Examination before being promoted: provided that the Dean of the Faculty concerned may grant exemptions in exceptional cases.
- (d) Students who fail in the same subject in both Terminal Examinations shall not be promoted.
- (e) Students taking Military Science must also pass in a practical Examination prescribed under the Regulations before they can be promoted.
- (f) Subject to the foregoing rules, the promotion of all doubtful cases shall rest with the Dean concerned.

5. Students of the 2nd year B.A. class will not be permitted to proceed to the Final Examination if the Dean of the Faculty considers their conduct or tutorial and terminal examination records to be unsatisfactory.

6. Every student reading for the M.A. or B.A. Hons. degree shall appear at a Terminal Examination to be held as follows:—

**M.A. Part I, M.A. Part II, M.A. and
3rd Year Hons.**

One examination in each year in the second term.

- (1) Absence from the examination for any reason whatsoever shall be reckoned as failure in the examination.

- (ii) Absence on a day on which a student has to take a paper or a practical examination shall be reckoned as two days' absence for the purpose of counting 75 per cent attendances required for admission to the Degree examination.
- (iii) The results of all the terminal examinations shall be recorded in the Dean's Office. They will be placed before the Results Committee and will be considered in the award of Scholarships, Fellowships, grace marks, etc.
- (iv) Students will not be permitted to proceed to the Degree examination if the Dean of the Faculty considers their conduct or tutorial and Terminal Examination records to be unsatisfactory.

Bachelor of Arts (Pass).

Ordinances 1. Courses of study for the B.A. Pass degree shall extend over a period of two academic years, one of which shall be the academic year preceding the examination, and the Degree Examination shall be held at the end of the second academic year.

A candidate who has appeared privately according to the regulations for the B.A. Examination and has failed in that examination may be admitted, on the recommendation of the Dean, Faculty of Arts, to the 2nd year B.A. in any succeeding session.

2. Every candidate shall be required to pass in a group of three subjects and General English. The following groups shall be permitted:—

- (a) (i) A Classical Language,
or,
Urdu with Persian,

- or
Hindi with Sanskrit;
- (ii) History; and
- (iii) Philosophy,
- or
Political Science,
- or
Economics
- (b) (i) English;
- (ii) A Classical Language,
- or
Urdu with Persian,
- or
Hindi with Sanskrit;
- and
- (iii) Philosophy,
- or
History,
- or
Political Science,
- or
Mathematics.

(Provided that arrangements can be made for teaching of subjects in this group).

- (c) (i) English;
- (ii) Economics,
- or
Philosophy; and
- (iii) Mathematics,
- or
Political Science,
- or
A Classical Language,
- or
Urdu with Persian,
- or
Hindi with Sanskrit;

4. Notwithstanding anything contained in Ordinance No. 1 of Bachelor of Arts (Pass) and Ordinance No. 1 of Bachelor of Arts (General), a teacher in an educational institution shall be eligible to appear* at the examination provided—

- (i) That by the date of examination not less than two academical years shall have elapsed since his passing the Intermediate Examination of an Indian University incorporated by law or an examination recognised by the University as equivalent thereto, and
- (ii) That at the time of application he has been teaching for a period of at least 18 months in a recognized educational institution situated within the territorial jurisdiction of the University and duly certified by its Head, either—
 - (a) as a teacher of the University, or
 - (b) as a whole-time teacher of a school or college, or
 - (c) as a part-time or honorary teacher of a school or college, giving not less than twelve hours of instruction per week.

5. The examination for the degree of Bachelor of Arts shall be by means of papers.

Provided that candidates who have taken Military Science shall also be required to undergo a practical Examination including tests of Physical fitness and endurance.

6. Name of successful candidates shall be arranged in three divisions. Candidates who obtain 60 per cent and upwards of the aggregate marks shall be placed in the first division. Candidates who obtain 48 per cent and upwards of the

*Permission to appear as a teacher or as an ex-student will be subject to the general condition that only those options are offered in any particular year for which question-papers are being set for regular students.

aggregate marks shall be placed in the **second** division. Candidates who obtain 36 per cent and upwards of the aggregate marks shall be declared to have passed and shall be placed in the **third** division. Names shall be arranged in alphabetical order within the divisions.

7. In order to pass, candidates must obtain 33 per cent of the total marks in each subject.

8. If a student gets at least 25 per cent marks in one subject and 40 per cent marks in each of the others he may be allowed to appear in the following July in the subject in which he failed without further attendance at lectures and, if successful, shall be declared to have passed the examination without being placed in any division. Permission to appear in General English at the Supplementary examination due in July may be granted also to students who have passed the examination for the B.A. degree (Pass or Honours) but have failed in General English.

Bachelor of Arts (Honours)

Ordinances 1. There shall be the following Honours Schools in the Faculty:—

- (i) English.
- (ii) Philosophy.
- (iii) European History.
- (iv) Indian History.
- (v) Political Science
- (vi) Economics and Sociology.
- (vii) Arabic.
- (viii) Persian.
- (ix) Sanskrit and Prakrit Languages.
- (x) Mathematics
- (xi) Hindi with Sanskrit.
- (xii) Urdu with Persian

2. Courses of study for the degree of B.A. Honours shall extend over a period of three academic years and there shall be an examination at the end of the third academic year. Students will not be permitted to enter for the examination for Honours later than the end of the fourth year from their admission to the B.A. course.

3. Every candidate for the degree of B.A. Honours shall, in addition to his Honours subject, be required to pass an examination in each of two subsidiary subjects and General English. The subsidiary subjects which may be taken with a particular principal subject will be determined by the Dean, subject to the approval of the Academic Council.

4. The examination in the subsidiary subjects may be taken at the end of the second year, and shall be identical with the B.A. (Pass) degree examination in those subjects.

5. An Honours student may at the end of the second year take the paper of the B.A. (Pass) examination in his principal subject and if he passes it and in the subsidiary subjects may graduate with the B.A. (Pass) degree.

6. A candidate for an Honours degree who fails in one or both of the subsidiary subjects at the end of his second year may appear again at the end of the third or fourth year in the subject or subjects in which he has failed, provided that no candidate for an Honours degree will be permitted to appear for examination in his subsidiary subjects more than twice.

7. A candidate for an Honours degree who attains the necessary standard in his subsidiary subjects, but who fails to attain the Honours standard in his principal subject shall, subject to the provisions of Ordinance No. 1 (under "Bachelor of Arts--General"), be allowed to present himself

for re-examination in that subject at the end of the next year, and, if successful, shall be given as Honours degree, but without class.

8. Candidates who have failed to obtain Honours may, if they attain the prescribed standard, be recommended for a Pass degree.

9. If an Honours student, having completed his course of study, fails to obtain either an Honours or a Pass degree, he may be allowed to take the Pass examination in all the three subjects after one year of further study.

10. Students who hold a Pass degree or who are eligible to appear in one subject only under Ordinance 8 for B.A. Pass and wish to take an Honours degree may be admitted to the second year Honours class in the subject of their choice which must be one of those taken for the Pass degree and qualify by a two years' course of study to appear at the examination in Honours.

Provided that the period may, by the Academic Council, on the special recommendation of the Dean, be reduced to one year in the case of students who have passed the B.A. Examination in the first division.

11. Candidates who have passed the examination of one Honours School may, after pursuing a further course of study approved by the Dean for at least one and not more than two academic years, be admitted to the examination of any other Honours School. Such candidates shall be required to take the papers in the principal subject of their second Honours School only and not in any subsidiary subject.

12. Students who are reading for an Honours degree may, on the recommendation of the Head of the Department concerned, be transferred by the Dean to the Pass course.

13. A candidate who having completed a course of study is prevented by sickness from appearing in or completing the examination, may supplicate for an **Aegrotat** degree. The cases of such candidates will be decided by the Academic Council upon the records of class work.

The degree will be described as an **Aegrotat*** degree upon his Diploma and for purposes of admission to subsequent examinations will be treated as a Pass degree.

14. Provided they have been teaching for a period of 18 months in a recognized educational institution situated within the territorial limits of the University teachers who have passed the B.A. degree may, without residence, appear privately at the B.A. Honours examination in one of their degree subjects three years after graduating.

15. The examination for the degree of Bachelor of Arts with Honours shall be by means of papers.

16. Candidates who pass the examination shall be classified in three divisions:—

First division, candidates obtaining not less than 60 per cent of the total marks in the Honours subject.

Second division, candidates obtaining between 48 per cent and 60 per cent of the total marks in the Honours subject.

Third division, candidates obtaining between 36 per cent and 48 per cent of the total marks in the Honours subject.

***Aegrotat** degrees cannot be awarded to students who have not taken Honours course and Honours students can get only an **Aegrotat** Pass degree (*vide* Resolution No. 7 of Faculty of Arts, dated 14th November, 1938).

Candidates obtaining not less than 30 per cent of the total marks in the Honours subject may be allowed a Pass degree.

17. Names of successful candidates shall be published together with the principal subject in which they have passed: they shall be classified in three divisions and arranged in order of merit within the first division and in alphabetical order within the second and third divisions.

***Examination in General English.**

1. The examination in General English for the B.A. and B.Sc. (Pass and Honours) and B.Com. candidates shall be the same as Paper I and Paper II of English (General Section) as detailed in the course of study in English for the B.A. (Pass) examination.

2. No candidate other than a teacher, or a B.Com. who has taken the degree prior to 1929, shall be permitted to appear in the examination for General English unless he has attended 75 per cent of the class-lectures and tutorial for the same, up to the date of the examination. Such attendance shall not be required for more than two academic years.

3. A candidate may take this examination in any year. He may be admitted to the examination for the B.A. or B.Sc. degree (Pass or Honours) or B.Com. Final examination, but shall not be eligible for the degree until he has passed the examination in General English.

(Note.- The fact that a candidate has passed the examination in General English shall be mentioned in the Diploma.)

*The marks obtained by a candidate in General English shall not count for class or division in the Degree examination.

Master of Arts.

(For Honours Graduates.)

1. Admission to the courses for the degree of **Master of Arts** shall be restricted to (a) candidates who have graduated with Honours at this University and (b) graduates with Honours of any other recognised University*: provided that the regular courses for their Honours degree extended over three academic years, and that the applications of these candidates be approved by the Academic Council. Ordinances.

2. A candidate may, not less than one year after passing the B.A. Honours examination, present himself for the M.A. degree examination in the subject in which he took honours.

3. The degree of Master of Arts shall be conferred on candidates who have graduated with Honours: provided they have—

(a) completed a further course of study or research approved by the University, subject to the provisions of Ordinance No. 1 under "Examination—Miscellaneous".

(b) fulfilled the conditions laid down for the residence of students, and

(c) passed a prescribed examination which may include examination on a dissertation.

4. A teacher who has passed the B.A. (Honours) examination may be permitted by the Academic Council to appear privately at the M.A. examination in the subject in which he took Honours, not less than two years after graduation: provided that at the time of application he has

been teaching for a period of at least 18 months in a recognized educational institution situated within the territorial jurisdiction of the University and is duly certified by its Head, either—

- (a) as a teacher of the University, or
- (b) as a whole-time teacher of a School or College, or
- (c) as a part-time or honorary teacher of a School or College, giving not less than twelve hours of instruction per week.

(For Pass Graduates)

Ordinances. 1. The degree of Master of Arts shall be conferred on graduates who have pursued a regular course of study in the University for not less than two academic years since taking their Bachelor's degree and have fulfilled the condition laid down for the residence of students and have passed the prescribed examination.

2. A student's choice of subject in the M.A. examination shall be restricted to one of the subjects taken for the Bachelor's degree:

Provided that:—

- (i) Candidates who have obtained the B.Com. degree of the University, or of the Agra University or of the University of Allahabad, or of the Calcutta University, or of the Andhra University may be permitted to take up courses in Economics for the M.A. degree.
- (ii) Graduates of other recognized Universities which have no independent course in Political Science may be permitted to take up courses in Political Science for the M.A. degree if

their degree course has included both History and Economics with at least one paper in Political Science either in the one subject or the other.

- (iii) Students who have taken the B.A. degree in History or Economics without Political Science as one of their subjects from any recognized University or the B.Com. degree of the Agra University may, not less than one year after graduation, appear without attending lectures in the one subject, i.e., Political Science of the B.A. examination of this University, and if they pass in it may be permitted to take up courses in Political Science for the M.A. degree.
- (iv) A Master of Arts of the Lucknow University or any other recognized University may be permitted to take up courses for the M.A. degree in any other subject which in the opinion of the Dean is allied to the one he took up for his M.A. degree previously.
- (v) Students who have taken the B.A. degree but who have not taken English as one of the three subjects for the B.A. examination, or the B.Sc. or B.Com. degree of the University, or of any recognized University may, not less than one year after graduation, appear without attending lectures, in the Special Section, English, of the B.A. examination, and if they pass in it may be permitted to take up courses in English for the M.A. degree.

3. The examination shall consist of two Parts, Part I and Part II.

4. A student after completing a regular course of study for not less than one academic year shall be admitted to Part I of the M.A. examination of that year.

5. Part II of the examination in any subject shall be open to all students who have since passing Part I in that subject prosecuted a regular course of study for not less than one academic year subject to the provisions of Ordinance No. 1 under "Examinations—Miscellaneous."

6. Divisions shall be awarded on the combined results of the examination in Part I and Part II.

7. A teacher who has taken the Bachelor's degree of the University or of any approved University may be permitted by the Academic Council to appear* privately at Part I of the M.A. examination, not less than two years after graduation: provided that he is either—

(a) a teacher of the University, or

(b) either a whole-time teacher or a part-time or honorary teacher, giving not less than 12 hours' instruction per week who has been regularly employed for a period of at least 18 months in a school or college situated within the territorial jurisdiction of the University and recognized by the University for the purpose.

*Permission to appear as a teacher or as an ex-student will be subject to the general condition that only those options are offered in any particular year for which question papers are being set for regular students.

Part II of the examination shall be open* to teachers who have passed the Part I examination, provided they have been teaching continuously in a recognized educational institution situated within the territorial jurisdiction of the University during the intervening year.

Teachers may be permitted to appear* privately at the M.A. examination in those subjects in which regular students are admitted under the provisos to Ordinance 2 *supra*.

(For both Pass and Honours graduates)

1. The examination for the degree of Master of Arts shall be by means of papers, provided that in cases so specified a thesis may be offered in lieu of one of the papers or in lieu of two papers (Papers III and IV) in Political Science and that if the examiners of the thesis consider it necessary, the candidate who offers the thesis may be required to undergo a **viva voce** test on the subject of the thesis. Ordinances

Candidates shall also be required to undergo a **viva voce** test in the Final examination except in the case of Mathematics.

2. Names of successful candidates shall be published in such form as to indicate the subjects in which they have passed and to show whether they have presented any dissertation; and shall be arranged in three divisions:—

- (i) **First** division, candidates obtaining 60 per cent and over of the aggregate.
- (ii) **Second** division, candidates obtaining below 60 per cent but not less than 48 per cent.

*Permission to appear as a teacher or as an ex-student will be subject to the general condition that only those options are offered in any particular year for which question papers are being set for regular students.

- (iii) **Third** division, candidates obtaining below 48 per cent but not less than 36 per cent.

The names of those who pass in the first division shall be arranged in order of merit and of those who pass in the second and third divisions in alphabetical order.

*3. Under no circumstances shall a candidate who in the M.A. examination or in Parts I and II, fails to secure 30 per cent marks in more than one paper be certified to have passed the examination.

4. A "regular course of study" means attendance at not less than 75 per cent of the lectures constituting the course of study in a particular subject:

Provided that in special cases and for sufficient cause shown, the Vice-Chancellor may, on the recommendation of the Dean, condone a shortage of attendance to the extent of twelve lectures in each subject

5. The subject of the examination shall be one of the following:—

- (i) A Language.
- (ii) Mental and Moral Science.

Procedure to be followed in connection with the thesis in the M.A. Examination.

1. Every candidate presenting a Thesis in Regulations lieu of a paper or in lieu of two papers (Papers III and IV) in Political Science in the M.A. examination, shall apply for permission to do so not later than the first week of the second term. He shall at the same time declare the topic on which he intends to submit his Thesis.

2. The permission to present a Thesis shall be granted by the Dean of the Faculty on the recommendation of the Head of the Department concerned. The names of such candidates together with the topic chosen shall be recorded in the Registrar's office.

3. Permission to change a Thesis for a paper or the subject of the Thesis shall not be granted after the end of the second term.

4. A candidate shall submit his Thesis to the Registrar a fortnight before the commencement of the examination.

5. The Registrar shall deal with the Thesis* in the same way as he deals with the examination answer-books.

6. The Thesis shall be jointly valued by an external and an internal examiner. The candidates, if considered necessary by the examiners, may be required to undergo a *viva voce* test on the subject of the Thesis but no additional marks will be awarded for the test.

***Note.**—Notwithstanding anything to the contrary

*Theses approved by examiners shall be kept by the University for five years (*vide* Resolution No. 15 of the Executive Council dated the 31st October, 1930).

DOCTOR OF PHILOSOPHY.**

Ordinances. † 1. Application for permission to enter upon a course of study for the degree of Doctor of Philosophy must be made at the commencement of any University term through the Head of the Department and the Dean of the Faculty concerned, mentioning the subject on which a candidate proposes to work.

2. The Faculty shall approve the subject of the candidate and appoint a supervisor to guide his research, on the recommendation of a committee consisting of the teachers of the department concerned, with the Head of the Department as convener.

3. A candidate for the degree of Ph.D. shall have taken the M.A. degree of this University or of any approved University.

Provided that the Faculty may grant permission to a candidate who has taken the M.Sc. degree of this or of any approved University on the recommendation of the Dean and the Head of the Department concerned, to enter upon a course of study for the Degree of Ph.D. on condition that the candidate satisfies the Faculty that he has passed some test in the subject in which he wishes to take his Ph.D.

4. Before a candidate is permitted to supplicate for the degree of Ph.D. he must be certified by the Head of the Department and the Dean to have been engaged in his research work for not less than two academic sessions or six terms.

**These new Ordinances are in force from the session 1937-38. The old Ordinance shall continue to apply to those students who had already joined the Ph.D. class before the session 1937-38.

†It is not necessary for Masters of Arts of the Lucknow University to be formally admitted to the Ph.D. class before commencing research work.

‡For the list of approved Universities see Chapter XXX.

5. Candidates who have taken the M.A. degree of the Lucknow University may be exempted from residence in Lucknow by permission of the Dean on the recommendation of the Head of the Department concerned.

6. Candidates who have taken the M.A. degree of any other University shall be required to reside in Lucknow for six terms before presenting their dissertation. The Head of the Department may grant permission to a candidate to reside outside Lucknow for purpose of collecting material for his thesis for not more than three terms out of these six terms; such exemption shall not be granted either for the first term or for the last (i.e., the sixth) term, nor for more than two consecutive terms.

7. Teachers and Research Assistants* in the University who hold the degree of M.A. in this or any other University, may be permitted by the Faculty to present a thesis for the degree of Doctor of Philosophy after three years' service in the University. They will be required to notify the Registrar at least six months before the date on which they propose to present the thesis.

8. A candidate will not be eligible to supplicate for the degree of Doctor of Philosophy unless he has obtained a certificate of Proficiency in French or German of this or any other approved University or unless he has been specially exempted by the Faculty on the recommendation of the Dean and the Head of the Department concerned.

9. A candidate for the degree of Doctor of Philosophy must submit three printed or typewritten copies of the thesis, accompanied by the

*'Research Assistant' means a person assisting a teacher in his research work and recognised by the Executive Council as such.

prescribed fees. He shall also submit a brief abstract of his thesis and indicate in a prefatory note what part of the thesis he claims as original and what sources he has used.

10. A thesis which has already been presented for the M.A. degree will not again be accepted for the degree of Ph.D., but it may be wholly or partly included in an extended investigation, provided that the part so included be clearly indicated. The thesis shall embody a definite contribution to knowledge.

11. If the examiners consider the thesis to be of sufficient merit they may recommend that the candidate should receive the degree without further examination, or they may require him to undergo an examination which may be written or oral or both, on the subject of his thesis.

12. The report of examiners shall be laid before the Results Committee. If the Committee is satisfied that the reports of the examiners are unanimous and definite, they may recommend to the Executive Council that the result be published. If, however, the reports show a divergence of opinion between the examiners, the Committee may direct that the reports be exchanged between them, the examiners being requested to submit a joint report if possible. The Committee may, at its discretion, and shall, if the reports are conflicting even after an exchange of views, refer the thesis to another external examiner.

13. A printed or type-written copy of each accepted thesis will be lodged in the University Library where it will be open to public inspection.

A summary of not more than 1,000 words shall also be furnished by the candidates, to be published as the University may direct.

14. The dissertation submitted for the degree of Ph.D. shall be on some branch of one of the following subjects:—

- (i) Philosophy.
- (ii) History.
- (iii) Economics and Sociology.
- (iv) Mathematics.
- (v) English.
- (vi) Sanskrit.
- (vii) Arabic.

DOCTOR OF LITERATURE.

1. Applicants for the degree of Doctor of Literature shall have taken the Ph.D. degree of the Lucknow University or any other approved University not less than five years before submitting their work for the D.Litt. degree. Ordinances.

Provided that a candidate who has not taken the Ph.D. degree from this University shall have carried on research for not less than three terms under the supervision of the University.

Provided further that the period of five years may be reduced in the case of Ph.D.'s who are also first class M.A.'s of more than 10 years' standing, with the approval of the Head of the Department and the Dean of the Faculty concerned.

The candidate shall notify to the Registrar at least six months before he proposes to submit his work.

Exception—Teachers and Research Assistants, who have previously obtained the Master's degree and have been in the service of the University for not less than ten years, may be permitted

by the Faculty to supplicate for the D.Litt. degree without having first obtained the Ph.D. degree.

2. The Faculty shall approve the subject of the candidate and appoint a supervisor to guide his research on the recommendation of a committee consisting of the teachers of the Department concerned, with the Head of the Department as Convener.

3. Every candidate for the D.Litt. degree should submit the whole of his research work with full particulars about the portions which he claims as his own and what parts of it had been previously submitted and approved for another degree. Joint work may be submitted in support of candidature, but the degree shall not be awarded solely on the basis of this work.

4. Candidates who have obtained the Ph.D. degree under Ordinances in force upto 1937, which provided for only one Doctor's degree, may supplicate for the D.Litt. degree on the basis of their work submitted for their Ph.D. degree and any additional work that may be available, provided that the examiners shall be notified that the previous work has already been submitted and approved for the degree of Ph.D.

5. There shall be no *viva voce* examination.

6. The degree of D.Litt. will not be awarded until the work approved for it has been published and three copies have been sent to the Registrar.

6A. Notwithstanding any thing contained in Ordinance 6, the degree may be awarded even without the publication of the thesis which may be deferred till within a year after the war.

7. A candidate for the degree of Doctor of Literature must submit three printed or type-written copies of the thesis, accompanied by the prescribed fees. He shall also submit a brief

abstract of his thesis and indicate in a prefatory note what part of the thesis he claims as original and what sources he has used.

8. A thesis which has already been presented for the Ph D. degree will not again be accepted for the degree of D.Litt., but it may be wholly or partly included in an extended investigation, provided that the part so included be clearly indicated. The thesis shall embody a definite contribution to knowledge.

9. If the examiners consider the thesis to be of sufficient merit they may recommend that the candidate should receive the degree without further examination or they may require him to undergo an examination on the subject of his thesis.

10. The report of examiners shall be laid before the Results Committee. If the Committee is satisfied that the reports of the examiners are unanimous and definite, they may recommend to the Executive Council that the result be published. If, however, the reports show a divergence of opinion between the examiners, the Committee may, direct that the reports be exchanged between them, the examiners being requested to submit a joint report if possible. The Committee may, at its discretion, and shall, if the reports are conflicting even after an exchange of views, refer the thesis to another external examiner.

11. A printed or type-written copy of each accepted Thesis will be lodged in the University Library where it will be open to public inspection.

A summary of not more than 1,000 words shall also be furnished by the candidate, to be published as the University may direct.

12. The dissertation submitted for the degree

of D.Litt. shall be on some branch of one of the following subjects:—

- (i) Philosophy.
- (ii) History.
- (iii) Economics and Sociology.
- (iv) Mathematics.
- (v) English.
- (vi) Sanskrit.
- (vii) Arabic.

Doctor of Literature (Honoris Causa)

Ordinance . The degree of Doctor of Literature may be conferred as an honorary degree in accordance with the provisions of Statute 14, upon any person, on the ground that he is, by reason of eminent position and attainments or by virtue of his contribution to the cause of learning, a fit and proper person to receive such a degree.

Diploma in Psychology.

I

Preamble:

It is expected that the application of Psychology in the fields of Education and Industry will be more and more stressed. The study of industrial fatigue and similar problems have already been considered in the various schemes of amelioration of the conditions of labour. It is hoped that in the field of education, Psychology will be applied to a much greater extent than at present.

The recent proposals of the Government of the United Provinces to inaugurate a scheme of mental testing indicate this tendency. It is

necessary for the success of these and similar schemes that a large number of persons should have a good grounding in Psychology as a theoretical science, as an experimental study and as one, the technic of which can be effectively employed in the field of observations, in education and in the spheres of social welfare work. It is desirable that a specialised course should be instituted at the University of Lucknow to prepare a number of people for psychological investigation as soon as the schemes under consideration are given effect to.

Psychology is also a subject in which all teachers are interested. A course of the nature suggested above would also be of value to the members of the teaching profession. Therefore, a Diploma Course in Psychology has been instituted, as an experimental measure, along the lines indicated below.

II

Courses of Study.

Please refer to page 471 of Calendar.

III

Duration of the Course.

The course shall spread over one full session comprising three terms. Out of these two terms shall be given to theoretical instruction and laboratory training. The third term shall be devoted to field work. Each student will have to obtain from the Head of the Department a certificate to the effect that his field investigation has been satisfactory.

IV

Qualifications for Entrants.

The course is open to the following:

- (i) Graduates;
- (ii) Holders of Diploma or Licence in Teaching;

- (iii) Those who have passed the Intermediate Examination and hold Certificate in Teaching.

V

Examination.

Examination shall consist of two parts: Theoretical and Practical. There shall be three written papers and one practical examination. A thesis, however, may, with the permission of the Head of the Department, be submitted on approved topic in lieu of one of the papers. A candidate in order to proceed to the Diploma Examination must produce certificates to the effect that he has attended the courses of instruction regularly (that is to say, 75 per cent of the total number of periods of instruction). Each candidate shall also submit evidence of field work before he can be declared eligible for the examination.

- (i) Each candidate should supply a type-written report of the field work a fortnight before the examination to the proper authorities.
- (ii) A candidate who fails to submit a report of his field work shall not be allowed to proceed to the written and the practical examinations.
- (iii) A candidate who defaults in the submission of his field work may appear at the practical and theoretical examinations of the next year without attendance at lectures provided the evidence of field work is duly submitted before the examination.

Scheme of Examination.

Pass marks for written papers—36%.

Pass marks for practical—40%

Each paper will carry 100 marks.

Marks for Practical—100.

Time allowed for each paper—3 hours.

First Division 60% of the total marks.

دل مرا جس سے بہلتا کوئی ایسا نہ ملا
غنچہ دل کو نسیم عشق نے وا کر دیا
عقل کو کچھ نہ ملا علم میں حیرت کے سوا
ہستی حق کے معنی دو مرا دل سمجھا
خودی کم کر چکا ہوں اب خوشی و غم سے کیا مطلب
طبع کرتی ہے ترے عشق کی تائید ہدوس
ہوے ہیں مست مئے عاشقی کے جم سے ہم
دلچسپین فلسفے کو فور باطن کر نہیں سکتیں
شکر ہے راہ ترقی میں اگر بڑھتے ہو
آئینہ رکھ دے بہار غفلت افزا ہو چکی
حسن ہے بیوفا بھی فانی بھی
کر دیا نزع نے واقف کہ یہ ہستی کیا تھی

ملک میں مجھکو ذلیل و خوار رہنے دیجئے
وہ ہوا نہ رہی وہ چمن نہ رہا وہ کُلی نہ رہی
وہ حسین نہ رہے
میرے دل کو وہ بت دل خواہ جو چاہے کرے

Drill.	..	30 per cent.
Rifle	. ..	10 "
Observation Training.	..	10 "
Map Reading.	..	20 "
Fieldcraft.	..	30 "

In order to obtain Pass marks, a candidate must obtain 50 per cent of the total marks but not less than 40 per cent in any one subject.

Part II.

1. DRILL. The object of this is to test the candidates powers of command. Candidates will be required to take command of and drill a squad either with or without arms, and to detect and correct faults. Particular attention will be paid to the self confident bearing and word of command of candidates as well as to the correctness or otherwise of the words of command.

The squad if possible should be provided by cadets who, are not taking the examination.

THE EXAMINATIONS—FACULTY OF SCIENCE
A---ORDINANCES AND REGULATIONS.**Bachelor of Science (General).**

[These Ordinances apply both to B.Sc. Pass and
B.Sc. (Hons.)]

Ordinances. Candidates shall not be admitted to the Final examination or to any part of the examination prescribed for the degree of B.Sc. unless they have—

- (i) completed a regular course of study as prescribed for that degree and furnished a certificate signed by the Dean of the Faculty that they have attended 75 per cent of the University lectures, tutorials and practicals (counted separately), in each subject offered by them for the examination.

Provided that in special cases for sufficient cause shown, the Vice-Chancellor may, on the recommendation of the Dean, condone a shortage of attendance to the extent of four and nine lectures or tutorials in Chemistry and Mathematics respectively, and three lectures or three tutorials in Physics, Zoology, Geology and Botany each, in addition to three practicals in Physics, Chemistry, Zoology, Geology and Botany, each;

- (ii) fulfilled the conditions laid down for the residence of students; and
- (iii) satisfied the requirements of regulations* prescribed for the Test and Terminal examinations.

*These regulations are printed after Ordinance 2.

Chemistry Block, Lucknow University

2. A candidate who fails to appear in or pass an examination shall attend not less than 75 per cent of a fresh course of lectures and tutorials during a subsequent full academic year before he is permitted to appear or re-appear at the examination of that year.

Tests and Terminal Examinations.

1. Every student reading for the B.Sc. degree Regulations (Pass and Honours) shall appear at the Terminal examinations to be held ordinarily as follows:—

1st year—Two examinations: One in the second and one in the third term.

2nd year—One examination in the second term.

2. Absence from the examination for any reason whatsoever shall be reckoned as failure in the examination.

3. The result of all Terminal examinations shall be recorded in the Dean's office and shall be considered in the case of the first year students at the time of promotion. In the case of the second year Honours students the result of the terminal examinations in the second year shall be considered in determining promotion to the third year. In the case of the second year Pass students they shall be available for the Committee which brings out the University results.

4. In determining promotions from the first to the second year the following rules will be observed:—

(a) Students who pass the second Terminal examination—

(i) in all subjects, or

(ii) in two subjects, having passed in the remaining subject in the first Terminal examination,

will be promoted to the second year class.

- (b) Students who pass the first Terminal examination in all subjects but for some unavoidable cause are unable to appear in the second Terminal examination shall be promoted to the second year class.
- (c) The Honours students shall be required to pass in their Honours subject also at the second Terminal examination before being promoted: provided that the Dean of the Faculty concerned may grant exemption in exceptional cases.
- (d) Students who fail in the same subject in both the Terminal examinations shall not be promoted.
- (e) Passing in a subject means passing separately in the practicals and Theoretical.
- (f) Subject to the foregoing rules the promotion of all doubtful cases shall rest with the Dean.

5. Students of the second year B.Sc. class will not be permitted to proceed to the Final examination if the Dean of Faculty considers their conduct or tutorial and Terminal examination records to be unsatisfactory.

The Dean may, however, permit such students to proceed to the Final examination on condition that if they fail he may recommend that they shall not be re-admitted.

6. Every student reading for the M.Sc. or B.Sc. Honours degree shall appear at a Terminal Examination to be held as follows:—

**M.Sc. Part I, M.Sc. Part II, M.Sc. and III-year
Honours.**

- (i) One examination in each year in the second term.
- (ii) Absence from the examination for any reason whatsoever shall be reckoned as failure in the examination.

Absence on a day on which a student has to take a paper or a practical examination shall be reckoned as two days' absence for the purpose of counting 75 per cent attendances required for admission to the degree examination.

- (iii) The results of all terminal examinations shall be recorded in the Dean's office. They will be placed before the Results Committee and will be considered in the award of Scholarships, Fellowships, grace marks, etc.
- (iv) Students will not be permitted to proceed to the University examination if the Dean of the Faculty considers their conduct or tutorial and Terminal examination records to be unsatisfactory.

Bachelor of Science (Pass)

1. Course of study for the B.Sc. Pass degree Ordinances. shall extend over a period of two academic years, one of which shall be the academic year preceding the examination and the Degree examination shall be held at the end of the second academic year.

2. Every candidate shall be required to pass in each of the subjects comprised in any one of the

- K.—Geology, Chemistry, and Botany.
- L.—Geology, Chemistry, and Zoology.
- M.—Geology, Chemistry, and Physics.
- N.—Geology, Chemistry, and Mathematics.
- O.—Geology, Physics, and Mathematics.

Provided that no candidate shall be allowed to take any subject other than Physiology and Geology unless he has passed an examination in the corresponding subject in the Intermediate or any other examination recognized as qualifying for admission to a degree course, and that in the case of Physiology, the candidate should have passed in Biology at the examination.

Provided further that arrangements can be made for the teaching of subjects in a particular group.

3. Students who are reading for a Pass degree may, on the recommendation of the Head of the Department, be transferred by the Dean to an Honours course at any time up to the end of the first year of study.

‡3(a) Students who have taken the B.Sc., degree of this University or of any other approved University, may, after pursuing the prescribed course of study, be permitted to appear in any one of the subjects prescribed for the B.Sc. degree and not taken by them at a previous degree examination, and, if successful, be granted a certificate to that effect.

4. The examination for the degree of Bachelor of Science shall be by means of papers, but candidates shall be required to undergo a practical examination, except in the case of Mathematics, examination in which shall be entirely by means of papers.

5. Names of successful candidates shall be arranged in three divisions.* Candidates who obtain 60 per cent and upwards of the aggregate marks shall be placed in the **first** division. Candidates who obtain 48 per cent and upwards of the aggregate marks shall be placed in the **second** division. Candidates who obtain 36 per cent and upwards of the aggregate marks shall be declared to have passed and shall be placed in the **third** division. Names shall be arranged in alphabetical order within the divisions.

6. In order to pass, candidates must obtain a minimum of 33 per cent of the total marks, both in the written and practical test, if any, for each subject.

‡Full Examination fees and two-thirds of the tuition fees shall be charged from students who are eligible to appear in any one of the subjects for the B.Sc. degree under this ordinance.

*The marks obtained by a candidate in General English shall not count for class or division in his Degree examination.

7. If a student obtains at least 25 per cent marks in one subject and 40 per cent marks in each of the others, he may be allowed to appear in the following July in the subject in which he failed without further attendance at lectures or practical classes and, if successful, shall be declared to have passed the examination without being placed in any division.

Provided that those students who fail in a practical examination shall produce a certificate from the Head of the Department concerned to the effect that they have undergone a fresh course of practical training at this University covering a period of not less than eight weeks.

Bachelor of Science (Honours.)

Ordinances. 1. There shall be the following Honours School in the Faculty:—

- (i) Physics.
- (ii) Chemistry.
- (iii) Botany.
- (iv) Zoology.
- (v) Mathematics.

2. Course of study for the B.Sc. Honours degree shall extend over a period of three academic years and there shall be an examination at the end of the third academic year. Students will not be permitted to enter for the examination for Honours later than the end of the fourth year from their admission to B.Sc. course.

3. Every candidate for the degree of B.Sc. Honours shall, in addition to his Honours subject, be required to pass an examination in each of two subsidiary subjects and General English.

The following statement shows the subsidiary subjects which may be taken with a particular principal subject:—

Principal subject. Subsidiary subjects.

- (i) Physics—Chemistry and Mathematics.
- (ii) Chemistry—Physics and Mathematics.

or ,

Botany and Zoology.

- (iii) Botany—Zoology and Chemistry.
- (iv) Zoology—Botany and Chemistry.
- (v) Mathematics—Physics and Chemistry.

4. The examination in the subsidiary subjects may be taken at the end of the second year, and shall be identical with the Pass B.Sc. degree examination in those subjects.

5. A candidate for an Honours degree who fails in one or both of the subsidiary subjects at the end of his second year may appear again at the end of the third and fourth year in the subject or subjects in which he has failed, provided that no candidate for an Honours degree will be permitted to appear for examination in his subsidiary subjects more than twice.

6. A candidate for an Honours degree who attains the necessary standard in his subsidiary subjects but who fails to attain the Honours standard in his principal subject shall, subject to the provisions of Ordinance No. 1 (under "Bachelor of Science—General"), be allowed to present himself for examination in that subject at the end of the next year and if successful shall be given an Honours degree without class.

7. Candidates who have failed to obtain Honours may, if they attain the prescribed standard, be recommended for a Pass degree.

8. If an Honours student, having completed his course of study, fails to obtain either an Honours or a Pass degree he may be allowed to take the Pass examination in all the three subjects after one year of further study.

9. Students who hold a Pass degree and wish to take an Honours degree, may be admitted to the second year Honours class in the subject of their choice which must be one of those taken for the Pass degree and qualify by a two years' course of study to appear at the examination in Honours.

Provided that the period may, by the Academic Council, on the special recommendation of the Dean, be reduced to one year in the case of students who have passed the B.Sc. Examination in the first division.

10. Candidates who have passed the examination of one Honours School may after pursuing a further course of study approved by the Dean for at least one and not more than two academic years be admitted to the examination of any other Honours School. Such candidates shall be required to take the papers in the principal subject of their second Honours School only and not in any subsidiary subjects.

11. Students who are reading for an Honours degree may, on the recommendation of the Head of the Department concerned, be transferred by the Dean to the Pass course.

12. A candidate who, having completed a course of study, is prevented by sickness from appearing in or completing the examination may supplicate for an *Aegrotat* degree. The cases of such candidates will be decided by the Academic Council upon the records of class work.

The degree will be described as an *Aegrotat* degree upon his diploma and for purpose of ad-

mission to subsequent examinations will be treated as a Pass degree.

13. The examination for the degree of Bachelor of Science with Honours shall be by means of papers but candidates shall be required to undergo a practical examination, except in the case of Mathematics, examination in which shall be entirely by means of papers.

Candidates shall be required to pass separately in the practical examination.

14. Candidates who pass the examination shall be classified in three divisions* :—

First division, candidates obtaining not less than 60 per cent of the total marks in the Honours subject.

Second division, candidates obtaining between 48 per cent and 60 per cent of the total marks in the Honours subject.

Third division, candidates obtaining between 36 per cent and 48 per cent of the total marks in the Honours subject.

Candidates obtaining not less than 30 per cent of the total marks in the Honours subject may be allowed a Pass degree.

15. Names of successful candidates shall be published together with the principal subject in which they have passed; they shall be classified in three divisions and arranged in order of merit within the first division and in alphabetical order within the second and third divisions.

*The marks obtained by a candidate in General English shall not count for class or division in his Degree examination.

Master of Science.**(For Honours Graduates.)**

Ordinances. 1. Candidates shall not be admitted to the course for the degree of Master of Science unless they have taken the degree of B.Sc. (Honours) of Lucknow University or of another University* having Honours courses extending over three academic years.

2. A candidate may, not less than one year after passing the B.Sc. Honours Examination, present himself for the M.Sc. Degree Examination in the subject in which he took Honours.

A candidate who has passed the M.Sc. Part II Examination in any subject may, for the purposes of this ordinance, be considered to have passed the B.Sc. Honours Examination in that subject and may present himself for the M.Sc. Degree Examination in the same subject after at least one year of his passing the M.Sc. Part II Examination, provided that all papers to be taken by him are different from those offered for the M.Sc. Part II Examination already passed by him.

3. The degree of Master of Science shall be conferred on candidates who have graduated with Honours, provided they have—

(a) completed a further course of study or research approved by the University in the year immediately preceding the examination, subject to the provisions of Ordinance No. 1 under "Examinations—Miscellaneous";

(b) fulfilled the conditions laid down for the residence of students; and

*For the list of approved Universities see Chapter XXX.

- (c) passed a prescribed examination which may include examination on a dissertation.

(For Pass Graduates.)

1. The degree of Master of Science shall also be conferred on graduates who have not taken Honours courses but have pursued a regular course of study (which may include research) in the University for not less than two academic years since taking their Bachelor's degree and have fulfilled the conditions laid down for the residence of students and have passed the prescribed examinations. **Ordinances.**

2. A student's choice of subject in the M.Sc. Examination shall be restricted to one of the subjects taken for the Bachelor's degree.

3. The examination shall consist of two parts: Part I and Part II.

4. A student after completing a regular course of study for not less than one academic year shall be admitted to Part I of the M.Sc. Examination of that year.

5. Part II of the examination in any subject shall be open to all students who have, since passing Part I in that subject, prosecuted a regular course of study (which may include research) for not less than one academic year immediately preceding the year of examination.

6. Division shall be awarded on the combined results of the examinations in Part I and Part II.

(For both Pass and Honours Graduates.)

1. (a) A candidate for the M.Sc. Examination may, subject to the approval of the Head of the Department, present a dissertation, embodying **Ordinances.**

the results of an original investigation, in lieu of one of the theoretical papers, provided—

- (i) that the dissertation shall carry the same number of marks as the paper;
- (ii) that the dissertation shall be examined by an external examiner.

(b) The examination for the degree of Master of Science shall be either (i) by means of papers or (ii) partly by means of papers, partly by research. Candidates shall be required to undergo practical and *viva voce* examination except in the case of Mathematics.

(c) Candidates shall be required to pass separately in the practical examination.

2. Names of successful candidates shall be published in such form as to indicate the subjects in which they have passed and to show whether they have presented any dissertation, and shall be arranged in three divisions:—

- (i) First division, candidates obtaining 60 per cent and over of the aggregate.
- (ii) Second division, candidates obtaining below 60 per cent but not less than 48 per cent.
- (iii) Third division, candidates obtaining below 48 per cent but not less than 36 per cent.

The names of those who pass in the first division shall be arranged in order of merit and of those who pass in the second and third divisions in alphabetical order.

3. The subject of the examination shall be one of the following:—

- (i) Mathematics.

- (ii) Physics.
- (iii) Chemistry.
- (iv) Zoology.
- (v) Botany.

4. The scope of the subject shall be as indicated in the Syllabus.

5. A "regular course of study" means attendance at not less than 75 per cent of the lectures and of the practical exercises constituting the course of study in a particular subject.

Provided that in special cases and for sufficient cause shown, the Vice-Chancellor may, on the recommendation of the Dean, condone a shortage of attendance to the extent of six lectures and six practical classes in each subject, except in Mathematics, where the number shall be twelve lectures.

(For Graduates in Science offering Research in lieu of part of the M.Sc. Examination.)

1. The permission to offer a dissertation shall be granted by the Dean of the Faculty on the recommendation of the Head of the Department concerned, and the names of such candidates shall be reported to the Registrar not later than the 1st September preceding the date of the examination. Ordinances.

2. The selection of a subject for the dissertation shall be made with the approval of the Head of the Department concerned.

3. Dissertations shall be submitted not later than the 15th of March to the Dean, with the approval of the Head of the Department, who shall testify to their *bona fides*. Failing the approval of the Head of the Department, candidates may be permitted to appear in the theoretical paper.

4. Each candidate shall preserve for inspection all records and preparations which he may have made, or any special apparatus which he may have employed, in the course of his research.

Doctor of Philosophy.

Ordinances. 1. Application for permission to enter upon a course of study for the degree of Doctor of Philosophy must be made to the Faculty at the commencement of any University term through the Head of the Department and the Dean of the Faculty concerned, mentioning the subject on which a candidate proposes to work.

2. A candidate for the degree of Ph.D. shall have taken the M.Sc. degree of this University or of any approved University.*

3. A Master of Science of the Lucknow University or of any other approved University shall be required to have—

- (i) pursued his researches under the supervision of the University for six terms, which should be taken ordinarily in not more than three instalments, before presenting his dissertation; and
- (ii) resided for six terms in the University or under conditions laid down for the residence of students. The Dean, on the recommendation of the Head of the Department, may grant permission to a candidate to reside outside Lucknow for purposes of collecting material for his thesis for not more than two out of the six terms; such exemption shall not be granted either for the first term or for the last term.

*For the list of approved Universities see Chapter XXX.

4. Teachers and Research Assistants[†] in the University, who hold the degree of M.Sc. in this or any other University, may be permitted by the Faculty to present a thesis for the degree of Doctor of Philosophy after three years service in the University. They will be required to notify the Registrar at least six months before the date on which they propose to present the thesis.

A teacher of a College or University who is a candidate for the Ph.D. of Lucknow may be permitted by the University to work at Lucknow during the summer vacation, provided adequate arrangements are made for supervision of his work; this period will be counted as one term.

5. A candidate will not be eligible to supplicate for the degree of Doctor of Philosophy unless he has obtained a Certificate of Proficiency in French or German of this or any other approved University.

6. A candidate for the degree of Doctor of Philosophy must submit three printed or typewritten copies of the thesis, accompanied by the prescribed fees. He shall also submit a brief abstract of his thesis and indicate in a prefatory note what part of the thesis he claims as original and what sources he has used.

7. A thesis which has already been presented for the M.Sc. degree will not again be accepted for the degree of Doctor of Philosophy, but it may be wholly or partly included in an extended investigation provided that the parts so included be clearly indicated. The thesis shall embody a definite contribution to scientific knowledge.

8. If the examiners consider the thesis to be of sufficient merit they may recommend that the

[†]“Research Assistant” means a person assisting a teacher in his research work and recognised by the Executive Council as such.

candidate should receive the degree without further examination or they may require him to undergo an examination, which may be written or oral or both, on the subject of his thesis.

9. The reports of examiners shall be laid before the Results Committee. If the Committee is satisfied that the reports of the examiners are unanimous and definite, they may recommend to the Executive Council that the result be published. If, however, the reports show a divergence of opinion between the examiners, the Committee may direct that the reports be exchanged between them, the examiners being requested to submit a joint report, if possible. The Committee may, at its discretion, and shall, if the reports are conflicting even after an exchange of views, refer the thesis to another external examiner.

10. A printed or type-written copy of each accepted thesis shall be lodged in the University Library where it will be open to public inspection.

A summary of not more than 1,000 words shall also be furnished by the candidate, to be published as the University may direct.

11. The dissertation submitted for the degree of Doctor of Philosophy shall be on some branch of one of the following Sciences:—

- (i) Physics.
- (ii) Chemistry.
- (iii) Botany,
- (iv) Zoology, or
- (v) Mathematics

Transitory
Ordinance.

Notwithstanding anything to the contrary in the Ordinances, Professor Jen Hsu of National University of Yunnan, Kunming, China, may be permitted to supplicate for the Ph.D. degree in Botany on the ground that he is by reason of his previous training and experience qualified to benefit from a course of research.

***Doctor of Science.**

1. Applicants for the degree of Doctor of Science shall have taken the Ph.D. degree of the Lucknow University or of any other approved University not less than five years before submitting their work for the D.Sc. degree: Ordinances.

Provided that a candidate who has not taken the Ph.D. degree from this University shall have carried on research for not less than three terms under the supervision of the University.

The candidate shall notify to the Registrar at least six months before he proposes to submit his work.

Exception:—Teachers and Research Assistants, who have previously obtained the Master's degree and have been in the service of the University for not less than ten years may be permitted by the Faculty to supplicate for the D.Sc. degree without having first obtained the Ph.D. degree.

2. The degree shall be conferred on the basis of published work only. There shall be no practical or *viva voce* examination.

3. Joint work may be submitted in support of candidature, but the degree shall not be awarded solely on the basis of such work.

4. Work previously submitted by a candidate for the degree of M.Sc. or Ph.D. or both, may be submitted for the degree of D.Sc. provided the main results embodied in the thesis have been published in a recognised scientific journal. The examiners shall be informed about the portions of the work which have already been submitted and approved for a degree.

*These new Ordinances are in force from the session 1937-38. The old Ordinances shall continue to apply to those students who had already joined the D.Sc. class before the session 1937-38.

5. A candidate will not be eligible to supplicate for the degree of Doctor of Science unless he has obtained a Certificate of Proficiency in French or German of this or any other approved University.

6. The reports of examiners shall be laid before the Results Committee. If the Committee is satisfied that the reports of the examiners are unanimous and definite, they may recommend to the Executive Council that the result be published. If, however, the reports show a divergence of opinion between the examiners, the Committee may direct that the reports be exchanged between them, the examiners being requested to submit a joint report, if possible. The Committee may, at its discretion, and shall, if the reports are conflicting even after an exchange of views, refer the thesis to another external examiner.

7. A printed or type-written copy of each accepted thesis shall be lodged in the University Library where it will be open to public inspection.

A summary of not more than 1,000 words shall also be furnished by the candidate, to be published as the University may direct.

8. The dissertation submitted for the degree of Doctor of Science shall be on some branch of one of the following Sciences:—

- (i) Physics,
- (ii) Chemistry,
- (iii) Botany,
- (iv) Zoology, or
- (v) Mathematics.

Notwithstanding anything to the contrary in the Ordinances, Mr. K. N. Kaul, M.Sc. (Lucknow) may be permitted to supplicate for the D.Sc. degree by presenting a thesis and paying the necessary examination fees, on the ground that he has conducted researches in this University for a period extending over three years. Transitory Ordinance.

Doctor of Science (Honoris Causa).

The degree of Doctor of Science may be conferred as an Honorary degree in accordance with the provisions of Statute 14, upon any person, on the ground that he is by reason of eminent position and attainments or by virtue of his contribution to the cause of learning, a fit and proper person to receive such a degree. Ordinance.

C. COURSES OF STUDY

PHYSICS.

B.Sc. Pass.

(For 1945 and after)

The examination will consist of two papers in Theory and a Practical examination:—

Paper I.—General Properties of Matter, Sound and Heat.

Paper II.—Optics, Electricity and Magnetism.

The following syllabus will show the scope of work of different branches:—

General Properties of Matter: Matter, Mass, Energy, Units and dimensions. Use of dimensional equations. Laws of Motion. Gravitation Constant, Cavendish's, Boyle's and Joly's Experiments. Elementary problems on attraction, e.g., attraction of a rod, a disc. and a sphere. Gauss's Theorem. Potential. Equipotential Lines and Lines of Force. Elasticity. Hooke's Law. Young's Modulus, Modulus of Rigidity, Bulk Modulus. Poisson's Ratio. Young's Modulus by Bending of Bars, Cantilever. Moment of Inertia and Radius of Gyration. Gyroscopes and their uses. Calculation of Moments of Inertia in simple cases. Vacuum Pumps and simple gauges. Simple Harmonic Motion. Simple and compound Pendulums. Surface Tension. Viscosity.

Sound: Production and propagation of Sound. Velocity of Sound. Doppler's Principle. Reflection. Refraction and Diffraction of sound. Beats. Stationary and Progressive Waves. Kundt's Tube. Determination of Frequency and Wavelengths. Vibrations of strings and Air columns. Forced Vibration. Lissajou's Figures. Human Ear. Consonance and dissonance. Musical scale. Acoustics of buildings, Noise, Reverberation and Echoes.

Heat: Thermometry. Coefficient of expansion of solids, liquids and gases. Calorimetry. Specific Heat. Change of state and Latent Heat. Vapour pressure. Conductivity. Radiation. Black body. Kirchoff's Law. Stefan's Law. Mechanical Equivalent of Heat. Carnot's Heat Engine. Elementary Principles of Internal Combustion Engines. Indicator Diagrams. Laws of Thermodynamics. Thermodynamical relations and their simple applications. Absolute scale of Temperature. Kinetic Theory of Gases. Critical Temperature Van der Waal's Equation.

Optics:—Propagation of light. Nodal points. Velocity of light. Mirrors and Lenses. Dispersion. Spectra. Spherical and Chromatic aberration. Achromatic combinations. Telescopes and Microscopes. Eye-pieces. Elementary Knowledge of the structure of the eye and defects of vision. Wave Theory of Light. Rectilinear

propagation of light. Deduction of the laws of reflection and refraction by wave theory. Interference. Newton's Rings and colours of thin plates. Diffraction. Double refraction and uniaxial crystals. Quarter-wave plate. Plane, circularly and elliptically polarised light. Rotation of polarisation, Polarimeters

Magnetism and Electricity: Magnetic Potential. Action of one magnet upon another. Terrestrial magnetism. Magnetic Induction. Magnetic shell. Permeability. Hysteresis. Dia-magnetism. Electric Induction. Dielectric constant. Electrometers. Electrical energy, capacities, potentials. Induction machines. Coulomb's Theorem.

Ohm's Law. Galvanometers. Measurement of resistances. Joule's Law. Potentiometers. Conjugate conductors and Wheatstone's net-work. Electrolysis. Peltier and Thomson's Effects. Electro-magnetism. Electro-magnetic induction. Induction coil. Growing and decaying currents. Elementary Theory of the dynamo. Motors and transformers. Ammeter. Voltmeter. Wattmeter. Oscillatory Discharge of Leyden jar. Hertzian waves. Elementary principles of Electro-magnetic theory of light. Discharge of electricity through gases. Cathode Rays. X-rays. Elementary knowledge of radioactivity. Thermionic Valves and their uses. Elementary principles of Wireless Telegraphy and Telephony.

PRACTICAL COURSE.

General Properties

1. Measurement of thickness of thin plates by optical lever.
2. Determination of Poisson's Ratio of India rubber by elastic tube method.
3. Determination of Young's modulus of a wire by Searle's Apparatus.
4. Determination of the Rigidity of a wire by the Statical method.
5. Determination of the Rigidity of a wire by the Dynamical method.
6. Determination of the moment of inertia by the method of oscillation.
7. Measurement of the surface tension of water by Capillary rise.
8. Determination of the surface tension of water by Jaeger's method.
9. Determination of the Young's modulus of a bar by flexure.
10. Determination of Viscosity of water.

Sound.

11. Determination of velocity of sound by Kundt's tube.
12. Determination of the frequency of a fork by the method of falling plate.

Heat.

13. Determination of the specific heat of a liquid by the method of cooling.
14. Measurement of the pressure coefficient of air.
15. Determination of the humidity of air.
16. Determination of the conductivity of a copper rod.
17. Determination of the ratio of specific heats of air by Clement and Desorme's method.
18. Calibration curve of a thermocouple.
19. Measurement of melting point of solids by means of a thermocouple.
20. Determination of the specific heat of a solid by electrical method.

Light.

21. Measurement of heights with a sextant.
22. Determination of refractive index of a prism by spectrometer.
23. Determination of refractive index of a liquid by total reflection.
24. Determination of the dispersive power of a prism.
25. Determination of the wave-length of light by diffraction grating.
26. Determination of the variation of intensity of illumination of a lamp with different currents by Lummer-Brodhum Photometer.
27. Determination of the wave-length of light by Newton's Rings.
28. Determination of the specific rotation of optically active solutions by Polarimeter.
29. Determination of the diameter of Lycopodium particles by Corona Ring method.

Magnetism.

30. Determination of H by reflection magnetometer.

Electricity.

31. Comparison of E.M.F.'S. by potentiometer.
32. Determination of Resistance by potentiometer.
33. Measurement of the resistance of a battery.
34. Measurement of the resistance of a galvanometer.
35. Measurement of specific resistance and application of end-correction.
36. Comparison of two small resistances by Carey-Foster's bridge.
37. Determination of the variation of resistance of a glow lamp with different currents.
38. Determination of Mechanical equivalent of heat electrically.
39. Determination of Mechanical equivalent of heat by Callendar and Barne's Apparatus.
40. Calibration of a ballistic galvanometer.
41. Comparison of capacities by ballistic galvanometer.
42. Determination of the Reduction factor of a tangent galvanometer.
43. Determination of the electro-chemical equivalent of copper.
44. Determination of the sensitivity of a galvanometer.
45. Determination of melting point of solids by means of a platinum resistance thermometer.
46. To draw the characteristic curves of a Thermionic Valve.
47. Calibration of milli-ammeter by Potentiometer.
48. Calibration of a Voltmeter by Potentiometer.

B.Sc. Honours.

(For 1945 and after)

The examination will comprise four papers in Theory and a Practical examination.

Paper I.—General properties of Matter and Accoustics.

Paper II.—Heat.

Paper III.—Optics.

Paper IV.—Electricity and Magnetism.

The following syllabus in addition to that prescribed for the B.Sc. Pass will show the scope of work in different branches:—

Paper I.—General Properties of Matter.

Compound pendulums. Determination of the constant of Gravitation. Elastic curves and stability of loaded pillars. Soap films. Waves and ripples. Compressibility. Viscosity of liquids and gases. Brownian movement. Modern Vacuum pumps and gauges.

Acoustics: Fourier's theorem and its application to plucked, struck and bowed strings. Reflection, absorption and interference of sound. Resonance, reverberation and echoes. Measurement of noise and sound level. Acoustical design of buildings. Recording, transmission and reproduction of sound. Velocity of sound. Sound ranging. Ultra-sonics.

Paper II.—Heat:

High and low temperatures. Continuity of state. Equation of state. Heat engines. The Laws of Thermodynamics. Entropy. Joule-Thompson effect and correction of Gas Thermometer. Nernst's Heat Theorem. Debye's Theory of specific heat. Wien's, Stefan's and Plank's Laws. Solar Constant. Kinetic Theory of gases. Conductivity. Elementary statistics.

Paper III.—Optics: Resolving and dispersive power of optical system. Prism and grating spectroscopes and spectrographs. Infra-red and ultra-violet spectroscopy. Michelson's Interferometer. Lummer-Gehrcke's Plate. Fabry and Perot Etalon. Echelon. Polarisation. Interference of Polarised Light. Babinet's Compensator. Biaxial Crystals. Dispersion. Anomalous Dispersion. Velocity of light. Zeeman, Kerr and Faraday Effects. Spectral series. Absorption spectra. Raman Effect. Band spectra. Quantum Theory of Line Spectra.

Paper IV.—Electricity and Magnetism: Dielectric constant. Grassot's Fluxmeter and measurement of magnetic fields. Permeability and Magnetic Induction. Hysteresis. Para- and dia-magnetism. Induction Coils and Transformers. Chokes. Capacitors. Alternating currents. Low and High resistances. Self and Mutual Inductances, Potentiometers, Electrometers. High Frequency current. Oscillatory discharge of condensers. Wireless Valves and their uses. Wireless telegraphy and telephony. X-rays. Piezo-electricity. Radio-activity and Alpha, Beta and Gamma rays. Modern view of electricity. Structure of the atom. Cathode rays, Emission of electrons from hot bodies. Photo-electricity.

Practical Course.

The following Course is in addition to that prescribed for the B.Sc. Pass:—

1. Determination of Rigidity by Maxwell's needle.
2. Measurement of Viscosity of fluids.

3. Measurement of Mechanical equivalent of heat by Callendar's apparatus.
4. Measurement of refractive index of air by Rayleigh's refractometer.
5. Determination of Refractive Index of glass and liquids by total reflection.
6. Photographing spectra and determination of wavelengths.
7. Study of Raman effect of a liquid.
8. Measurement of wave-length of light by Fresnel's biprism.
9. Measurement of wave-length, refractive index and thickness of thin plates by Michelson's Interferometer.
10. Measurement of refractive index of a liquid by Newton's rings.
11. Measurement of e/m by Zeeman Effect.
12. Measurement of H by means of earth inductor.
13. Measurement of High resistances.
14. Measurement of Low resistances.
15. Measurement of resistance of an electrolyte by Kohlrausch's method.
16. Measurement of the E.M.F. of a thermocouple.
17. Standardisation of a ballistic galvanometer.
18. Comparison of capacities.
19. Measurement of coefficient of self-induction.
20. Measurement of high temperature by Platinum resistance thermometer.
21. Determination of the characteristic curves of a triode valve.
22. Measurement of Magnetic Susceptibility of a liquid.
23. Determination of absorption coefficients by alpha-ray electroscope.
24. Determination of the characteristic curves of a photo-electric cell.
25. Determination of Sound absorption coefficients of materials
26. Measurement of Noise.

M.Sc. Part I.

(For 1945 and after)

The examination will comprise three papers and a Practical examination:—

Paper I.—General Properties of Matter and Acoustics.

Paper II.—Heat.

Paper III.—Optics.

Candidates are expected to acquaint themselves with current scientific literature.

Paper I.—General Properties of Matter: Compound pendulums. Gravitation. Elastic curves and stability of loaded pillars. Spiral springs. Structure of Surfaces. Soap films. Waves and ripples. Theory of Lubrication. Compressibility. Viscosity of liquids and gases. Brownian movement. Modern Vacuum pumps and gauges.

Acoustics: Fourier's theorem and its application to plucked, struck and bowed strings. Vibration of plates. Resonance, reverberation and echoes. Measurement of noise and sound level. Acoustical design of buildings. Acoustical filters. Recording, transmission and reproduction of sound, Velocity of sound. Sound ranging. Ultra-sonics.

Paper II.—Heat: Kinetic Theory of Gases. Equations of state. Heat engines. Laws of Thermodynamics. Entropy. Joule-Thomson's Effects. Stefan's, Wien's and Rayleigh-Jean's Laws. Quantum Theory of Radiation. Radiation Pyrometry. Solar constant. Theories of specific Heat of solids and gases. Nernst's Heat Theorem and its applications. Production and Measurement of Low Temperatures. Elementary statistical mechanics. General outline of Bose-Einstein's statistics and Fermi-Dirac statistics with simple applications.

Paper III.—Optics: Resolving and dispersive power of optical systems. Prism and grating spectrographs. Infra-red and ultra-violet spectroscopy. Michelson's Interferometer. Lummer-Gehrcke plate. Fabry and Perot Etalon. Michelson's Echelon. Polarisation. Dispersion. Anomalous Dispersion. Zeeman, Kerr and Fraday Effects. Elementary Electromagnetic Theory of Light. Phosphorescence and Fluorescence. Raman Effect. Quantum Theory of Line spectra. Intensity and Polarisation of spectral Lines. Correspondence and Selection Principles. Excitation Potentials.

Practical Course

1. Determination of rigidity and Young's modulus by Searle's apparatus.
2. Determination of rigidity by Maxwell's method.
3. Determination of Young's modulus of a rod by the method of interference fringes.
4. Determination of viscosity of fluids by Rotating Cylinder method.
5. Determination of viscosity by the method of damping.
6. Determination of Surface Tension by the method of ripples.
7. Measurement of Sound absorbing power of different materials.
8. Measurement of Noise.
9. Determination of J by Callendar's apparatus.

10. Measurement of E.M.F. of a Thermo-couple.
11. Measurement of specific heat of solids by Nernst's Calorimeter.
12. Determination of high temperature by means of Platinum resistance thermometer.
13. Determination of Radiation Constant by the method of concentric spheres.
14. Determination of Stefan's Constant by the Pyroheliometer.
15. Determination of Conductivity by Lee's method.
16. Determination of refractive index of liquids by Newton's rings.
17. Measurement of refractive index of air by Rayleigh's refractometer.
18. Determination of Refractive Index of glass and liquids by Total Reflection.
19. Measurement of wave-length by Fresnel's bi-prism.
20. Measurement of wave-length, refractive index and thickness of thin plates by Michelson's Interferometer.
21. Determination of wave-length by a plane reflection grating.
22. Measurement of e/m by Zeeman Effect.
23. Determination of the axes of elliptically polarised light by Babinet's Compensator.
24. Photographing the spectra and measurement of the lines by using Hartmann's formula.
25. Photographing Spark Spectra and determination of wave-lengths with Quartz Spectrograph.
26. Photographing of Raman Spectra of liquids and determination of Raman frequencies.
27. Determination of Hyperfine structure of spectrum lines.

M.Sc. Part II.

(For 1945 and after).

The examination will comprise three papers and a Practical examination:—

Paper I.—Atomic Physics.

Paper II.—Electricity and Magnetism.

Paper III.—One of the following subjects, chosen with the approval of the Head of the Physics Department:—

- (1) Wireless Telegraphy and Telephony.
- (2) Atomic and Molecular Magnetism.

(3) Spectroscopy.

(4) X-rays.

Candidates are expected to acquaint themselves with current scientific literature.

Paper I.—Atomic Physics.

Alpha, Beta and Gamma rays. Thermionics. Photo-electricity. General theory of the spectra of simple and complex atoms. Atomic models and atomic structure. Quantum Theory of normal and anomalous Zeeman Effects, Stark Effect. Multiple structure. X-rays spectra. Cosmic Radiations. Natural and artificial nuclear disintegration. Isotopes. Nuclear Structure. Matter Waves and Electron Diffraction. Elementary principles of Wave Mechanics.

Paper II.—Electricity and Magnetism.

Gauss' Theorem. Dielectric constant and its measurement. Permeability and magnetic induction. Hysteresis. Para and diamagnetism. Induction Coils and Transformers. Chokes. Capacities. Alternating currents. Induction and Synchronous motors. Low and High resistances. Self and Mutual Inductances. Potentiometers. Electrometers. High Frequency currents. Oscillatory discharge of condensers. Wireless Valves and their uses. X-rays, Thermo and Piezo Electricity. Theories of metallic conduction. Molecular Polarization. Conduction of Electricity through gases.

Paper III.

(1) Wireless Telegraphy and Telephony.

History and Development of Wireless. Generation and propagation of Hertzian Waves. Oscillatory discharge and Oscillatory circuits. Electro-magnetic waves and their propagation. Detection of Electro-magnetic Waves. Production of High Frequency Oscillatory currents. Thermionic Valves. Theory and construction of Receiving circuits. Low and High Frequency Amplification. Valve Transmitting sets. Wireless Telephony. Microphones, Gramophone Pick-ups and Loudspeakers. Wavemeters. Aerial and Earth systems. Radiation from Aerial. Directional Transmission and Reception. Direction Finding. Range of Wireless Stations. High Frequency Measurements. Elementary principles of Frequency Modulation. Field Strength measurements. Structure of the Ionosphere. Reflection and Refraction in Ionospheric layers. Skip Distance. Day and Night Frequencies. Fading. Ultra high frequencies. Elementary Principles of Television.

Or (2) Atomic and Molecular Magnetism.

Methods of producing and measuring magnetic fields. Strong magnetic fields. Susceptibility measurements. Magnetic balances. Theories of Dia and Para-magnetism. Magnetism and Valency. Applications of Para-magnetic theory to the salts of the transition groups and the rare earths. Free electron magnetism. Magnetism

and crystalline structure. Elements of Ferro-magnetic theories. Gyromagnetic Effect. Cotton-Moutin Effect. Faraday Effect. Stern-Gerlach Effect. Bohr & Weiss magnetons.

Or (3) Spectroscopy.

Prism and grating spectroscopes of various types, Concave gratings. Vacuum spectrographs. Methods of producing spectra. Measurement of wavelength. Infra-red and ultra-violet spectroscopy. Hot spark spectra. Intensity and Polarisation of spectral lines. Distribution of electrons in the various shells of the atom. Spectra of atoms with two or more valence electrons. Hyperfine-structure. Band spectra. Spectroscopic law of displacement. Correspondence Principle. Theories of dispersion and absorption. Structure of the molecules from Raman Effect. Applications of wave-mechanics to simple systems.

Or (4) X-rays.

X-ray installations. Hard and soft X-rays. Characteristic X-rays. Secondary X-rays, K. L. and M. Series and arrangement of inner electron groups. Ionization by X-rays. Scattering of X-rays. Measurement of intensity of X-rays. Diffraction of X-rays by Laue's methods. Bragg's Law. X-ray spectroscopes. Siegbahn's precision measurements. Fine structure of absorption edge. Compton Effect. Theory of Regular and Irregular doublets. Screening constant.

PRACTICAL COURSE. .

Atomic Physics:

1. Determination of e/m by Cathode-ray tube
2. Determination of e by Hoag-Millikan's apparatus.
3. Determination of mass-absorption coefficient for rays from radio-active substances.
4. Determination of characteristic curves of a photo-electric cell.
5. Determination of Planck's Constant by photo-electric cell

Electricity and Magnetism:

1. Measurement of capacity by De Sauty's method.
2. Measurement of capacities by Absolute method.
3. Measurement of capacity and mutual inductance by Drysdale's bridge.
4. Measurement of self-inductance by Anderson's method.
5. Measurement of low resistances.
6. Measurement of conductivity of solutions by Kohlrausch's bridge.
7. Plotting of the hysteresis curve of a sample of iron.
8. Determination of magnetic susceptibility of liquids.

AND

Experiments from one of the following groups corresponding to the special paper chosen:—

(1) Wireless Telegraphy and Telephony:

1. To determine the Static Characteristics of a Triode.
2. To determine the Static Characteristics of (a) Screen Grid Valves and (b) Pentode Valves.
3. To determine the Dynamic Amplification Factor of a Valve.
4. To determine the Dynamic Mutual Conductance of a Valve.
5. To measure the Voltage Amplification of a Triode when used as
 - (a) A Capacitance-coupled Resistance Amplifier.
 - (b) A Capacitance-coupled Inductance Amplifier.
 - (c) A Transformer-coupled Amplifier.
 - (d) A Tuned-anode Amplifier.
6. To set up the triode valve as a voltmeter for the measurement of very small potential differences.
7. To measure the Sensitivity of a Radio Receiver.
8. To measure the Selectivity of a Radio Receiver.
9. To determine the Overall Frequency Response of a Radio Receiver.
10. To set up a speech amplifier and to determine its frequency response.
11. To measure the Gain of an Amplifier.
12. To determine the Frequency Response Characteristics of a Loudspeaker.
13. To determine the Frequency Response Characteristics of a Pick-up.

(2) Atomic and Molecular Magnetism.

1. Measurement of magnetic susceptibilities and determination of Weiss magneton number.
2. Measurement of field strengths from Zeeman effect.
3. Measurement of magnetic field by susceptibility method.
4. Measurement of Joule effect.
5. Determination of magnetic susceptibility of solids.
6. Determination of magnetic permeability.

(3) Spectroscopy:

1. Photographing in the ultra-violet region and identification of lines.
2. Measurement of Zeeman effect by Fabry and Perot Etalon and Michelson's Echelon.
3. Study of absorption spectra of liquids.
4. Study of Raman effect of solids.
5. Measurement of hyperfine-structure of spectrum lines.

(4) X-rays.

1. Setting up and adjustment of electrometers for ionisation experiments.
2. Measurement of mass-absorption coefficient for different substances.
3. Study of crystal structure by Laue's method.
4. Determination of wave lengths by Bragg's method.
5. Determination of crystal structure by Debye-Scherrer method.

M.Sc.

(for 1945 and after)

(For graduates with Honours in Physics)

The examination will comprise three papers and a Practical examination:—

Paper I.—Atomic Physics.

Paper II } Two of the following subjects chosen, subject to the
Paper III } approval of the Head of the Physics Department.

- (1) Spectroscopy.
- (2) X-rays.
- (3) Wireless Telegraphy and Telephony.
- (4) Atomic and Molecular Magnetism.
- (5) Discharge of Electricity through Gases.
- (6) Radio-activity.
- (7) Electro-magnetic Theory of Light.
- (8) Theory of Relativity.
- (9) Thermodynamics and Statistics.

Candidates are expected to acquaint themselves with current scientific literature.

Paper I.—Atomic Physics.

(The same Course as in M.Sc. Part II.)

Papers II & III.**1. Spectroscopy.**

(The same Course as in M.Sc. Part II.)

2. X-rays.

(The same Course as in M.Sc. Part II.)

3. Wireless Telegraphy and Telephony.

(The same Course as in M.Sc. Part II.)

4. Atomic and Molecular Magnetism.

(The same Course as in M.Sc. Part II.)

5. Discharge of Electricity through Gases.

Effect of variation of pressure on discharge. Mobility of ions. Space charge and theories of conduction of electricity through gases. Cathode rays. Positive rays. Collision of electrons with molecules. Positive ions. Ionization by X-rays and flames. Spark discharge. Electric arc.

6. Radio-activity.

Alpha, Beta and Gamma rays. Uranium Radium Series. Thorium series. Actinium series. Radio-active equilibrium. Law of Radio-active displacement. Artificial radio-activity. Bombardment of nuclei by alpha-particles and neutrons.

7. Electro-magnetic Theory of Light.

Maxwell's electro-magnetic equations. Elementary Vector Analysis. Poynting's Theorem. Green's Theorem. Laplace's equation. Reflection and refraction of electro-magnetic waves. Ratio of electro-static to electro-magnetic units. Electro-magnetic waves in anisotropic media. Reflection at metallic surfaces. Dielectrics. Dielectric Polarisation. Theory of metallic absorption. Determination of reflection coefficient from emission. Determination of refractive index and absorption coefficient.

8. Theory of Relativity.

Special Theory of Relativity. Lorenz-Fitzgerald transformation equations. Variation of mass with velocity. The space-time continuum. Application of the special theory to electro-dynamics and thermo-dynamics.

General Theory of Relativity. Principles of covariance and equivalence. Gravitational Fields. Simple applications of the general theory. Shift in spectral lines.

9. Thermodynamics and Statistics.

Laws of Thermodynamics and their applications. Thermodynamic functions. Thermodynamics of heterogeneous systems. Appli-

cation of the phase-rule. Thermodynamics of chemical equilibria. Electro-chemical systems. Nernst's Heat Theorem and its applications. Adiabatic demagnetisation. Entropy and Statistics. Boltzmann's Theorem and Planck's extension of the same. Chemical constant. Vapour pressure of monatomic substances. Bose-Einstein's statistics and statistics of photons. Fermi-Dirac statistics and its applications.

PRACTICAL COURSE.

General.

Atomic Physics.

1. Measurement of the sensitivity and capacity of a quadrant electrometer.
2. Measurement of ionisation currents by quadrant electrometer.
3. Measurement of e/m by Cathode-ray tube.
4. Measurement of 'e' by Hoag-Millikan's method.
5. Measurement of 'h' by Photo-electric cell.
6. Measurement of mass absorption coefficient of different substances by electroscope.

Special.

(1) Spectroscopy.

1. Study of absorption bands of solutions.
2. Measurement of Zeeman effect by Fabry and Perot Etalon and Michelson's Echelon.
3. Photography of arc and spark spectra in the ultra-violet region and measurement of lines.
4. Measurement of Raman Spectra of solids and liquids.
5. Measurement of Hyperfine-structure.

(2) X-rays.

1. Setting up of an X-ray tube by evacuation and generation of X-rays.
2. Determination of wavelengths by Bragg's method.
3. Photographing of X-ray diffraction pattern by Laue's method.
4. Study of absorption of X-rays.
5. Study of ionisation of X-rays.
6. Determination of the crystal structure by Debye-Scherrer method.

(3) Wireless Telegraphy and Telephony.

1. To determine the Static Characteristics of a Triode.
2. To determine the Static Characteristics of (a) Screen Grid Valves and (b) Pentode Valves.

3. To determine the Static Characteristics of a Gasfilled Triode.
4. To determine by alternating current method:—
 - (a) Geometric amplification factor of a valve and its variation with plate voltage and filament current.
 - (b) True amplification factor and its variation with external resistance in the plate circuit.
 - (c) Internal impedance of the valve and its variation with filament current and plate voltage.
5. To measure the Dynamic amplification factor and Mutual Conductance of a Valve.
6. To measure the Voltage Amplification of a Triode when used as
 - (a) A Capacitance-coupled Resistance Amplifier.
 - (b) A Capacitance-coupled Inductance Amplifier
 - (c) A Transformer-coupled Amplifier.
 - (d) A Tuned-anode Amplifier.
7. To set up a valve as
 - (1) Anode-Bend detector.
 - (2) Cumulative Grid detector
8. To set up an Oscillating valve receiving circuit and use it for
 - (a) Reception of C. W. Signals.
 - (b) Verification of principle of reaction.
9. To Investigate the Conditions for Maximum Oscillatory current in a Hartley Circuit.
10. To set up a valve as a generator of:—
 - (a) Radio-frequency currents.
 - (b) Audio-frequency currents
 - (c) Ultra-short waves
and to measure them.
11. To set up and adjust medium and short wave transmitters for maximum efficiency; to transmit speech and Morse signals and to determine the wave length radiated.
12. To set up the triode valve as a voltmeter for the measurement of very small potential differences.
13. To calibrate a wave-meter for short waves by Lecher Wires.
14. To calibrate a Variable Air Capacitor at Radio Frequencies.
15. To measure resistances at Radio Frequencies.
16. To measure the Natural wave length, Inductance Capacity and Resistance of an Aerial.

17. To measure the Sensitivity of a Radio Receiver.
18. To measure the Selectivity of a Radio Receiver.
19. To determine the Overall Frequency Response of a Radio Receiver.
20. To set up a speech amplifier and to determine its frequency response.
21. To measure the Gain of an Amplifier.
22. To determine the Frequency Response Characteristics of a Loudspeaker.
23. To determine the Polar Characteristics of a Loudspeaker.
24. To determine the Frequency Response Characteristics of a Pick-up.
25. Experiments with Cathode Ray Oscillograph
 - (4) **Atomic and molecular magnetism:**
 1. Measurement of magnetic susceptibilities and determination of Weiss Magneton number.
 2. Measurement of field strengths from Zeeman Effect.
 3. Measurement of Magnetic field by susceptibility method
 4. Measurement of Joule Effect.
 5. Determination of magnetic susceptibility of solids.
 6. Determination of magnetic permeability.
 - (5) **Discharge of electricity through gases:**
 1. Preparation of vacuum tube and filling them with gases.
 2. Preparation of a vacuum tube of hydrogen giving band Spectrum.
 3. Study of distribution fields in a discharge tube.
 4. Determination of excitation potential of pure gases.

CHEMISTRY

B.Sc. Pass

(For 1945 and after).

The examination will comprise three papers and a Practical examination—

Paper I.—Physical Chemistry.

Paper II.—Inorganic Chemistry.

Paper III.—Organic Chemistry.

The following syllabus is prescribed:—

Physical Chemistry.

I. Classification of matter, laws of quantitative chemistry, historical account of the atomic theory. Avogadro's hypothesis, determination of atomic and molecular weights.

II. Structure of matter—elementary treatment of crystal structure, kinetic theory of gases, van der Waal's equation, liquefaction of gases, properties of liquids and surface tension

III. Law of mass action, dynamics of chemical change, reversible reactions, reaction velocity, order of a reaction.

IV. Elementary treatment of thermo-chemistry.

V. Nature of solution, osmotic pressure, vapour pressure, determination of freezing and boiling points, dissociation theory, law of electrolysis, osmotic pressure of electrolytes and electrical conductivity.

VI. Ostwald's dilution law, ionisation of water, acids and bases, heat of neutralisation, basicity of acids, hydrolysis, indicators

VII. Elementary ideas of E. M. F.

VIII. Elementary treatment of phase rule. Distribution law.

IX. Elements of colloid and surface chemistry.

X. Heterogeneous catalysis.

XI. Radio-activity and fundamental ideas of atomic structure periodic table, electronic theory of valency.

XII. Elements of spectrum analysis.

Inorganic Chemistry.

Study of the elements from the point of view of the periodic classification and a study of the following elements and their compounds in detail:

Elements of the zero group, hydrogen, lithium, sodium, potassium; copper, silver, gold, beryllium, magnesium, zinc, cadmium, mercury, calcium, strontium, barium, boron, aluminium, thallium, carbon, silicon, tin, lead, titanium, nitrogen, phosphorus, arsenic, antimony, bismuth, oxygen, sulphur, selenium, tellurium, chromium, molybdenum, tungsten, fluorine, chlorine, bromine, iodine, manganese, iron, cobalt, nickel, palladium, platinum.

An elementary knowledge of the principles of large-scale chemical processes will be expected.

Organic Chemistry.

The paraffins and their simpler derivatives, viz., halogen derivatives, alcohols, aldehydes, ketones, monobasic acids and their derivatives.

The ethers, esters, amines, glycols, hydroxy acids, dicarboxylic acids, glycerol, maleic and fumaric acids, cyanogen compounds and their derivatives, urea and the simple carbohydrates.

The unsaturated hydrocarbons and their general properties.

Benzene, toluene and their simple substitution products; aromatic amines and their derivatives, diazo compounds; phenols; aromatic alcohols; aldehydes and ketones; aromatic mono and dibasic acids; hydroxy acids and their derivatives; pyridine, naphthalene, and their simple derivatives.

Elementary ideas on stereo-chemistry and geometrical isomerism.

PRACTICAL EXAMINATION

Inorganic Chemistry.—The systematic analysis of mixtures of substances containing not more than six radicals.

Simple gravimetric estimations which do not involve separation.

Simple volumetric analysis and standardisation of solutions.

Organic Chemistry.—Identification of simple organic compounds.

B.Sc. Honours.

(For 1945 and after).

The examination will comprise four papers and a Practical examination:—

Paper I.—General and Physical Chemistry.

Paper II.—Inorganic Chemistry.

Paper III.—Organic Chemistry.

Paper IV.—Additional General and Physical Chemistry.

or

Additional Inorganic Chemistry.

or

Additional Organic Chemistry.

Inorganic and General Chemistry.—Chemistry of the elements and their compounds treated in greater detail than in the Pass course.

Metallurgy and technical applications of metals of industrial importance.

History of chemical theory.

Elements of physical chemistry and electro-chemistry, chemistry of colloids.

Organic Chemistry.—Aliphatic hydrocarbons and their derivatives treated in greater detail than in the Pass course.

Aromatic hydrocarbons and their derivatives—including terpenes and camphors, alkaloids, proteins, synthetic dyes and drugs.

PRACTICAL EXAMINATION.

Inorganic Chemistry.—Ordinary methods of qualitative and quantitative analysis excluding technical methods and separation of rare metals.

A general course of inorganic preparations. Simple physico-chemical measurements and elementary gas analysis.

Simple electrolytic preparations and electro-chemical analysis.

Organic Chemistry.—Preparations illustrating the synthetic methods of organic chemistry.

Quantitative estimation of elements in organic compounds.

M.Sc. PART I.

(For 1945 and after).

The examination will comprise three papers and a Practical examination:—

Paper I.—Inorganic Chemistry.

Paper II.—Organic Chemistry.

Paper III.—Physical Chemistry.

Inorganic Chemistry.—A fuller treatment of the B.Sc. syllabus in Inorganic Chemistry together with a systematic knowledge of less common elements and their compounds, Metallurgy and technical application of metals of industrial importance.

Practical Inorganic Chemistry.—Systematic analysis of a mixture of substances containing not more than seven radicals. Gravimetric estimations which do not involve more than one separation. Volumetric analysis, simple inorganic preparations.

Organic Chemistry.—Fuller treatment of the B.Sc. syllabus in Organic Chemistry.

Aceto-acetic ester; amino acids and proteins; urea and its derivatives; uric acid and its derivatives; polymethylenes and their derivatives; carbohydrates.

Reduction products of nitrobenzene; benzidine, phenylmethanes; quinones, anthracene and phenanthrene and their derivatives; the simpler heterocyclic compounds; a general treatment of the azo, triphenylmethane, and phthalein group of dyes; alizarin, indigo; the simpler monocyclic terpenes; pyridine, quinoline and isoquinoline; alkaloids, piperine conine, nicotine, papaverine.

Stereochemistry of carbon and nitrogen, geometrical isomerism, tautomerism. History of chemistry; life and work of chemists

Practical Organic Chemistry.—Identification of organic compounds; separation; preparation of organic compounds.

Physical Chemistry.—A fuller treatment of the B.Sc. course together with the following:

1. Avogadro's number, its determination by the various methods, X-ray analysis of crystal structure
2. Equations of state; nature of van der Waal's forces.
3. Thermochemistry, 1st and 2nd Laws of thermodynamics and their simple applications
4. Nernst's theory of solution pressure, concentration cells with and without transport, liquid junction potential, methods of determining and eliminating it.
5. Methods of measuring hydrolysis of salts and ionisation constant of water, distribution of a base between two acids, amphoteric electrolytes.
6. Application of phase rule to two component systems, alloys and intermetallic compounds, adsorption, Langmuir's theory of adsorption. Evaporation and heterogeneous catalysis.
7. Colloids and surface chemistry.
8. Radio activity, structure of an atom, periodic table, theories of valency.

Practical Physical Chemistry.—1. Molecular weight determination by freezing and boiling point methods and by Victor Meyer's method.

2. Verification of Ostwald's dilution law for weak electrolytes.

Determination of dissociation constants of weak electrolytes such as acetic acid, ammonia, etc.

3. Determination of the distribution coefficient of a substance between two immiscible liquids.

4. Determination of hydrolysis of a salt and the ionisation constant of water by electrolytic conductivity method.

5. Determination of the transport number of ions.

6. Preparation of colloidal solutions and determination of the nature of the charge on each.

M.Sc. PART II.**(For 1945 and after).**

The examination shall comprise **three** papers and a Practical examination. Each paper shall carry 100 marks and the Practical examination shall carry 200 marks.

Candidates may take any one of the following branches of Chemistry:—

(1) Inorganic, (2) Organic, and (3) Physical

The following will be the distribution of papers in Inorganic Chemistry:—

Paper I.—General, Theoretical and Analytical.

Paper II.—Non-metals.

Paper III.—Metals.

M.Sc**(For 1945 and after).****(For graduates with Honours in Chemistry.)**

A candidate shall be required to offer for his examination one of the branches of Chemistry mentioned below. The branch shall be chosen, subject to the approval of the Head of the Chemistry Department.

The candidates are expected to acquaint themselves with the current literature pertaining to the branch selected by them.

Branches:—(1) Inorganic.

(2) Organic.

(3) Physical.

There will be a Practical test and **three** Theoretical papers as follows:

Paper I.—Special Branch.

Paper II.—Special Branch.

Paper III.—Special Branch.

BOTANY.**B.Sc. (Pass).**

There will be two written papers and a practical examination:—
Paper I.—

The systematic morphology and physiology of THALLOPHYTA.

(a) Bacteria.

(b) Algae.

Cyanophyceae: *Oscillaria*, *Anabaena*, *Gloeotrichia*.

Chlorophyceae: **Pleurococcus**, **Chlamydomonas**, **Volvox**,
Spirogyra, **Oedogonium**, **Ulothrix**, **Vaucheria**, **Coleochaete**.

Phaeophyceae: **Ectocarpus**, **Sargassum**.

Rhodophyceae: **Callithamnion**

(c) Fungi.

Oomycetes: **Albugo** (**Cystopus**), **Phytophthora**.

Zygomycetes: **Mucor**.

Ascomycetes: **Saccharomyces**, **Aspergillus**, **Ascobolus**.

Basidiomycetes: **Ustilago**, **Puccinia**, **Polyporus**, **Agaricus**.

(d) Lichenes.

BRYOPHYTA.

(e) Hepaticae: **Riccia**, **Marchantia**, **Notothylas**, **Anthoceros**.

(f) Musci: **Funaria**, **Physcomitrellopsis**, **Polytrichum**.

PTERIDOPHYTA.

(g) Filicales: **Pteris**, **Marsilea**.

(h) Lycopodiales: **Lycopodium**, **Selaginella**.

(i) Equisetales: **Equisetum**.

SPERMATOPHYTA.

(j) Gymnosperms: **Cycas**, **Pinus**.

(k) Angiosperms: (General Morphology and Histology).

Paper II.—

Angiosperms: Systematic study of the following families, with special reference to the local flora.—

Monocotyledons: Gramineae; Cyperaceae; Palmae; Araceae; Liliaceae; Amaryllidaceae; Orchidaceae.

Dicotyledons: Moraceae; Polygonaceae;

Chenopodiaceae; Amarantaceae;

Caryophyllaceae; Nymphaeaceae;

Ranunculaceae; Papaveraceae;

Cruciferae; Rosaceae;

Leguminosae; Rutaceae;

Meliaceae; Euphorbiaceae;

Anacardiaceae; Malvaceae;

Cactaceae; Myrtaceae;

Umbelliferae; Apocynaceae;

Asclepiadaceae; Convolvulaceae;
 Labiatae; Solanaceae;
 Scrophulariaceae; Acanthaceae;
 Rubiaceae; Cucurbitaceae;
 Compositae.

Physiology and Ecology: A knowledge of the more important plant communities and their adaptations; Physiological plant anatomy.

General Botany: Variation, Heredity and Evolution; Mendelism; Plant breeding.

Applied Botany: An elementary knowledge of soils; field crops; gardening; weeds of arable land; common diseases of plants of economic value; botany in relation to the more important industries (timber, fibre, rubber, sugar, paper, lac, drugs, fruit preservation, etc.); the common adulterants of food.

PRACTICAL EXAMINATION.

The candidate will be expected:—

- (a) to dissect and describe plants in simple technical language and refer them to their proper position in the foregoing scheme of classification;
- (b) to prepare, stain, and describe microscopic sections;
- (c) to identify common plants at sight;

(N.B.—Permanent mounts are not required)

- (d) to perform simple micro-chemical tests such as those for starch, cellulose, lignin and suberin;
- (e) to explain the use of simple physiological apparatus.

B.Sc. Honours.

Morphology.—The structure and affinities of all the important groups of the plant kingdom (living and extinct), with special reference to the Indian flora.

Physiology and Ecology.—The general principles of plant physiology and ecology (including physiological anatomy); Geographical Distribution.

General Biology.—Variation, Heredity and Evolution; Mendelism; Cytology.

There will be a Practical Test and four Theoretical papers as follows:—

Paper I.—Algae, Fungi and Bryophyta.

Paper II.—Pteridophyta and Gymnosperms.

Paper III.—Angiosperms and General Biology.

Paper IV.—Physiology and Ecology (including Soil Science).

M.Sc. PARTS I and II.

The examination for the M.Sc. Parts I and II candidates will be identical in each particular year, but the two Courses A and B are prescribed alternately from year to year.

In 1945 the examination for both Previous and Final candidates will cover Course B.

Course A.

The structure and affinities of all the important groups of the Cryptogams and Gymnosperms (living and extinct) with special reference to the Indian flora.

There will be a Practical Test and four Theoretical papers as follows:—

Paper I.—Bacteria, Algae and Fungi (including Lichenes)

Paper II.—Bryophyta and Pteridophyta.

Paper III.—Gymnosperms.

Paper IV.—Plant Pathology

Course B.

Angiosperms.—The systematic morphology, affinities and geographical distribution of the flora.

General Biology.—Variation, Heredity, and Evolution; Mendelism; Cytology, and general principles of Plant Breeding.

Physiology.—Detailed study of the principles of Plant Physiology.

Ecology and Plant Geography.—Principal features of Autecology and general principles of Plant Distribution.

Soil Science.—An elementary knowledge of Soil Science with special reference to the agricultural crops.

There will be a Practical Test and four Theoretical papers as follows:—

Paper I.—Angiosperms and General Biology.

Paper II.—Ecology (including Plant Geography) and Soil Science.

Paper III.—Physiology.

Paper IV.—Essay.

M.Sc.**(For graduates with Honours in Botany)**

A candidate shall be required to offer for his examination a special subject, and to show a general acquaintance with the current literature in the whole of Botany. The special subject shall be chosen subject to the approval of the Head of the Botany Department.

Special subjects:—

- (1) Algae.
- (2) Fungi.
- (3) Bryophyta.

- (4) Pteridophyta.
- (5) Gymnosperms.
- (6) Angiosperms.
- (7) Ecology (including physiological anatomy).
- (8) Soil Science.
- (9) Metabolic aspects of Plant Physiology.
- (10) Irritability of Plants.
- (11) General Biology (variation, heredity, evolution, cytology and genetics).

There will be a Practical Test and three Theoretical papers as follows:—

Paper I.—Essay.

Paper II.—Special Subject.

Paper III.—Special Subject.

GEOLOGY

B.Sc. Pass.

SCHEME OF EXAMINATION.

The final examination will consist of three parts.

(a) Theory:

Paper 1 (written) 50 marks.

Paper 2 (written) 50 marks.

Practical Examination:

(b) Laboratory work: 35 marks.

(c) Field work: 15 marks.

General.

The scope of geology: elementary ideas concerning the origin and structure of the Earth, the development of its surface features; the concept of geological time, the sub-divisions of the stratigraphical record; the fossil record and its bearing on organic evolution; the structure of minerals and rocks composing the Earth's crust; economic applications. Geology of India, Burma and Ceylon.

Paper 1.—

(a) **Dynamical and Structural Geology:—**

The structure and age of the Earth. The different geological agencies and their effects upon topography. Volcanoes; earthquakes; mountains. Secular movements of the Earth's crust; diastrophism; isostasy; the origin of continents and oceans.

The structures of sedimentary, igneous and metamorphic rocks. Dip and strike, thickness and outcrop of beds. Joints and cleavage. Folds, faults, thrusts and their effects on outcrops. Unconformity and overlap. Geological maps and sections. Contour maps and the effect of topography on outcrops.

(b) Stratigraphy and Palaeontology:—

The principles of stratigraphy. Lithological and chronological sub-divisions of the geological record. The outstanding features of the Geology of India, Burma, and Ceylon.

Fossils, their nature and mode of preservation. The bearing of palaeontological data upon evolution, geological age, distribution of land and water, and climate. An elementary knowledge of the morphology and distribution of the more important genera of: Trilobita, Protozoa, Actinozoa, Graptolitoidea, Crinoidea, Echinoidea. Brachiopoda, Lamellibranchiata, Gastropoda, Cephalopoda; Vertebrata; Algae, Pteridophyta, Pteridospermae, Coniferales, Cycadophyta Cordaitales, Angiospermae.

Paper II.—**(a) Crystallography and Mineralogy.**

An elementary knowledge of the following:—

Crystal form; the law of rational indices; space lattice.

External symmetry of crystals. Point groups. Crystal classes and systems. Possible types of space lattices in relation to external symmetry. Holohedrism and hemihedrism. Pseudomorphism, isomorphism, polymorphism.

Physical and chemical properties of minerals. The petrological microscope. Optical characters of minerals.

Study of the more important rock forming and economic minerals with regard to their chemical composition, physical properties, crystallographic and microscopic characters, alterations, occurrence and commercial uses.

(b) Petrology:—

Igneous, sedimentary and metamorphic rocks, their morphology, texture, mode of occurrence, origin, and classification. Elementary ideas about magmatic differentiation and metamorphism. Study of common rock types.

(c) Economic Geology (Geology as applied to mining, engineering, agriculture and forestry).

Modes of occurrence. origin and classification of ore deposits. Secondary enrichment. The chief metallic and non-metallic minerals of economic importance.

Coal, petroleum and other minerals of economic importance.

General principles of prospecting and development; common terms used in mining. Economic considerations determining the value of an ore deposit. The relation of minerals to specific industries. Economic geology of India with special reference to the United Provinces and Behar.

Practical Work.

(a) Laboratory Work:—

Reading and making drawings of typical crystals; determination of density and hardness of minerals; blow-pipe tests; examination of the more important minerals and rocks in hand specimens and under the microscope. Study of the morphology of representative fossil types. Reading of geological models and maps; easy exercises on the outcrop of beds; drawing sections across simple geological structures.

(b) Field Work:—

Every student will be expected to attend the field excursions held during each year and submit periodically to the Head of the Department a record of his field observations and any specimens collected by him, properly labelled and arranged. The marks assigned to the field work by the examiners will be on the basis of these records and collections.

ZOOLOGY

(For 1945 and after).

B Sc. Pass.

There will be two written papers and a practical examination.

Paper I.—The structure and phenomena of the animal cell. Reproduction, sexual and asexual, and parthenogenesis. Alteration of generations and metamorphosis.

The structure, habits and development of the following groups of animals including a detailed study of the types given in each:—

Protozoa	.. Amoeba, Euglena, Monocystis, Malarial parasite, Paramoecium and Vorticella.
Porifera	.. Sycon.
Coelenterata	.. Hydra, Obelia, Aurelia.
Platyhelminthes	.. Fasciola, (Liver-fluke), Tapeworm.
Nemathelminthes	.. Ascaris.
Annelida	.. Nereis, Pheretima (Earthworm) and Hirudinaria (Leech).
Echinodermata	.. Starfish (excluding development).
Arthropoda	.. Palaemon (Prawn), Daphnia and Cyclops (general characters only). Cockroach. Anopheles, Musca (Housefly), and Palamnaeus (Scorpion).
Mollusca	.. Lamellidens (Fresh-water mussel), and Pila (apple snail).

Paper II.—

- Urochordata .. **Herdmania** (The monascidian of the Indian seas).
- Cephalochordata .. **Branchiostoma** (**Amphioxus**).
- Craniata:
- (i) Cyclostomata .. **Petromyzon** (external characters only).
 - (ii) Pisces .. **Scoliodon** (The shark of the Indian seas).
 - (iii) Amphibia .. **Rana**.
 - (iv) Reptilia .. **Uromastix** (Skeleton of **Varanus** to be substituted).
 - (v) Aves .. **Columba** (Skeleton of **Gallus** to be substituted).
 - (vi) Mammalia .. Squirrel or Rabbit (heart, eye and brain of Sheep may be substituted). Skull Dog. General characters of the various orders of the class Mammalia.

Evolution, Heredity and Variation.

Elementary principles of geological and geographical distribution of animals.

General principles of classification.

Outlines of the development of **Branchiostoma** (**Amphioxus**), frog, chick, and rabbit.

The general classification and characteristics of the common forms of animal tissues.

Practical.—

Candidates will be required to show a knowledge of the methods of microscopic technique and to examine, describe or dissect the types prescribed. Candidates will also be required to submit their note-books containing a complete record of their laboratory work initialled and dated by their teacher for the determination of the results of the examination.

B.Sc. Honours.

(For 1945 and after).

1. The structure, habits, development and classification of the following groups:—

Protozoa, Porifera, Coelenterata, Platyhelminthes, Nemertinea, Nemathelminthes, Annelida, Rotifera, Polyzoa, Molluscoidea, Echinodermata, Arthropoda, Mollusca, Hemichordata, Urochordata, Cephalochordata and Craniata.

2. A knowledge of the mode of occurrence and distribution in time and space of representatives and aberrant members of the various groups of the animal kingdom.

3. The cell and its leading structural modifications and functional relationships of its constituent parts.

4. Evidences bearing upon the hypothesis of evolution, general theories of variation, heredity, adaptation, sex and origin of species.

5. A detailed practical study of the embryology of frog and chick.

The above schedule will, also form the basis of the Practical examination.

Candidates will be required to submit their practical note-books initialled and dated by their teacher, and preparations of their laboratory work. These will be taken into account in determining the results of the examination.

There will be a Practical Test and four papers as follows:—

Paper I.—Essay.

Paper II.—Invertebrata.

Paper III.—Chordata.

Paper IV.—General Biology.

M.Sc. Parts I & II.

(For 1945 and after).

The examination for the M.Sc., Parts I and II will be identical in each particular year, but the two Courses A and B are prescribed alternately from year to year.

Candidates will be expected to show a practical knowledge of the methods of anatomical and histological research. They must produce their practical note-book containing the record of their laboratory work in order that it may be taken into account in determining the results of the examination.

In 1945 the examination for both Previous and Final candidates will cover Course A.

Course A.

There will be a Practical Test and four papers as follows:—

Paper I.—Essay.

Paper II.—The structure, bionomics, development and distribution of the following groups:—

Protozoa, Porifera, Mesozoa, Coelenterata, Platyhelminthes, Nemertinea and Nematelminthes.

Paper III.—The structure, bionomics, development and distribution of the following groups:—

Annelida and the Arthropoda with special reference to Insecta (Entomology).

Paper IV.—The structure, bionomics, development and distribution of the following groups:—

Rotifera, Polyzoa, Molluscoidea, Mollusca and Echinodermata.

Course B.

1. The structure, bionomics, development and distribution of the following groups:—

Hemichordata, Cephalochordata, Urochordata, and Craniata.

2. General Biology, including Evolution, Heredity, Variation, Cytology, and Geographical and Geological distribution of animals.

There will be a Practical Test and four papers as follows:—

Paper I.—Essay.

Paper II*.—The structure, bionomics, development and distribution of Hemichordata, Urochordata, Cephalochordata, Pisces and Amphibia (including fossil forms).

Paper III*.—The structure, bionomics, development and distribution of Reptiles, Birds and Mammals (including fossil forms).

Paper IV.—General Biology.

M.Sc.

(For 1945 and after).

(For graduates with Honours in Zoology).

A candidate shall be required to offer for examination one of the special groups mentioned below. The special group shall be chosen subject to the approval of the Head of the Zoology Department.

Special groups:

- (1) Annelida.
- (2) Pisces.
- (3) Platyhelminthes and Nemathelminthes.
- (4) Insecta (Entomology).
- (5) Reptilia.

Candidates will be expected to acquaint themselves with the current literature pertaining to the special group selected by them.

There will be a Practical Test and three papers as follows:—

Paper I.—Essay.

Paper II.—Special Group.

Paper III.—Special Group.

*Questions on comparative Anatomy of the chordata may be set in either Paper II or Paper III.

MATHEMATICS.**B.A. and B.Sc. Pass.****(For 1945)**

There will be three papers as follows:—

I. Algebra. Inequalities; limits; partial fractions; convergence of series (omitting multiplication of series); matrices, their addition, subtraction, multiplication; determinants, minors, expansion; simple numerical methods for approximate calculation of roots of equations.

Trigonometry.—Demoivre's theorem; the exponential, logarithmic, circular and hyperbolic functions of a complex variable; summation of trigonometric series.

Geometry.—Rectangular Cartesian coordinates, polar coordinates. The straight line, circle, parabola, ellipse, hyperbola and general conic; tangent and normal, pole and polar; conjugate lines; intersection of conics; confocal conics.

II. Differential Calculus.—Differential coefficients; standard forms; successive differentiation; Leibnitz's theorem; Rolle's theorem; the mean value theorem; Maclaurin's and Taylor's theorems without proof; expansions; maxima and minima, tracing of simple curves; asymptotes; curvature; envelopes; partial differential coefficients.

Integral Calculus.—Integration, standard forms; integration by parts and by reduction formulae; definite integrals; Simpson's rule; easy applications to lengths, areas, volumes, to mechanics and to physical problems.

Differential Equations.—Simple equations of the first order, and linear ordinary differential equations with constant coefficients.

III. Vectors.—Definition; addition, subtraction and multiplication of two vectors; easy applications.

Statics.—Equilibrium of coplanar forces; triangle of forces; moments; couples; centre of gravity; friction; work; virtual work; the catenary.

Dynamics of a Particle.—Two dimensional velocity, acceleration; Newton's laws of motion; rectilinear motion; projectiles; harmonic motion; work, momentum and energy; simple pendulum.

Hydrostatics.—Fluid pressure; centre of pressure in simple cases; equilibrium of floating bodies; atmospheric pressure; Boyle's and Charles' laws; the barometer and the determination of heights.

Physics Block, Lucknow University.

B.A. and B.Sc. Pass.**(For 1946 and after)**

There will be three papers as follows:—

I. Algebra.—Inequalities; limits; partial fractions; convergency of series (omitting multiplication of series); matrices, their addition and multiplication; determinants, minors, expansion; simple numerical methods for approximate calculation of roots of equations.

Trigonometry.—Demoivre's theorem; the exponential, logarithmic, circular and hyperbolic functions of a complex variable; summation of trigonometric series.

Calculus.—Differential coefficient, definition and interpretation applications; standard forms; Leibnitz's theorem; Rolle's theorem the mean-value theorem; Maclaurin's and Taylor's theorems without proof, expansions; maxima and minima; partial differential coefficients.

Integration, standard forms; integration by parts and by reduction formulae; definite integrals.

Differential equations. Simple equations of the first order, and linear differential equations with constant coefficients.

The remaining two papers are to be selected out of the following, subject to the approval of the Head of the Department.

II. Analytical Geometry.—Rectangular Cartesian coordinates; polar coordinates. The straight line, circle, parabola, ellipse, hyperbola and general conic; tangent and normal; pole and polar; conjugate lines; intersection of conics; confocal conics.

Applications of Calculus to Geometry.—Tracing of simple curves; asymptotes; curvature; envelopes; easy applications to lengths, areas, volumes; Simpson's rule.

III. Vectors.—Definition; addition, subtraction and multiplication of two vectors; easy applications.

Statics.—Equilibrium of coplanar forces; centre of gravity; theorem of Pappus; friction; work; virtual work; the catenary.

Dynamics of a particle.—Two dimensional velocity, acceleration; Newton's Laws of motion; rectilinear motion; projectiles; harmonic motion; work, momentum and energy; simple pendulum.

Hydrostatics.—Fluid pressure; centre of pressure in simple cases; equilibrium of floating bodies; atmospheric pressure; Boyle's and Charles' laws; the barometer and the determination of heights.

IV. Mathematical Statistics.—Finite-differences; interpolation with equal intervals of the argument; formulae of Newton and Lagrange; elements of the theory of probability, addition and multiplication theorems; mathematical expectation; law of large numbers.

General nature and scope of statistical methods; collection of data; study of populations through samples; classification of statistical data by categories and by measurements; discrete and continuous variation; trends and fluctuations; analysis and interpretation of data.

Statistical ratios and frequencies; frequency distributions; method of moments; measures of central tendency; mean, median, mode, quartile, decile, percentile; measures of dispersion; range, quartile deviation, mean deviation, standard deviation; elementary ideas of skew distribution; normal, binomial and Poisson distribution; the probability integral and its uses.

Elements of sampling theory; elementary ideas of statistical populations and random samples; principle of randomness; importance of sampling methods; unrestricted and stratified random sampling; population parameters and sample statistics; standard errors of statistics; elements of the theory of sampling distributions for samples from a normal population; exact sampling distributions of mean, standard deviation, t-statistics and z-statistics; the principle of maximum likelihood in estimation; elementary ideas of consistent, coefficient and sufficient statistics; statistical inference with special reference to fiducial limits.

Goodness of fit; Chi-square test; tests of significance of difference between two means and two standard deviations for large samples, with modifications for small samples.

General ideas of association of attributes, contingency and correlation; contingency tables; tests of independence and association; coefficient of correlation; standard error and significance of the coefficient of correlation in large and small samples; regression coefficients and equations; partial and multiple correlation; analysis of variance and covariance in simple cases; elements of the theory of design of experiments.

B.A. and B.Sc. Honours.

There will be six papers as follows:

- I. Analysis and Function of a Complex Variable.**
As for M.A. and M.Sc. Part I, paper I.
- II. Vector Analysis and Differential Equations.**
As for M.A. and M.Sc. Part I, paper II.
- III. Statics; Dynamics of a Particle and of a Rigid Body.**
As for M.A. and M.Sc. Part I, paper III.
- IV. Coordinate Geometry of Two and Three Dimensions.**
In two dimensions—

As for B.A. and B.Sc. Pass and in addition, system of conics.

In three dimensions—Planes; straight lines; spheres; standard quadrics; the general quadric; confocals; ruled surfaces; intersection

of surfaces; curves and surfaces in space; Frenet's formulae; curvatures of surfaces; lines of curvature; asymptotic lines; geodesic curves.

V. Differential and Integral Calculus.

As for B.A. and B.Sc. Pass, and in addition,

Function: continuity; discontinuities; differentiation; mean-value theorem; functions of two variables; partial derivatives; double and repeated limits; successive differentiation; change of variables; maxima and minima; Taylor's theorem; multiple points on plane curves; Riemann integration; fundamental theorems; definite integrals, multiple integrals.

VI. Spherical Trigonometry and Astronomy.

Spherical Trigonometry.—Solution of triangles, including Napier's and Delambre's analogies and the spherical excess.

Astronomy.—Geographical latitude and longitude; celestial latitude and longitude; right ascension and declination; altitude and azimuth; atmospheric refraction; precession and nutation; time; aberration; parallax; eclipses and occultations; rising and setting of the stars, sun and moon; the sun-dial; position by observation; the approximate determination of the orbit of a planet by observation; stationary points, phases and brightness; the solar system; Kepler's laws. Laplace's hypothesis; the spiral nebula hypothesis; fundamental instruments.

M.A. AND M.Sc. PART I.

There will be five papers as follows:—

I. Analysis and Functions of a Complex Variable.

Convergence of sequences, series, products and definite integrals. Definitions of summability (B) and (C1) with simple examples of summable series.

Differentiation and integration in the complex plane; conformal representation; Cauchy's integral theorem; theory of residues; contour integration; the theorems of Taylor, Laurent, Weierstrass, Mittag-Leffler and Liouville; analytic continuation; derivation of Fourier series from Laurent's theorem; simple applications of Fourier series; Fejer's theorem.

II. Vector Analysis and Differential Equations.

Vector product; Vector fields; divergence; solenoidal fields; the theorems of Gauss, Green and Stokes in vector notation; the differential operators, attraction and potential and the equations of potential theory.

Ordinary differential equations of the first order; simple forms of higher order; solution in series; linear total differential equations; systems of linear ordinary differential equations with constant

coefficients; partial equations of the first order; standard forms; Charpit's method; linear partial equations with constant coefficients; Monge's method.

III. Statics, Dynamics of a Particle and of a Rigid Body.

Statics: systems of forces in two and three dimensions; friction; work; virtual work; centres of gravity; strings in two dimensions; stability of a rigid body under coplanar forces.

Dynamics of a particle in two dimensions: work; energy; rectilinear motion; projectiles; impact; central orbits; constrained motion of a particle.

Elementary rigid dynamics: moments and products of inertia; principal axes; parallel axes; ellipsoids of inertia and momental ellipsoids; d'Alembert's principle and the equations of motion; motion about a fixed axis; motion in two dimensions under finite forces; friction; conservation of momentum and energy; simple examples of impact.

IV. Co-ordinate Geometry of Three Dimensions.

Planes; straight lines; spheres; standard quadrics; the general quadric, confocals; ruled surfaces; intersection of surfaces; curves and surfaces in space; Frenet's formulae; curvature of surfaces; lines of curvature; asymptotic lines; geodesic curves.

V. Differential and Integral Calculus.

Function; continuity; discontinuities; differentiation; the mean-value theorem; partial derivatives; double and repeated limits; successive differentiation; change of variables; maxima and minima; Taylor's theorem; Riemann integration; fundamental theorems, definite integrals; multiple integrals.

M.A. AND M.Sc. PART II.

(For 1945 and after)

(As for M.A. and M.Sc. Examinations of 1945 and after).

M.A. and M.Sc.

(For 1945 and after)

The Examination will consist of **four** papers.

I. Theory of Aggregates and Functions of a Real Variable.

II. Functions of a complex Variable.

and two of the following papers chosen subject to the approval of the Head of the Mathematics Department.

III. Hydrodynamics.

IV. Analytical Dynamics.

V. Tensor Calculus and Relativity.

VI. Mathematical Physics.

I. Theory of Aggregates.—Cantor's and Dedekind's theories of irrational number; enumerable and unenumerable sets; descriptive properties of sets; sets of the first and second categories; the Heine-Borel theorem; metric properties of sets; Lebesgue's theory of measure; metric density; sets of intervals.

Function of a Real Variable.—

(i) Continuity; classification of discontinuities; absolute, semi and approximate continuity; theorem relating to occurrence and distribution of discontinuities; point-wise discontinuity; bounded variation; continuity of functions of two or more variables.

(ii) Differentiation; the mean-value and allied theorems; properties of the derivatives of a continuous function, and of a function of bounded variation; partial differential coefficients; maxima and minima.

(iii) The Lebesgue integral; the fundamental and mean value theorems; improper integrals; double and repeated integrals; definitions of the Stieltjes and Denjoy integrals.

(iv) Fourier series; uniform convergence and summability.

II.—Function of a Complex Variable.

See Copson, E.T., Functions of a Complex Variable.

Chapter	VII.	Integral Functions.
"	IX.	The Gamma Function.
"	X.	The Hypergeometric Functions.
"	XI.	Legendre Functions.
"	XII.	Bessel Functions.
"	XIII.	Weierstrass's Elliptic Functions.

III. Hydrodynamics.—The equations of motion; Lagrangian and Eulerian methods; velocity potential; sources, sinks and doublets; use of conformal representation; discontinuous motion in two dimensions; flow and circulation; the Kutta-Joukowski theorem; motion of a cylinder in two dimensions; Stokes's current function; motion of a sphere; vortex motion in two dimensions; motion of a viscous fluid; laminar flow; flow at high Reynold's numbers.

IV. Analytical Dynamics.

(i) Kinematics:

Degrees of freedom; displacement of rigid bodies; Euler's theorem on rotation about a point; Charles' theorem on the most general displacement of a rigid body; rotation about a fixed point; motion; polhode and herpolhode; precessional motion.

(ii) Motion about a fixed point: Euler's dynamical equations; application to free rotation complete solution of Euler's equations.

(iii) Moving axes:

Fundamental equations; time flux of a vector relative to moving axes; motion relative to the earth; Foucault's pendulum; Euler's

geometrical equations; rolling of solid on a fixed surface; a sphere moving on a plane or a surface of revolution.

(iv) Generalised co-ordinates:

Generalised velocities, generalised forces, generalised momenta; Lagrangian expression for the kinetic energy; Lagrangian equation of motion; the kinetic potential; ignorance of co-ordinates; Hamiltonian expression for the kinetic energy; Hamiltonian equations of motion; cyclic co-ordinates; Routh's modified form of the Lagrangian equation; conservative forces; Lagrangian and Hamiltonian equations of motion.

(v) Variational principles:

Hamilton's principle; principle of Least Action; simple applications.

(vi) Theory of Vibrations:

Conditions of equilibrium; stability; statical relations between forces and displacements; potential energy in terms of disturbing forces; free vibrations; orthogonal relations, Normal co-ordinates; forced oscillation; dissipative forces; Rayleigh's dissipation function; free oscillation with friction.

Books for Consultation:

Besant: Dynamics.

Routh: Rigid Dynamics.

Whittaker: Analytical Dynamics.

V. **Tensor Calculus and Relativity.**—Tensor notation; summation system; invariants; covariant and contravariant vectors; addition, multiplication and contraction of tensors; the quotient law; transformations.

Special relativity; generalised co-ordinates in space time; the Lorentz transformation; Hamilton's principle; its invariance; momentum, mass and energy; Einstein's restricted relativity; Fresnel's formula; Fermat's principle; stress tensor, Maxwell's stress tensor; electromagnetic and gravitational equations.

VI. **Mathematical Physics.**—Introduction; vectors in n -dimensional space; orthogonal functions; Fourier's series; Fejer's theorem; polynomials; Bessel functions. Strings and allied problems. The equations of heat conduction. A brief sketch of integral equations; adjoint and self adjoint equations. Variation principles. Green's formula and Green's functions. Gravitation; the potential function; equations of Laplace and Poisson; the problems of Dirichlet and Neumann. Vector methods; vector fields. Wave Mechanics; Schrödinger's equation; the hydrogen atom.

PHYSIOLOGY.

B.Sc. Pass.

Same course of study as is prescribed under Physiology for the First Professional Examination of the degree of M.B., B.S. in the Faculty of Medicine.

Main Building King George's Medical College, Lucknow University.

CHAPTER XXV.

THE EXAMINATIONS-FACULTY OF MEDICINE.

I.—Pre-Medical Test.*

A.—ORDINANCES AND REGULATIONS.

1. There shall be a Pre-Medical Examination for admission to the courses of study for the M.B., B.S., in the Faculty of Medicine, and it shall be held at Lucknow once a year.

2. No candidate shall be admitted to this examination unless he has passed either—

- (i) the B.Sc. Examination of an Indian University † incorporated by any law for the time being in force, with Chemistry and Biology; or
- (ii) having passed the B.Sc. examination, has passed at one time or other, in that examination combined with the Intermediate examination leading thereto, in the three subjects Chemistry, Physics, and Biology; or
- (iii) the Intermediate Examination of the Board of High School and Intermediate Education, U.P., or Rajputana (including Ajmer-Merwara), Central India and Gwalior, or the Intermediate Examination of an Indian University incorporated by any law for the time being in force, with Chemistry (including Organic Chemistry), Physics, and Biology, in such courses

*The Pre-Medical Test will ordinarily be held within the first fifteen days of July.

† For list of approved Universities, see Chapter XXX.

of study as may be recognised for the purpose from time to time by the Faculty of Medicine.*

Provided that he has attained the age of 17 years or will attain that age during the first term of the curriculum.

3. Every candidate appearing at the examination shall be required to appear in the following subjects:—

- (1) Chemistry, including Organic Chemistry.
- (2) Physics (3) Zoology. (4) Botany.

*The following courses of study have been recognised:—

1. **Aligarh Muslim University:**

The courses of study in Physics, Chemistry and Biology for the Intermediate Examination up to 1947.

2. **Benares Hindu University:**

The courses of study in Physics, Chemistry and Biology for the Intermediate Examination up to 1947.

3. **Board of High School and Intermediate Education, U.P.**

The courses of study in Physics, Chemistry and Biology for the Intermediate Examination up to 1947.

4. **Board of High School and Intermediate Education, Rajputana (including Ajmer-Merwara), Central India and Gwalior:**

The courses of study in Physics, Chemistry and Biology for the Intermediate Examinations up to 1947.

5. **Punjab University:**

Intermediate Examination in Science (Medical group).

6. **Delhi University:**

The courses of study in Chemistry (including Organic Chemistry), Physics and Biology for the Intermediate Examination in Science for the years 1941-44.

7. The courses of study of Intermediate Examination of the Universities of the Provinces and Indian States, etc., which have no Medical College of their own and whose claim to admission is recognised on certain conditions by the University should as far as possible correspond with the courses of study of the Intermediate Examination of the Board of High School and Intermediate Education, U. P.

The candidates should read the following books for this examination in addition to the text-books in the above subjects that they have been previously educated in:—

- (1) Woodgor: Elementary Morphology and Physiology for Medical Students.
- (2) Luff and Candy: Manual of Chemistry Vol. II, Organic.
- (3) Deodhar: A Text-book of Physics.

4. The examination shall be a competitive* one for the purpose of filling up the declared number of vacancies (1) for bona fide residents† of the

*If in the open competition two women candidates do not come within the prescribed number, then such women candidates as have obtained at least 40 per cent of the aggregate marks shall be admitted in order of merit, to make up the total of two women candidates for admission (vide Executive Council Resolution No. 22 dated 20th January, 1939).

This number may be increased from two to five in terms of Executive Council Resolution No. 8 dated 25th July, 1941.

†A bona fide resident of the United Provinces is:—

- (a) a natural born British subject, the domicile of origin of whose father is in the United Provinces and who himself is domiciled in the United Provinces; or
- (b) a natural born British subject, the domicile of origin of whose father was not the United Provinces, but who or whose father has acquired a domicile in the United Provinces, provided that the candidate himself has after such acquisition, resided in the United Provinces for not less than five years at the date on which he applies; or
- (c) a natural born British subject who was born in the United Provinces and whose father is (or, if dead, was at the time of his death) employed in any department of the Central Government and is, or was, liable to inter-provincial transfers, provided that he has himself resided in the United Provinces for three continuous years immediately preceding the date of application; or

(continued on the next page).

United Provinces, and (2) residents of other Provinces and Indian States which have no Medical College of their own and whose claim to admission has been recognised by the Executive Council on certain conditions.*

Provided that for the duration of the present war not more than four I.M.D. candidates may be admitted on the recommendation of the Director-General, Indian Medical Services, if they obtain at least 40% of marks in the Pre-Medical Test and are bona fide residents of the United Provinces.

5. Selected candidates shall be required to undergo a health examination by a Medical Board appointed by the University and their admission to the Faculty shall be subject to their physical fitness.

The health examination shall include an X-ray examination of lungs for which a fee of Rs. 3 shall be charged.

- (d) the ruler or a subject of an Indian State, or a native of a tribal area or territory and adjacent to India, in respect of whom or which a declaration has been made by the Governor of the United Provinces under sub-section (2) of section 262 of the Government of India Act, 1935.

Note.—A declaration has been issued with regard to the subjects of the States of Benares, Rampur and Tehri-Garhwal.

*The conditions are—

- (1) the candidate must secure a position within the sanctioned limit of number.
- (2) the Provincial Government or Indian State concerned should previously agree to pay the requisite amount per student to meet the cost of medical education.

B.—SCHEME OF EXAMINATION.

The examination shall be conducted by means of one paper of three hours' duration in each subject and shall carry 100 marks in each paper.

C.—COURSES OF STUDY

I.—1. **Chemistry.**—Elements and compounds—acids, bases and salts—oxidation and reduction—combustion flame, Laws of Boyle, Charles, Gay—Lussac, Avogadro—Atomic Theory—Equivalent, molecular, and atomic weights, valency—Simple chemical calculations involving weights of material, and volumes, and gases—Elementary chemistry of the commoner elements including hydrogen, oxygen, nitrogen, carbon, sulphur, Phosphorus, silicon, boron, chlorine, bromine, iodine, fluorine, sodium, potassium, calcium, barium, magnesium, aluminium, arsenic, antimony, bismuth, silver, copper, lead, zinc, mercury, manganese and iron.

2. Properties of solutions, osmotic pressure, molecular weights, electrolytic dissociation, colloids.

3. **Organic Chemistry.**—The paraffins and their principal derivatives with special reference to methane and ethane fermentation. The alcohols—aldehydes and acetones; fatty acids; glycerol; fats; saponification; carbohydrates, urea; chemical nature of the proteins; Benzene and its principal derivatives, pyridine.

II.—1. **Physics.**—Properties of matter, units measuring instruments, work and energy, specific gravity, study of fluids, elasticity, kinetic theory of matter, surface tension, diffusion, osmosis, viscosity.

2. **Heat.**—Thermometry, calorimetry, and specific heat, expansion of solids, liquids, and gases, change of state, melting point, boiling point, latent heat of fusion and vaporisation, vapour pressure, hygrometry, mechanical equivalent of heat, propagation of heat, convection, conduction, radiation.

3. **Sound.**—Nature and speed, loudness, pitch, quality, reflection, interference.

4. **Light.**—Rectilinear propagation, photometry, reflection, refraction, lenses, mirrors, prisms, dispersion, phosphorescence, fluorescence, optical instruments, polarisation and applications, spectrum analysis and colour

5. **Electricity and Magnetism.**—Magnetism (general) electrostatics, electric field, lines of force electroscopes, electrometers, potential capacity, energy, dielectric constant, electric currents, cells, types, series and parallel, general effects produced by current, galvanometers, resistance, electromotive force, Ohm's law, Joule's law and their applications, electromagnetic induction, induction coil, thermo-electricity, Cathode rays.

III.—1. **Elementary Zoology.**—An elementary knowledge of:—

The Protozoa, Coelenterata, Annelida, Arthropoda, and Mollusca. The life history of Protozoa associated with disease in man, including entamoeba, trypanosomes, malarial parasites, mosquitos and other important blood-sucking Arthropoda. The more common flat worms and round worms parasitic in man.

2. A general knowledge of the structure of the Vertebrata. The fundamental fact as to (1) structure, etc., of the cell, (2) sexual reproduction, (3) heredity, and variation, (4) maturation, fertilisation and segmentation of the Ovum, (5) the early development of Amphibians and the foetal appendages of birds and mammals.

IV.—**Elementary Botany.**—For the Examination of 1944 only. The characteristic features of the following groups and classes of the vegetable kingdom:—

Thallophyta, bryophyta, pteridophyta. Spermatophyta. The fundamental facts and principles of organography and Physiology.

II.—Bachelor of Medicine and Bachelor of Surgery.

A.—ORDINANCES AND REGULATIONS

Ordinances. 1. Except as hereinafter provided, no candidate shall be admitted to either or both of the degrees of Bachelor of Medicine and Bachelor of Surgery unless he shall have attended the prescribed courses of study extending over a period of not less than five academic years after passing the Pre-Medical Test in the last three of which clinical subjects should be studied.

The work in the fifth year may consist of clinical work including clinical lectures only. The necessary attendance must be put in at the University hospital or such other hospital or institution as may be recognised by the University.

2. No candidate shall be admitted to a course of study in the Faculty of Medicine unless he has passed the Pre-Medical examination of this University

3. The First Professional Examination shall be in the subjects of Anatomy and Physiology.

Candidates before presenting themselves for this examination shall produce evidence of—

- (1) having completed the second year of Medical study;
- (2) having attended complete courses of instruction approved by the University in Anatomy and Physiology,
- (3) having dissected the human body at least once.

Candidates who pass in one subject, with at least 60% marks, and fail in the other subject, with at least 33% marks, shall be eligible to re-appear at the next ensuing Examination only in the subject in which they fail, but if they fail to appear at, or to pass, the ensuing examination, they shall have to appear in both subjects at any subsequent examination.

Candidates who fail to appear in or to pass the First Professional Examination in five successive opportunities shall not be allowed to continue their studies except with special permission of the Faculty.

Candidates who fail to satisfy the examiners must, before readmission to the examination, produce evidence of having pursued such further courses of study as they may be required to do by the Dean of the Faculty, in consultation with the Head of the Department concerned.

4. The Final Professional Examination shall consist of two parts, viz.—

Part I.—

Group A.

Pharmacology* including Pharmacy, Materia Medica, and Pharmacological Therapeutics.

*Candidates who have passed Materia Medica under the old Ordinances are not required to pass in Pharmacology under the new Ordinances. (vide Resolution No. 16 of Executive Council, dated the 10th October, 1930).

Group B.

Pathology and Bacteriology;

Forensic Medicine, Toxicology in their Medical and legal aspect.

Public Health.

An examination in Group A shall be held at the end of the third year of the student's Medical course.

Part II.—

Medicine, including Therapeutics, Medical Pathology, and Mental Diseases.

Surgery, including Surgical Anatomy and Surgical Pathology;

**Ophthalmology; and
Obstetrics and Gynaecology.**

5. Group B of Part I and Part II of the Final Professional Examination may be taken separately or together at one time, provided that the following conditions are fulfilled, viz:—

- (1) that the candidate when appearing for this examination shall produce evidence of having passed the First Professional Examination of the University;**
- (2) that the candidate who appears in Part I Group B, of this examination shall produce evidence:—**
 - (a) of having completed the courses of study prescribed by the University for this Part;**
 - (b) of having devoted, during the period of two years subsequent to his passing the First Professional Examination, a part of his time in clinical study;**

- (c) of having passed Group A of Part I;
- * (3) that the candidate who appears in Part II of this examination shall produce evidence—
 - (a) of having completed his fifth year of study;
 - (b) of having completed the courses of study prescribed by the University for this Part;
 - (c) of having undergone a course of instruction in Mental Diseases;
 - (d) of having received a course of instruction in the University in the following subjects:—
 - (i) Tuberculosis.
 - (ii) Anaesthetics.
 - (iii) Diseases of the Eye.
 - (iv) Clinical Medicine.
 - (v) Clinical Surgery.
 - (vi) Operative Surgery and Surgical Anatomy.
 - (vii) Radiology and Electro-Therapeutics.
 - (e) of having received instruction in the University in the following subjects:—
 - (i) Disease of the Ear, Nose, and Throat.
 - (ii) Infectious Diseases (Fevers).
 - (iii) Diseases of Children.

*It is necessary for candidates, who appear in Final M.B.B.S. Part II Examination to have attained 21st year of age (vide Executive Council Resolution No. 5 dated the 21st July, 1939).

- (iv) Diseases of the Skin.
- (v) Venereal Diseases.
- (vi) Medical Ethics.
- (vii) Dental Diseases.
- (f) of having—
 - (i) attended as a clinical clerk in the Medical wards for six months,
 - (ii) attended as a surgical dresser in Surgical wards for six months,
 - (iii) attended as a clinical clerk in the Obstetric and Gynaecological wards for three months,
 - (iv) attended as a clinical clerk in the Ophthalmic wards for three months,
 - (v) attended the Medical Out-patients' Section and the Surgical Out-patients' Section for separate periods of three months each,
 - (vi) attended post-mortem clinics for two years,
 - (vii) acquired proficiency in vaccination,
 - (viii) complied with the requirements of the Medical Council of India in Obstetrics* and Gynaecology.

***Note.**—Midwifery, Diseases of Women and Infant Hygiene, including:—

- (a) Courses of systematic instruction in the principles and practice of Midwifery, Gynaecology and infant Hygiene, including Applied Anatomy and Physiology of Pregnancy and Labour.
- (b) Lectures and demonstrations in Clinical Midwifery, Gynaecology and Infant Hygiene and attendance on the practice at a Maternity Hospital or the Maternity wards of a General Hospital, including (a) ante-natal care and
(continued on the next page).

5A. Notwithstanding anything to the contrary in Ordinances 1 to 5, a licentiate of the State Medical Faculty, who satisfies the conditions for entering to the Pre-Medical test or to the King George's Medical College, may be admitted in August and may take the necessary examinations in the following order:—

First M.B.B.S. examination at the October examination of the same session, or at any subsequent examination.

- (b) the management of the puerperium, and on in-patient and out-patient gynaecological practice for a period of at least three months. This period should be devoted exclusively to instruction in these subjects, and should be subsequent to the medical clinical clerkship, and and the surgical dressership. Not less than two-thirds of the hours of clinical instruction should be given to Midwifery, including ante-natal care and Infant Hygiene.
- (c) Of this period of clinical instruction not less than one month should be spent as a resident pupil either in a Maternity Hospital, or, in a hostel attached to a Maternity Hospital, or to the Maternity wards of a General Hospital.

The students should during this month attend at least twenty cases of labour under adequate supervision. Should the number of cases attended during this month be less than twenty, the remainder must be attended as soon as possible thereafter.

A certificate showing the number of cases of labour attended by the student in the Maternity Hospital and in the patients' homes respectively, should be signed by a responsible medical officer on the staff of the hospital and should state—

- (i) That the student has personally attended each case during the course of labour, making the necessary abdominal and other examinations under the supervision of the certifying officer who should describe his official position.
- (ii) That satisfactory written histories of the cases attended, including when possible ante-natal and post-natal observations, were presented by the student and initialled by the supervising officer.

Final M.B., B.S., Part I, Group A (Pharmacology) and Final M.B., B.S. Part I, Group B (Pathology, Hygiene and Medical Jurisprudence) may be first taken at the April examination of his first session or at any subsequent examination.

Final M.B., B.S. Part II (Medicine, Surgery, Ophthalmology and Obstetrics and Gynaecology) can be taken only after Groups A and B have been passed and may be first taken at the April examination of his second session or at any subsequent examination.

The courses of instruction for each examination shall be prescribed by the Dean after consultation with the respective Heads of Departments.

The fees charged shall be in all classes the same as those charged from regular students.

*6. (a) Before any re-examination all candidates shall undergo such courses of further study as may be prescribed by the Dean in consultation with the Heads of the Departments concerned.

(b) Any candidate who has been admitted to Part I or Part II of the Final Examination and has failed, but yet has passed in one or more subjects need not re-appear within a period of nineteen months in those subjects which he has already passed provided he has secured not less than 33% marks in each of the remaining subjects. If the candidate fails to appear at any subsequent examination, or on re-examination, as permitted by this rule, fails to secure the prescribed minimum pass marks within 19 months in the remaining

subjects, he shall be required to re-appear in all subjects, at any subsequent examination.

(c) All candidates who obtain less than 33% of marks in one or more subjects shall undergo a further course of instruction extending over three terms, and shall re-appear in all subjects at the next examination.

(d) Candidates unable to appear in one or more subjects owing to illness will be treated in respect of those subjects as candidates who had failed therein but obtained more than 33% of marks. No concession will be given to a student for such illness unless he is treated for the same in a ward of King George's and Associated Hospitals, and is certified by the Physician or Surgeon by whom he is being treated that he is unfit to appear at the examination in those subjects. The Vice-Chancellor, on the recommendation of the Heads of Departments concerned and of the Dean, may extend, if necessary, the period of credit under clause (b) for subjects in which the sick student has already passed provided he has passed in not less than three of them.

(e) Candidates failing in all subjects will not be entitled to any of the foregoing concessions.

7. The professional examinations will be held twice a year ordinarily in April and October.

Prizes and scholarships shall be awarded on the results of the April examination only except for the purpose of the Eduljee Hormusha Parakh Gold Medal

Distinction and Honours shall be awarded only to those students who appear for the first time.

Transitory Ordinance. "In Ordinance 6, the following be treated as deleted for the duration of the War:—

- (i) In clause (b), the words "provided he has secured not less than 33% marks in each of the remaining subjects," occurring in lines 6 and 7.
- (ii) clause (c).
- (iii) In clause (d), the words "but obtained more than 33% of marks", occurring in lines 4 and 5, and
- (iv) clause (e)."

General.

Regulations 1. Before attending any class, students must obtain an admission form from the Dean which they must at once present to the Registrar, paying at the same time any fee which may be due. Until this is done no credit will be given for attendance upon any course.

2. The class and the University examinations must be taken during the year and in the order specified in the curriculum unless a student obtains written permission from the Dean to vary the order of studies. In no case will the student be permitted to enter upon hospital study until the First Professional Examination shall have been passed.

3. The following factors will be taken into consideration in determining the class work in each subject:—

- (i) Regularity in attendance;
- (ii) Periodical exercises and class examinations; and
- (iii) Laboratory note-books during the prescribed course.

4. Class examinations will be held at the discretion of the Head of the Department concerned, but at least once during the session in all the subjects of the First Professional Examination, and once during the whole course of lectures in the subjects for the Final Professional Examination.

Attendance at these examinations is compulsory, but the Dean may, in exceptional cases, exempt students from these class examinations for special reasons, with or without imposing a condition of subsequent examination.

5. (a) Students are required to make reasonable preparation for class examinations, and, if they fail to do so, may be fined. When an examiner finds that any student has not been able to secure at least 20 per cent marks he shall report the case to the Dean, who will call for an explanation and if he, in consultation with the Head of the Department, considers that the explanation is not satisfactory, he may fine the student up to Rs. 5.

(b) Any student who fails to attend a class examination and is not on leave or ill in the wards will be fined Rs. 5 for the absence.

6. The Dean may, at any stage, in consultation with the Head of the Department concerned, debar a student from taking further courses of study if his class work proves so unsatisfactory as to make it clear that he is not likely to profit by them. This applies specially to the first year class.

7. Students who fail to attend the prescribed lectures and to perform the prescribed exercises or to attend the class examinations will not be admitted to the University examinations.

8. A class Schedule Card will be maintained for each student for the different examinations. The Dean will obtain the signature of the student's teachers at the end of each course of lectures or practical instruction and will send the card to each Head of Department for final completion before the commencement of each examination. This card must contain a statement that the student has attended not less than three-fourths of the lectures and practical classes and not less than 85 per cent of clinical instruction of which the course consists, together with such class examinations or exercises as each teacher may prescribe in connection with his own course. This card will be submitted to the examiners at the University examination, as required. These cards will finally be deposited in the Dean's Office for record. After a lapse of 10 years from the date of graduation they may be destroyed.

9. (a) Ordinarily no extra lectures, demonstrations, practicals or clinicals, shall be given to students whose percentage of attendance falls short of the required number.

(b) If a student has not attended the full 75 per cent of lectures, demonstrations, practicals and the 85% of clinicals required in any subject, but falls short of the percentage by a number of lectures, demonstrations, practicals or clinicals, not more than six, he may be allowed to make good his deficiency in a subsequent term by attendance on the number of lectures, demonstrations, practicals or clinical deficient in that subject, provided the attendances are on consecutive classes.

(c) If, however, the deficiency amounts to more than a total of six lectures, demonstrations,

practicals or clinicals, the students must attend 75 per cent of all lectures, demonstrations, practicals and 85% of clinicals in that subject delivered during a subsequent term; and if that additional number be insufficient to make good his original deficiency he must continue such attendance to the end of the session.

(d) Shortage in Hospital clinical instruction ordinarily may be completed in the period assigned for "Optional Cliniques." If the deficiency cannot be completed in that period, the student should make good his original deficiency in a subsequent term or session.

Examinations.

1. In the question papers there will be no optional questions. An average of at least half an hour should be allowed for a candidate to answer each question. Regulations

2 In every subject there shall be an external examiner and one or more internal examiners. External examiners should be appointed or re-elected for at least three consecutive years as far as possible.

In all clinical examinations, the examiners will observe the candidate make his examination of the patient, or the candidate will be made to demonstrate his method to them.

In the several class and University examinations, the examiners, in assessing marks, are empowered to take into account the duly attested records of work done by the candidate throughout his course of study in the subject of the examination.

3. In those subjects for which there is only one question paper, the paper should be divided into two parts, each containing three questions. Three questions should be set by the internal examiner and three questions should be set by the external examiner. Each part should be answered in separate answer books.

In all written examinations, questions in each subject should have the approval of both the external and internal examiners appointed for that part of the subject.

Compensation in respect of marks as between the four different portions of the Final Examination, viz., Medicine, Surgery, Ophthalmology, Midwifery, will not be given.

4. The Final Examination in Part II should include Clinical and Practical examinations in Obstetrics and Gynaecology.

5. In the appropriate papers and practical examinations of the Final M.B., B.S., Part II, as well as in class examination, questions in diseases of the Ear, Nose, and Throat, Teeth or Skin; in diseases of Children and Infants, on X-ray interpretation and on Electro-therapeutics, on Venereal diseases and Tuberculosis, on Anaesthetics and on the special instruments a technique employed in these special subjects, may be asked.

6. As far as possible in the final examinations in Medicine, Obstetrics and Gynaecology, Ophthalmology and General Surgery, prevention of disease shall form part of the examination.

General:

If a candidate obtains an aggregate of 75 per cent in four subjects, including Medicine or Surgery and Pathology, he will be declared to have passed the Final examination with Honours.

A candidate may, at the discretion of the examiners, be prevented from attending the Clinical part of the examination in the subject in which he has failed to satisfy the examiners.

Only those candidates will be considered qualified for Honours or Distinction who passed the Degree examination in the first attempt, in each Part.

C.—COURSES OF STUDY.

The First Professional Examination.

The teaching of Anatomy and Physiology should include as a regular part of the courses, the demonstration on the living human body of structure and functions, including the information to be obtained from Radiology.

Anatomy.

1. Human Anatomy and Embryology with special reference to their application in Medicine and Surgery.
2. Dissection of the whole body at least once.

Books recommended:

- Cunningham: Practical Anatomy.
- Cunningham: Text-book of Anatomy.
- Gray: Text-book of Anatomy.
- Siddiqi: Anatomical Atlas of Human Body.

Books of reference:

- Berry: Practical Anatomy.
- J. Fraser: Osteology.
- J. Fraser: Embryology.
- Buchanan's Anatomy, edited by J. Fraser.

Physiology.

1. The Physiology of the Blood, of Circulation, Respiration, Secretion and Excretion, Digestion and Absorption, Exchange of Material and Nutrition, Production and Discharge of Heat and the Maintenance of normal Temperature in the Body.
2. The influence of the Nervous System on each of the above-named functions.
3. The Elementary Physiology of Muscle and Nerve.
4. The Physiological Anatomy of the Brain and Spinal Cord and the localisation of function in these organs.
5. The Physiology of common and special Sensation and the Physiological Anatomy of the Sense Organs.
6. The Physiology of the Larynx: elementary facts relating to Voice and Speech.
7. The Physiology of the Ductless Glands.
8. The physiological properties of Adrenaline, Atropine, Curara, Histamine, Nicotine, Pilocarpine, Strychnine, Ergotoxine, and Acetylcholine.

9. Biochemistry and Biophysics.

The knowledge of Elementary Chemistry and Elementary Physics required before entrance upon the Medical curriculum paper will be supplemented before the First M.B., B.S. by further instruction and examination in these subjects adapted to the special needs of a medical student.

10. The elementary Physiology of Anaesthesia.

11. The elements of Physiological Psychology.

In the practical examination students will be required to give evidence of their knowledge.—

- (i) by recognizing specimens of normal Tissues under the Microscope;
- (ii) by making preparations of normal tissues, either fresh or previously prepared so as to demonstrate their structure;
- (iii) by performing with the aid of preparations of frog simple experiments relating to the properties of muscles, nerve, and the central nervous system;
- (iv) by identifying by simple experiments substances and liquids of Physiological importance. Students may also be required to estimate quantitatively the chief constituents of Normal and Pathological Urine.

Books recommended:

Halliburton: Manual of Physiology.

Halliburton: Essentials of Chemical Physiology.

Schafer: Essentials of Histology.

Schafer: Essentials of Experimental Physiology.

Burridge: Alcohol and Anaesthesia.

Books of reference:

Burridge: Excitability, a Cardiac Study.

Burridge: A new Physiology of Sensation.

Burridge: A new Physiological Psychology.

Wright: Applied Physiology.

FINAL PROFESSIONAL EXAMINATION.

Pharmacology, including Pharmacy, Materia Medica, and

Pharmacological Therapeutics.

(a) Study of Materia Medica including.—

- (i) The Physical and Chemical properties of the active principles of plants.
- (ii) Definitions of the Pharmaceutical processes and Pharmacopoeial preparations.

- (iii) Posology.
- (iv) The source, character, and preparations of drugs, pharmacopoeial and indigenous.
- (b) A study of the pharmacological actions of drugs (pharmacopoeial and indigenous) including the following:—
 - (i) Chemical and Physical basis of Pharmacology.
 - (ii) Methods of administering drugs.
 - (iii) Conditions influencing drug action.
Idiosyncrasy, anaphylaxis, tolerance and cumulative action.
 - (iv) Conditions influencing absorption and excretion of drugs.
 - (v) Pharmacological therapeutics.
- (c) A course of practical instruction in the following for at least one term each:—
 - (1) Pharmacy including principles of dispensing—use of balance—incompatibilities and compounding of mixtures, emulsions, liniments, plasters, ointments, pills, powders, cachets, capsules, and suppositories.
 - (2) Experimental Pharmacology illustrating the action of drugs on blood vessels, heart, intestines, uterus, central nervous system, secretions, protozoa and ciliated epithelium.

The course to extend over two academic years, viz., the 2nd and 3rd year of the student's curriculum. In the 2nd year, the course shall consist of 16 introductory lectures in Pharmacology during the 1st term, and 16 demonstrations in Materia Medica during the 2nd term. In the 3rd year there will be 50 lectures in Pharmacology, 15 demonstrations in Experimental Pharmacology and 16 practical classes in Pharmacy.

Books recommended:

- Clerk: Applied Pharmacology.
- Cushny: Pharmacology and Therapeutics.
- Dixon: Pharmacology.
- Dixon: Practical Pharmacology.
- Ghosh: Materia Medica.

HYGIENE.

1. One course of 36 lectures and 8 demonstrations on Hygiene. Personal hygiene. Food and dietaries. The construction of dwelling-houses with reference to (a) the proper access of sunlight and air, (b) methods of natural and artificial ventilation, warming and water-supply, (c) the disposal of refuse and excretal matters. The

effect on health of over-crowding, vitiated air, occupation and offensive trades.

Effects on health of impure water, polluted soil and unsound or infected food.

The inspection of meat, grain, and other articles of food.

Climatology and Meteorology.

The aetiology and prevention of endemic and epidemic diseases with special reference to Indian conditions. The methodical investigation of cases of such diseases with reference to their causation. The relation to human diseases of the common diseases, and parasites of other forms of life, animal or vegetable.

Control of tuberculosis and of leprosy.

The general principles and methods of vaccination, preventive inoculation, isolation and disinfection.

Elements of vital statistics, correct certification of causes of death.

Causes and prevention of infant mortality with special reference to welfare work in rural and urban areas in this and other countries.

The principles of School Hygiene and medical inspection of school children.

Principles and practice of rural sanitation especially under Indian conditions.

Sanitary arrangements at fairs.

The obligations of medical practitioners as required by the laws relating to public health.

The role of fixed and travelling dispensaries in controlling sickness in rural areas.

2. Demonstration, each of two hours, 4 may be out-door demonstrations and 4 may be given in museum. The out-door demonstrations may include.

(1) Filtration of water (visit to Lucknow Water-Works).

(2) Sewerage system.

(3) Maternity and Child Welfare (visit to a Child Welfare Centre).

(4) School Hygiene and medical inspection of school children (visit to school).

(5) Visit to a rural development area near Lucknow or, alternately such other demonstrations as may conveniently be arranged.

3. A course in the Theory and Practice of Anti-Small-pox Vaccination, including two attendances of two hours each.

Books recommended:

Notter and Firth: Hygiene.

Modi: Elements of Hygiene and Public Health.

Dunn and Pandya: Indian Hygiene and Public Health.

**Medical Jurisprudence, including Insanity
and Toxicology.**

Medical Jurisprudence:

A course of lectures on Medical Jurisprudence comprising chiefly the following subjects:—

Legal procedure in the Criminal Courts, Medical evidence, Identity of the living and the dead Post-mortem examination, Exhumation. Examination of blood, seminal and other stains, Death in its medico-legal aspect. Violent asphyxial deaths from hanging, strangulation, suffocation, and drowning. Deaths from extremes of temperature, burns, scalds, electricity, and lightning. Mechanical injuries.

Subjects involving sexual relations and offences.

Insanity in its medico-legal aspect.

Toxicology.—Symptoms, treatment, **post-mortem** appearance and the detection of poisons commonly used in India.

Medical ethics and duties that devolve upon Practitioners in their relation to the State.

2. Attendance at not less than 16 medico-legal post-mortem examinations. Reports on six examinations may be called for by the Examiner.

3. One lecture to be devoted to professional privileges, responsibilities, and obligations together with the provisions of the United Provinces Medical Registration Act No. III of 1917 and the British Medical Act.

4. Three Demonstrations in the Forensic Medicine Museum.

Books recommended:

Sydney Smith: Forensic Medicine.

Modi: Text-book of Medical Jurisprudence and Toxicology.

Jagae Shaw: Handbook of Mental Diseases.

Pathology.

A course of instruction in Pathology (general and special). Bacteriology, Parasitology, with practical classes in Morbid Histology, Bacteriology, Parasitology, Medical Entomology, and Chemical Pathology.

Each student should be required to have received practical instruction in the conduct of autopsies and to have acted as a post-mortem clerk in at least ten cases, so far as may be practicable.

The course to extend through two academic years, being the third and fourth year of student's curriculum.

Books recommended:

Green: Pathology.

Muir: Text-book of Pathology.

Muir and Richie: Bacteriology.

Price: A Text-book of the Practice of Medicine (Etiological and Pathological section).

Manson: Tropical Diseases—Appendix, Medical Zoology.

De and Chatterji: Bacteriology in relation to Clinical Medicine.

Courses in Clinical Pathology and in Elementary Bacteriology and Parasitology should be commenced as soon as possible after the student has entered upon his clinical studies and completed before the student is allotted beds.

Medicine.

Medicine, including Applied Anatomy and Physiology, Clinical Pathology and Therapeutics, comprising:—

1. A course of not less than 75 lectures in the principles and practice of medicine and a series of not less than 40 clinical lectures.
2. The Medical practice in a recognized Hospital during three years, with clinical instructions and experience as a Medical Clinical clerk for not less than six months in the Hospital wards, including Clinical Pathological investigations of the student's own case in the Hospital Clinical Room, and three months in the Out-Patients Department.
3. A course of not less than 20 demonstrations of Clinical Methods, applied Medical Anatomy and Physiology, the recognition and interpretation of physical signs and the use of instruments of observation.
4. Instruction in Therapeutics and Prescribing, including Pharmacological Therapeutics. Electro-actino and Radio-therapeutics. Mechano-therapeutics and vaccine and serum therapy.
5. A course of instruction in—
 - (a) Diseases of Children.—Attendance for one month (ten attendances) at the Out-Patient Department for Children at Women and Children's Hospital.
 - (b) Acute Infectious Diseases (Fevers)—A minimum of 10 attendances at the Hospital for Infectious Diseases.

- (c) Tuberculosis Attendance for one month (ten attendances) in the Tuberculosis wards and Tuberculosis Out-Patient Clinique.
- (d) Mental Diseases:—
9 Lectures and 9 Clinical Demonstrations in a Mental Hospital.
- (e) Diseases of the Skin, including Leprosy—Attendance for one month (ten attendances) in the Out-Patient Clinique for Skin Diseases. Two attendances at the Leprosy Hospital.

Books recommended:

Manson: Tropical Diseases.

Price: A Text-book of Practice of Medicine.

Hutchison and Rainey: Clinical Methods.

Rogers and Megaw: Tropical Medicine.

Osler: Practice of Medicine.

- (f) General Medical out-door—Attendance for one month (ten attendances) in the Medical out-door of the Hospital.

SURGERY.

Surgery, including Applied Anatomy and Physiology and Clinical Pathology, comprising.—

1. A course of not less than 75 lectures on the principles and practice of Surgery and a series of not less than 40 Clinical lectures.
2. The Surgical practice in a recognized Hospital during three years with clinical instructions and experience as a Surgical dresser for nine months of which at least six months must have been spent in the Hospital wards, including Clinical Pathological investigations on the student's own cases in the Hospital Clinical room.
3. A course of not less than 20 demonstrations on Surgical methods including not less than 5 on Orthopædics (including Mechano-Therapeutics).
4. A course of instruction in the administration of Anaesthetics, including four lectures. The candidate must be certified to have administered Anaesthetics on at least twelve occasions, under the guidance of the Anaesthetist.
5. A course of instruction in Surgical Anatomy and Physiology and in Operative Surgery with operations on the cadaver. The course will cover 30 attendances, and may commence in the first term of the fifth year. Practical Operative Surgery may also commence in the first term if bodies are available.

6. A course of instruction in—

- (a) Surgical Pathology, twelve Demonstrations.
- (b) Radiology and Electro-therapeutics—A course of six lectures and attendance in the Radiology Section for one month (ten attendances).
- (c) Diseases of the Ear, Nose and Throat, including the practical use of the Otoscope, Laryngoscope, and Rhinoscope. A course of 4 lectures and attendances for one month (ten attendances) in the Ear, Nose and Throat Clinique.
- (d) Venereal Diseases—Attendance for one month (ten attendances) in the Out-Patient Clinique for Venereal Diseases.
- (e) Dental Surgery—Attendance for one month (ten attendances) in the Dental Clinique.
- (f) General Surgical out-door attendance for one month (ten attendances) in surgical out-door section of the Hospital.
- (g) Orthopædic out-door attendance for Orthopædic out-door section of the Hospital.

7. Course of instruction in.—

- (a) Applied Surgical Anatomy, Physiology and Clinical Pathology.
- (b) Practical Surgery.
- (c) Orthopædics.
- (d) Surgical Diseases of Children.

Books recommended:

Grey Turner: Modern Operative Surgery.

Books recommended for consultation:

Boyd: Surgical Pathology.

Ophthalmology.

Ophthalmology, including Applied Anatomy, Physiology and Clinical Pathology.

1. A course of 25 lectures on diseases of the eye.
2. Three months Clinical work as Ophthalmic Clerk, including Clinical Pathological investigations on the student's own cases in the Hospital Clinical Room.
3. A course of 30 demonstrations in Refraction and use of Ophthalmoscope.

Books recommended:

- J. H. Parsons: Diseases of the Eye.
 May and Worth: Diseases of the Eye.

Obstetrics and Gynaecology.

Obstetrics and Gynaecology, including Applied Anatomy, Physiology, Clinical Pathology and Infant Hygiene, comprising.—

1. A course of systematic lectures on the principles and practice of Midwifery and Gynaecology.
2. Attendance as a Clinical Clerk for Clinical instruction and experience in a recognized Maternity Hospital (or in the Maternity wards of a recognized General Hospital) and on the In-patient (and *Out-patient) Gynaecological practice thereof for a period of three months.
3. During the clerking, the student shall receive practical instruction in the wards and the *Out-patient Department in the principles of:
 - (a) Ante-natal care.
 - (b) Management of the puerperium.
 - (c) Care of the new-born infant.
4. Of this period of Clinical instruction not less than one month should be spent as a resident pupil, devoted exclusively to instruction in Midwifery and in the Hygiene of Infants. The student should during this month attend at least 20 cases of labour under adequate supervision. Should the number of cases attended during this month be less than 20, the remainder must be attended as soon as possible under the same conditions.

***Note.**—The Professor will consult with the Dean after each year as to whether the time has yet come to allow students to the Out-Patient practice of Queen Mary's Hospital without detriment to the complete success of that Hospital.

Satisfactory written histories of six Gynaecological cases and of six cases of Infant diseases shall be kept by students in book form duly signed by the Head of the Department.

5. The certificate granted by the Professor shall state:—

- (1) The number of cases the student has personally attended, making the necessary abdominal and other examinations under the supervision of the certifying officer whose position shall be stated.
- (2) That five at least of the twenty cases were delivered by the student in the labour wards.
- (3) That satisfactory written histories of the cases-attended, including, when possible, ante-natal and post-natal observations, were presented by the student and initialled by the supervising officer. Candidates may be required to produce these History-books before examiners as evidence of their diligent work.
6. A course of not less than 20 demonstrations on practical Obstetrical and Gynaecological Instruments and Appliances.
7. A course of lectures on the Diseases of Infants.
8. Instruction in Contraceptive Methods.

III.—Doctor of Medicine and Master of Surgery

ORDINANCES AND REGULATIONS.

1. No candidate shall be admitted to the degree of Doctor of Medicine or of Master of Surgery unless he has first obtained the degree of Bachelor of Medicine and Bachelor of Surgery in the University of Lucknow (or prior to April, 1922, in the University of Allahabad) or of such other approved Universities as allow candidates who have obtained the degree of Bachelor of Medicine and Bachelor of Surgery of the Lucknow University to be admitted to the degree of Doctor of Medicine or Master of Surgery of their Universities without any special restrictions, and until three academic years shall have elapsed after qualifying for such Bachelor's degree: Ordinances.

Provided that this period may be reduced by one year in the case of a candidate who (i) produces evidence* that he has devoted, subsequent to his graduation, at least one year in practical study or in hospital work in the special department of the medical curriculum selected by him, or (ii) has either obtained Honours at the Final examination of this University for the degrees of Bachelor of Medicine and Bachelor of Surgery, or has obtained distinction in Medicine in the case of a candidate for the degree of M.D. or distinction in Surgery in the case of a candidate for the degree of M.S.

*Note.—The following study or work shall qualify for the purpose of exception (i) of Ordinance I:

- (i) Lectureship of the Medical College, Lucknow and Agra.
- (ii) King George's Hospital, Lucknow or Thomason Hospital, Agra, resident House appointment.
- (iii) Post-graduate course in College or Hospital as may be recommended by the Head of the Department concerned in consultation with the Dean.

2. The M.D. and M.S. examinations will be held once a year ordinarily in April.

3. The M.D. or M.S. degree shall be conferred after the acceptance of a thesis and after the candidate has passed the prescribed examination in a special subject selected by him out of the ten departments mentioned in the next Ordinance.

4. The special subjects and the departments in which the thesis may be presented and the examination taken are:

I.—For the Degree of M.D.

(1) Medicine, (2) Pathology, (3) Forensic Medicine, (4) State Medicine, (5) Pharmacology, (6) Physiology.

II.—For the Degree of M.S.

(1) Surgery, (2) Ophthalmology, (3) Obstetrics and Gynaecology, (4) Anatomy.

5. The thesis on the special subject selected by the candidate for the M.D. or M.S. examination must be submitted before the first day of December preceding the examination at which the applicant intends to appear.

The thesis will be submitted to all the three examiners appointed for the said examination. The examiner will report whether the thesis is accepted or not.

6. A candidate whose thesis has been accepted but who has failed in the M.D. or M.S. examination and who wishes to appear in any subsequent examination for the degree of M.D. or M.S. will not again be required to submit a fresh thesis.

7. The examination for a candidate whose thesis is accepted shall consist of two Parts as under:—

For the M.D. Degree.

Part I.—It shall consist of three papers: two on the Special subject selected by the candidate and one of General Medicine. The paper on General Medicine will be common to all M.D. candidates.

If the special subject is Medicine then the papers concerned will be as follows:—

- (a) One paper on General Medicine (common to all M.D. candidates).
- (b) One paper on Medical Pathology and Bacteriology, and
- (c) One paper on the latest advances in Medicine, together with commentaries on cases.

Provided that a candidate who has already passed the M.D. (Pathology) will be exempted from the Paper on Medical Pathology and Bacteriology.

Part II.—It shall consist of an oral, practical and clinical examination.

(a) M.D.—Medicine.—An oral, practical and clinical examination in Medicine including Medical Pathology and Bacteriology.

(b) M.D. in subjects other than Medicine:—

- (i) An oral and practical examination in the special subject selected by the candidate.
- (ii) A clinical examination in Medicine.

For the M.S.

Part I.—It shall consist of three papers: two on the special subject selected by the candidate and one on General Surgery. The paper on General Surgery will be common to all M.S. candidates.

If the Special subject is Surgery then the papers concerned will be as follows:—

- (a) One paper on General Surgery (common to all M.S. candidates);
- (b) One paper on Surgical Pathology and Anatomy; and
- (c) One paper on the latest advances in Surgery 'together with commentaries on cases.

Part II.—It shall consist of an oral, practical and clinical examination.

(a) M.S.—Surgery—A clinical, oral and practical examination in Surgery and Surgical Pathology including operations on the cadaver and including also the use of special methods, such as electricity and of special instruments for diagnosis and treatment.

(b) M.S.—Ophthalmology or Obstetrics and Gynaecology:—

- (i) A clinical, oral and practical examination in the Special subject selected by the candidate; and
- (ii) A clinical examination in Surgery.

(c) M.S.—Anatomy:—

- (i) An oral and practical examination in Anatomy; and
- (ii) A clinical examination in Surgery.*

8. (a) If the Special subjects are Medicine and Surgery for the M.D. and M.S. examinations respectively, there shall be one internal and two external examiners. All shall be practising physicians and surgeons respectively. The paper in General Medicine and General Surgery (common

for all candidates for M.D. and M.S. examinations respectively) shall be set by the internal examiner in Medicine and Surgery respectively. One each of the other two papers shall be set by an external examiner.

(b) If the Special subjects are other than Medicine or Surgery, there shall be one internal examiner and one external examiner for the Special subjects, in addition to the internal examiner in Medicine or Surgery respectively.

(c) All examiners shall be severally and jointly responsible for all parts of the examination. In pursuance of this the internal examiner in Medicine or Surgery shall make the necessary arrangements for the clinical examination in Medicine or Surgery of candidates offering subjects other than Medicine or Surgery for the M.D. or M.S. examination respectively, and the examiners in the candidate's Special subject shall be present therewith and act as co-assessors. The internal examiner in Medicine or Surgery shall be present at the candidate's oral and practical examination in the Special subject and act as a co-assessor.

9. A candidate for the degree of M.D. or M.S. in a special subject and department, i.e., in Pathology, Forensic Medicine, State Medicine, Pharmacology, Physiology, Ophthalmology, Obstetrics and Gynaecology or Anatomy, upon whom the degree of M.D. (Medicine) or M.S. (Surgery) has already been conferred within the previous five years, shall be exempted from examination in the common paper and in the clinical, oral and practical examinations in Medicine and Medical Pathology or Surgery and Surgical Pathology as the case may be.

10. A medical graduate of the Lucknow University (or prior to April, 1922, of the Allahabad University) of not less than 10 years' standing may proceed to the M.D. or M.S. degree by a thesis only. Any such thesis shall embody the author's experience as a medical practitioner or as a research worker. No such thesis shall be accepted for the M.D. or M.S. degree unless the examiners declare it to be a noteworthy and valuable contribution to the advancement of Medical Science. The examiners may at their discretion, apply such further tests (practical and oral) as they deem necessary to satisfy themselves of the fitness of the candidate to proceed to the degree.

11. The result: Marks shall not ordinarily be assigned to any Part of the Examination but the examiners concerned shall confer after the examination is complete and shall report whether the candidate has 'passed with Honours', 'passed' or 'failed'.

Regulations 1. The thesis shall be lodged in quadruplicate copies with the Dean of the Faculty. It shall be printed or typed on one face of each page of foolscap size. When submitting the thesis the candidate shall state the department selected by him for examination; and enclose the requisite fee.

2. The thesis shall embody the result of the applicant's own research or experience. The candidate shall indicate in this thesis in what respects his contribution appears to him to advance the knowledge or practice of Medicine or Surgery. Reference to the work of others shall be clearly indicated and differentiated from the candidate's personal observations. With the thesis the candidate may submit any printed contribution to the advancement of Medical or Surgical Science which he may have published.

3. The thesis, if accepted,, shall become the property of the University and permission to publish the same, which will not be granted until the results are announced, shall first be obtained from the University. With the thesis a summary of not more than 1,500 words will be furnished in quadruplicate by the candidate which may be published as the University may direct in consultation with the Dean of the Medical Faculty and with the author of the thesis.

4. Two copies of each, accepted thesis will be bound, one copy will be lodged in the University Library and one copy in the Library of the King George's Medical College.

(Note.—The Registrar shall ask examiners to return the copies of the thesis submitted to them. One copy will be bound at the expense of the Medical College and one at the expense of the University Library.)

IV.—Diploma in Medical Radiology and Electricity.

A.—REGULATIONS.

The Course for the Diploma is open to graduates of Medicine of this and other approved Universities.

Students are required to attend a course of study approved by the University, and extending over not less than one academic year. (Three Terms).

The course of study must, unless special exemption is obtained, be continuously pursued. . 80 per cent attendance in lectures, demonstrations and practical classes will be required before a candidate can be signed up.

The subjects of the course are as follows:—

Part I.—Electro-Magnetism. Electro-Technology as applied to Radio-diagnosis and Radio-therapeutics.

Part II:—(a) Radiography and Radio-diagnosis.

(b) Radio-therapy.

There will be two papers of 40 marks each on the subjects mentioned in (a) and (b) above.

The course will consist of lectures and demonstrations as well as practical instructions in all three subjects as follows:—

Part I.—Electro-Magnetism and Electro-technology—approximately 30 lectures and demonstrations and 60 hours' practical instruction.

Part II.—Radiography, Radio-diagnosis and Radio-therapy—a course extending over three terms.

An outline syllabus indicating the general scope of the diploma is set out below:

B.—EXAMINATIONS.

Regulations The examination for the diploma consists of two parts. Candidates may enter for Part I and Part II at the same examination; or may enter for Part I only.

A candidate will not be permitted to proceed to Part II of the examination unless he passes Part I of the examination.

Exemption will not be granted from any part of the examination. The examination will consist of a paper, a practical examination and an oral examination in each of the subjects under Part I and Part II.

Marks:—Paper 40, Practical 60. Pass 50 per cent. separately in written and Practical work.

Duration of the Paper—3 hours.

Part I of the examination will be held twice in each year ordinarily about the middle of January and middle of April.

Part II of the examination will be held once a year ordinarily about the 3rd week of April (3rd Monday).

(Students entering either one or both parts of the examination must apply to the Registrar for an entry form which must be returned duly filled in and attested in accordance with the regulations as to approved courses of study, together with the proper fee, not later than 1st December for the January examination and 1st March for the April examination).

Examination fee is Rs. 100 for each part.

The course will extend over a period of three terms, and the fee will be Rs. 400 per session for students outside U.P. and Rs. 300 per session for U. P. students payable in three instalments.

No course will be started unless at least two students signify their intention to attend, and not more than six students will be accepted for any one course.

Candidates who enter for both Part I and Part II on the same occasion but owing to failure in Part I are not admitted to Part II will be entitled to a refund of the fee paid for Part II.

C.—COURSES OF STUDIES.

Part I.

Electro-Magnetism and Electro-technology.

Elementary electricity and magnetism.

Electro-statics—Fundamental ideas of Charge Potential and Capacity, Electro-statics, Induction, Condensers, Electroscopes, and Electro-meters.

Current Electricity—The production, proportions and measurement of continuous interrupted and alternating electric currents. Magnetic, Chemical and Thermal properties of currents, Ohm's Law, Construction and Action of Galvanometers, Ammeters, Volumeters, Milliampere-second meters and Oscillographs. The conduction of electricity through solids, liquids and gases.

Electro-Magnetic Induction—Production of induced currents. Theory of the Transformer and the Induction coil.

Electro-technics—Construction and action of Dynamos. Motors, Rotary converters, High tension Transformers, Relays, Rectifiers. Protection against Electrical Dangers and Accidents.

Magnetic Radiation:—

1. Infra-Red, and Ultra-Violet radiations.

- (a) Physical properties.

- (b) Technical applications.

2. X-Rays.

- (a) X-Rays in general.

- (b) X-Ray apparatus.

- (c) Production of X-Rays.
- (d) Measurement of X-Rays.
- (e) Distribution of X-Ray in tissues.
- (f) Dosage.

Cathode rays, Types of X-Ray tubes, Absorption of X-Rays by solids and fluids, and variations of this with wavelength, atomic number, etc.

Characteristic X-Rays. Scattering of X-Rays. X-Ray localisation and Stereostopy.

Physical aspect of Irradiation—Intensity and quality at surface and in depth. Effect of the following factors; Area and distribution of foci, filtration, distance, and area of field. Protection against X-Ray and the rays from Radio-active Substances.

Photography—Theory of photographic Action and Image formation. Developing, Printing, Enlarging and reducing.

Practical work—Use of Dosimeters and Tintometers. Determinations of half value layer.

Testing X-Rays apparatus.

Detection of faults in apparatus.

Part II.

A.—Radiography and Radiodiagnosis.

Radiographic technique.

Photographic technique.

The X-Ray examination of the various anatomical systems in normal and pathological conditions.

B.—Radio-therapy.

1. Superficial, Medium and deep X-radiation.
2. Low voltage contact therapy—Choul therapy.
3. Grenz rays.

Local and general conditions amenable to radiation therapy, Dosage and fields.

V.—Diploma in Laryngology and Otology.

A.—ORDINANCES.

1. The Diploma shall be called the Diploma in Laryngology and Otology (D. L. O. Lucknow) and shall be conferred after the requisite examinations have been passed.

2. Candidates will be permitted to appear for Part I of the examination at any time after passing the M.B., B.S., examination of this University or equivalent examination of any University recognised by the General Medical Council of India.

3. The examination shall consist of two Parts.

Part I.—A written and oral examination on the Anatomy, Embryology and Physiology of the Structures in the Head, Neck and Thorax. There shall be only one paper to be set by the external examiner.

Part II.—A written, Oral, Practical and Clinical examination on:—

(a) Special instruments and appliances.

(b) The Medicine, Surgery, Pathology and Bacteriology of the Nose, Throat, Ear and neighbouring organs.

There shall be two papers one to be set by the internal examiner and the other by the external examiner.

4. The examination shall be conducted by one internal examiner (for each part of the examination) who shall be in rotation one of the Hony. Surgeons of the E. N. T. department of the Hospital. Part I by one surgeon and Part II by the other one year, and *vice versa* in the next; and one External examiner who shall be an E. N. T. specialist.

5. No candidate will be permitted to appear at the Part II of the examination unless he has previously passed the Part I. A candidate, however, can take the two parts at the same examination, if he has, otherwise, fulfilled the conditions as regards the course of study.

6. Exemption will not be granted from any part of the examination.

7. Marks—Paper 40—Time 3 hours; Practical 60—Time 3 hours (1½ hours clinical—1½ hours practical oral)—Pass Marks 50 per cent in written and practical examination separately.

8. The examination shall be held twice a year ordinarily in January and in April.

9. Candidates entering for either part or both the parts of the examination must apply to the Registrar for an entry form which must be returned duly filled in and attested in accordance with the regulations as to the approved course of studies, together with the proper fee not later than 1st December and 1st March for the January and April examinations respectively.

10. Examination fee—Rs. 100 for each part.

B.—REGULATIONS.

1. For the present, all teaching hospitals are recognised hospitals, and also the Irwin Hospital, New Delhi.

2. The Course of Study shall extend to one academic year.

3. 80% of the attendance will be required before candidates are signed up for the examination.

C.—Courses of Study.

Part (I)

Physiology: Mechanism of perception of smell, and flavour, Mechanism of breathing. Voice production. Mechanism of deglutition. Functional tests of the nose and para-nasal sinuses. Mechanism of cough and sneezing.

Sound: Theories of hearing. Mechanism of perception of sound and speech. Physiology of equilibrium. Cerebral distribution of sound. Physiology of brain in connection with hearing. smell and voice production.

Physiology of Larynx.

Histology of mucous membranes, internal ear and other associated organs and structures.

Anatomy: Development of ear, nose and throat including palate and the larynx. Development of Oesophagus, trachea and lungs.

Detailed and applied anatomy of the skull bones, accessory sinuses, external and internal ear, nose, nasopharynx, pharynx, larynx, trachea, and bronchii, lungs, pleurae, Oesophagus and the mediastinum.

Anatomy of all cranial nerves.

Part (II).

Examination of the nose and the accessory sinuses, diagnosis of and the medical and surgical treatment of various diseases, of nose, throat and the ear. Preventive treatment, infectious diseases, and diseases of children in this region. Circulatory, and nervous disturbances of the nose. Their effects on other organs of the body. Deformities, injuries, polypi and the tumours of the nose. Organisms connected with the nose and the pathological processes they produce. Immunity in connection with nose.

Diseases due to worms and insects; Electro-medical and electro-surgical treatment of nose diseases; Functional disturbances; anaesthetics in connection with nose.

Examination of the ears. Deafness and allied diseases. Complications of diseases of the ear. Injuries, tumours, nervous and circulatory disturbances of the ear. Tinnitus. Training of the deaf and mute.

Insanity and the ear. Surgical pathology of various disease processes and their causative organisms. A course of instruction on the surgical anatomy, physiology and operative surgery of the ear and complications of the diseases of the ear. Anaesthetics. Auditory aids.

Throat and Larynx: Examination of Diseases of children in connection with throat and Larynx. Nervous and Vascular disturbances.

Pathology of various diseases of the larynx and throat and their causative organisms. Infectious diseases of:—

Bronchoscopy.

Oesophaguscopy.

Direct Endoscopy.

Electro-medical and Electro-surgical treatment of various diseases of Ear, Nose and Throat.

Examination and reading of skiagrams in connection with these diseases.

Pathological specimens and slides.

Special apparatus for the diagnosis and treatment of the diseases of Ear, Nose and Throat.

VI.—† Diploma in Gynaecology and Obstetrics.

A.—ORDINANCES.

1. *Candidates for this Diploma (D. G. O. Lucknow) must be medical graduates of a recognised University.

2. The examination will be held twice yearly and candidates will be required to give six months' notice of their intention to enter for it, viz., on 1st October or 1st April. Before being allowed to sit for the examination each candidate must present evidence—

(a) of having held for not less than one year a House appointment in a special hospital for Maternity, Gynaecology and Diseases of the New Born;

(b) of having personally performed six Gynaecological and six maternity operations. They will submit the histories of these cases.

3. The examination will be in two parts. Only those candidates who have passed Part I of the examination will be allowed to proceed to Part II.

† The question of institution of this Diploma is still under consideration.

* Minimum number of candidates for admission to this course at present is four.

Part I.

One paper consisting of, two parts, Part I to be set by the Professor of Anatomy on the Female Pelvis, its contents and Embryology and Part II to be set by the Professor of Physiology on the physiology of the generative organs* including Endocrinology.

Part II.

- (a) One paper in Midwifery and Diseases of the New Born.
- (b) One paper in Gynaecology, Gynaecological Pathology and Gynaecological Operations;
- (c) A practical, clinical and oral examination.

Scheme of Examination.

Each paper of 100 marks.—Time 3 hours each.

Pass marks 50% in written and practical examinations separately.

Practicals 150 marks—	}	½ hour Clinical Mid-
Time, 1½ hours ..		wifery.
		½ hour Clinical Gyn-
		aecology.
		½ hour Path. oral and
		instruments.

B.—REGULATIONS.

1. The course for the Diploma is open to Medical graduates of all approved Universities.

2. Students are required to attend a course of study covering one academic year.

3. Eighty per cent of attendance at lectures, demonstrations and practical classes will be required before candidates are signed up.

4. The course of studies includes Anatomy and Physiology of the Pelvis in both pregnant and non-pregnant conditions, diseases and anomalies in pregnancy, labour and the puerperium as also diseases of the neonatal period, antenatal and post-natal care as well as the diseases peculiar to women.

5. The examiners shall be those appointed for the M.B., B.S. examination in these subjects and they will set and assess the papers of Part II in collaboration. They will similarly assess the practical, clinical, and oral part of the examination.

C.—COURSES OF STUDY.

The course comprises:—

Part I.—A course of 8 lectures, demonstrations in the Anatomy of the female pelvis including bones, joints, soft parts, and all the contained organs as well as embryology thereof.

Part II.—A course of 8 lectures in the physiology of the female generative organs including Endocrinology.

1. A course of 32 lectures in Obstetrics and Gynaecology including normal and abnormal conditions in pregnancy, labour, puerperium and diseases of the female generative system.

2. A course of 8 demonstrations in Morbid Histology and Bacteriology connected with Gynaecology and Obstetrics.

3. A course of six months clinical instruction and attendance at operations together with regular teaching on the subjects of the course.

The examination will consist of 2 parts. Candidates may enter for both concurrently but must pass in Part I before appearing for Part II.

Part I.—One Paper consisting of the following Parts:—

- (1) On the female pelvis, its contents and Embryology.
- (2) On the Physiology of Generative organs including Endocrinology.

Part II.—Consisting of the following papers:—

- (1) Paper in Midwifery and diseases of the New Born.
- (2) Paper in Gynaecology, Gynaecological Pathology, and Gynaecological operations.

A practical examination, including clinical cases, Pathological specimens, instruments, dummy etc. lasting 2 hours.

The examinations will be held twice yearly ordinarily in April and October and the Examiners will be the same as those appointed for M.B., B.S., Obstetrics and Gynaecology.

The minimum number of candidates to enter for a course will be four.

The examination fee will be Rs. 100 for Part I and Rs. 200 for Part II.

Fees for course will be Rs. 400 per session from students outside U. P. and Rs. 300 per session for U. P. students (payable in three instalments).

VII.—Diploma in Public Health.*

A.—ORDINANCES AND REGULATIONS.

1. No candidate shall be admitted to the course for the Diploma unless he possesses a qualification in Medicine and Surgery registrable in the United Kingdom, or is a graduate in Medicine

Ordinances.

*Admission to classes for this Diploma have been discontinued with effect from the session 1932-33.

and Surgery of the Lucknow University or of any other University recognised by it for this purpose and has in addition registered his qualifications under the United Provinces Medical Act.

2. The courses of study for the Diploma shall extend over an academic year. Candidates may be exempted from any portion of the prescribed courses of study if they produce evidence of having done equivalent Public Health work in the United Provinces or elsewhere.

Applications from such candidates shall be considered by the Dean of the Faculty of Medicine individually on their own merits.

3. The examination for the Diploma shall be held twice a year, and shall consist of two Parts as follows:—

PART I.

- (a) Public Health Chemistry and Physics.
- (b) Bacteriology and Parasitology (including Entomology).

PART II.

- (a) General Hygiene and Preventive Medicine including Epidemiology, Climatology and Meteorology, Vital Statistics and Vaccination.
- (b) Sanitary Law and Public Health Administration.
- (c) Sanitary Engineering.
- (d) Infectious Diseases.
- (e) Out-door Inspection and drawing up of Sanitary Reports.

Note.—The examination shall include practical examination in Infectious Diseases, Food Inspection, Inspection of dwelling premises, factories, workshops, schools, etc.

4. No candidate shall be admitted to Part I of the examination unless he produces a certificate of having attended a course of six months' laboratory instruction in Public Health Chemistry and Physics, Bacteriology, and Parasitology (including Entomology), specially in their relation to diseases of man, and the Pathology of diseases of animals transmissible to man, during which period he must have worked in the laboratory for at least 360 hours, of which not less than 200 shall have been devoted to Bacteriology and Parasitology.

5. No candidate shall be admitted to Part II of the examination unless—

- (1) a period of not less than two years shall have elapsed between the attainment by a candidate of a registrable qualification and his admission to Part II of the examination;
- (2) he has satisfied the examiners in Part I of the examination;
- (3) he produces a certificate of having—
 - (A) attended a course of 100 lectures of not less than six months, which may be concurrent with the period under Ordinance 4 above, in Hygiene and Sanitary Law comprising:—
 - (a) ten lectures on Meteorology and Climatology in relation to Public Health;
 - (b) forty lectures on the Principles of Public Health and Sanitation;
 - (c) thirty lectures on Epidemiology and Vital Statistics;

- (d) twenty lectures on Sanitary Law and Public Health Administration (including Public Medical Services);
- (B) been diligently engaged for at least two hours in each of 100 working days during the period of nine months of which three months shall be distinct and separate from the period of laboratory instruction required under Ordinance 4, under a wholetime Medical Officer of Health holding a diploma in Public Health and in charge of an area having a population of not less than 1,00,000—
 - (a) in acquiring a practical knowledge of the duties, routine and special, relating to Public Health Administration including:
 - (i) maternity and child-welfare service,
 - (ii) school hygiene and medical inspection of schools,
 - (iii) tropical hygiene relating to small-pox, cholera, malaria, plague, relapsing, fever, hook-worm disease, etc.,
 - (iv) principles of industrial hygiene as applied to conditions of labour in India,
 - (v) inspection and control of articles of food such as meat, milk, ghee, aerated waters, sweetmeats, fruits, flour, etc., and
 - (b) in attendance at 20 demonstrations at a slaughter-house, on animals for slaughter and on meat intended for human consumption;

- (C) attended a course of 40 lectures in Sanitary Engineering and obtained practical instruction in drawing and interpretation of plans, and 20 meetings of one hour each;
- (D) been engaged for three months in acquiring a practical training in a recognized hospital for infectious diseases, or the infectious wards of a General Hospital where he has received instruction in the methods of administration. At least 30 attendances of not less than two hours in each week and clinical records of not fewer than 6 cases observed in the ward shall be required;
- (E) been engaged for a period of 4 weeks at 20 meetings of 4 hours each on Anti-Malarial operations and the problems connected therewith under the Assistant Director of Public Health (Malariology), U.P.;
- (F) has acquired a practical knowledge of Hygiene Publicity work, and the organization of Maternity and Child-welfare centres, at 10 meetings of one hour each under the Assistant Director of Public Health in charge, Hygiene Publicity Bureau, U.P.

[Note.—A minimum of 75 percent of attendance in each subject under (A) and (C) is required for permission to appear for Part II of the examination.]

1. The examination in each Part shall be partly by means of papers and partly practical and oral. Regulations

Examinations in Part I shall be held ordinarily in January and in Part II in April and supplementary examination in both Parts in October.

2. Successful candidates shall be arranged in the following two divisions:—

I.—Candidates who have obtained not less than 75 per cent of the aggregate number of marks in Parts I and II shall be declared to have passed with Honours.

II.—Candidates who have obtained between 50 and 75 per cent of the aggregate number of marks shall be declared to have passed.

Candidates who fail in one or more subjects of either Part shall be required at any future examination to re-appear in all subjects of the Part concerned.

3. Candidates must obtain 50 per cent of the total marks in each subject to pass.

C.—COURSES OF STUDY.

PART I.

Section (a)—Written, Practical, and Viva voce.**Public Health Chemistry and Physics.**

Characters, composition, and analysis of soils (including ground, air, and water) air, water, and sewage with methods of detection of impurities, chemistry of sewage.

Examination of foods, their characters and composition Detection of the commoner forms of adulteration and contamination.

Disinfectants, their chemistry and methods of testing their strength.

General principles of physics as applied to heating, cooling, lighting, ventilation, water-supply and drainage.

Section (b)—Written, Practical, and Viva voce.
Bacteriology and Parasitology (including

Entomology).

Recognition of the cultures of the ordinary pathogenic bacteria. Bacteriology and bacteriological analysis as applied to the investigation of pathogenic microbes.

Demonstration of the existence of infective agent in pathological material.

Bacteriological methods of investigation and the special methods applicable to the examination of air, water, foods, soil and sewage. Familiarity with the appearance presented by foods, which, for bacteriological reasons, are considered unfit for consumption.

Principles of immunity, prophylactic and curative inoculation. A general knowledge of parasitology with special reference to intestinal and other animal parasites.

The general pathology of infection.

The special pathological characters of the common human infections, the pathology of the diseases of animals transmissible to man, the conditions affecting the existence of infective agents outside the animal body and the pathology of diseases dependent on occupations.

PART II.

Written, **Viva-voce**, and out-door Inspection.

General hygiene, epidemiology, climatology and meteorology, vital statistics, vaccination, laws relating to public health, sanitary engineering and out-door inspection work:—

(a) General principles of Hygiene in the Tropics.

Sources, storage and purification of water supplies.

Effects on health of over-crowding, vitiated and impure air.

Foods and dietaries.

Effects on health of impure water, polluted soils and bad or insufficient food.

Sanitation of dwellings, huts, schools, factories, markets, public washing places, workshops, cowsheds, dairies, and stables or villages and towns. School hygiene. Inspection of slaughter-houses, of meat and of animals previous to slaughter, and of other articles of food. Principles of building construction and their application to dwellings, hospitals, and schools.

General epidemiology with special reference to the origin, pathology, symptoms, propagation, geographical distribution and prevention of the epidemic, endemic and other infectious diseases, both of temperate and of tropical climates. The methods applicable to the investigation of epidemics. History of great epidemics, such as plague, influenza, etc.

Diseases of animals communicable to man.

Notification, isolation and disinfection.

Disinfectants and their uses.

Unhealthy trades and occupations and the diseases to which they give rise. Nuisances injurious and dangerous to health.

General principles of Climatology and Meteorology.

Use of meteorological instruments.

The effects of climate on health.

The principles and methods of applying vital statistics in relation to public health.

Vaccination and control of diseases by inoculation. Instruction on veterinary subjects.

The contagious and infectious diseases of animals which are communicable to the human subject, or which otherwise affect public health. This would include such diseases as rabies, glanders and farcy, bovine tuberculosis, anthrax, actinomycosis, trichinosis, etc.

Animal parasites transmissible to man or those which are not immediately harmful but which may become so after an immediate change of host.

Meat inspection comprising description of abnormal conditions which possess sanitary interest, especially noteworthy organic diseases, anomalies of the blood conditions produced in the carcass by various methods of slaughtering, **post-mortem**, alterations in meat, etc.

The instruction will be supplemented by a practical course of demonstrations at the slaughter house dealing with the inspection of live animals intended for slaughter, and the dressed and undressed carcasses intended for consumption.

- (b) Law and statutes relating to public health, and model bye-laws.
- (c) The general principles and practice of Sanitary Engineering.
- (d) Practical examination and reporting on unhealthy and insanitary areas, dwellings, workshops, factories, dairies, etc. Medical inspection of schools and scholars. Town-planning and the layout of small areas. The recognition of infectious diseases and the administration of infectious hospitals. Vaccination, Maternity and infant welfare service. Control of tropical diseases. Food inspection.
- (e) Clinical instruction regarding tuberculosis, fevers and infectious diseases during three months in the infectious wards of a recognized hospital and methods of observation and recording of clinical cases.

Synopsis of Lecture and Laboratory Instruction.

PART I.

SYNOPSIS OF LABORATORY WORK.

Public Health Chemistry.

1. **Examination of Water.**—Mode of collection; physical characters, qualitative chemical tests, quantitative estimation of solids, dissolved gases, carbonates, chlorides, sulphates, nitrates, nitrites, phosphates, ammonia, alkalies, lime, magnesia, metals, organic matter and hardness, micro-

scopical examination of deposit (mineral, vegetable, and animals). Processes for softening and purifying water. Effect of filtration and other methods of treating water.

2. **Examination of Air (Pure and polluted)**.—Physical characters. Chemical characters and estimation of oxygen, carbon dioxide (quantitative), sulphuretted hydrogen, nitrous and nitric acid (qualitative), micro-organisms in dust and examination of ground air.

3. **Ventilation**.—Determination of direction and strength of air currents and of effectiveness of different methods. Experiments with models.

4. **Examination of food**.—Physical examination of grains, bread, milk, meat, vegetables, and fruits. Condiments and beverages (chemical and microscopical). Composition and adulteration of wheat, rice, and other cereals, bread, milk, butter, ghee, sweetmeats, aerated water, alcoholic liquors, and tinned foods.

Detection of poisons and preservatives in food.

5. **Examination of soil**.—Determination of water capacity, porosity and permeability of sand and loamy soil. Determination of ammonia and organic nitrogen in soil and of carbonic acid in ground air.

6. **Disinfectants and Deodorants**.—Chemical examination of the materials and determination of the value of various disinfectants.

7. **Sewage**.—Composition and analysis of sewage and of effluents from purification works. Volume and rate of water and of sewage flow. Experiments with working models of various systems of water and sewage work and of drains.

8. Framing of report of analysis.—Physics.

Properties of solids and fluids. Specific gravity, elasticity as exhibited under tension, torsion, and flexure; laws of liquid, pressure, surface tension, viscosity of liquid, variation of volume with pressure for gases and vapours. Diffusion of gases.

Heat variation of the volume of a gas with temperature; pressure of vapour in the atmosphere, boiling point; specific heat, latent heat.

Work in Bacteriology and Parasitology.

The morphology and classification of micro-organisms.

Sterilization by dry and moist heat. Disinfection.

Methods of cultivation, methods of obtaining pure culture in solid and liquid media. Anaerobic micro-organisms and the methods of their culture.

Bacterial products and anti-toxins.

Micro-organisms in water, air, and soil. Micro-organisms in milk. Sterilization of milk on small and large scale. Pasteurisation of milk. Micro-organisms in meat.

Practical work by each worker.

Sterilizing all glass apparatus, e.g., tubes, dishes, pipettes, etc.

Preparation in all stages of the following culture media:—

Nutrient broth, Jelly and Agar-agar, blood serum, Gelatin, Glycerine-agar, Potatoe, etc. . .

From mixture of several micro-organisms to get a pure culture of one.

Cultivation, staining, and microscopic examination of:—

Mould Fungi—*Penicilium*—*Aspergillus*—*Mucor*.

Yeast Fungi.

Fission Fungi. The ordinary bacteria found in air, water, soil, or milk, e.g., *Bacillus subtilis*, *Mycoides*, *Megatherium*, *Proteus*, Lactic acid, *Prodigiosus*, etc., and also the following pathogenic organisms:—

Staphylococci and *Streptococci*, Tubercle, Diphtheria, *Coli Communis*, Typhoid, Enteritidis, Plague, Tetanus, Malignant Oedema, Symptomatic Anthrax and Cholera.

Bacteriological and Protozoological examination in cases of suspected infectious diseases—

(1) In man—Tuberculosis, Diphtheria, Typhoid Fever, Plague, Cholera, Kala-Azar, Relapsing Fever, Malaria, Leprosy, etc.

(2) In lower animals—Tubercle, Symptomatic Anthrax, etc.

Bacteriological examination of water.

Examination of blood for animal parasites, Widal's and Wasserman's tests.

The bacteriological examination of blood, urine and faeces with special reference to hookworm; and of other materials obtained from human beings suffering from diseases.

Protozoology, Helminthology, and Medical Entomology.

A general account of (a) *Amoebae*—*Entamoeba coli*, *Entamoeba histolytica*; and (b) *Haemo*.

—flagellates,—Spirochaetae, Malaria parasites, Leishmania Donovanii and Tropica, Trypanosomes, etc.

Characters of Filaria, Ankylostoma, Ascaris and Oxyuris. Trematodes, Taenia solium and saginata, and Dibothriocephalus.

Character, life history, and anatomy of Ticks. Fleas, Bugs, and Lice.

The life history, anatomy, and habits of Culicidae especially of Culex, Stegomyia and Anopheles. Classification of Culicidae.

The house-fly, its life history and habits.

PART II.

I.—General Hygiene and Medicine.

1. **Site, environment, and construction of dwelling.**—Influence of position, aspect and climate, meteorological and geological conditions, soil and drainage, characters of various kinds of soil with reference to building sites. Choice for site for building. Effect of vegetation, ground water; ground air, and micro-organisms in soil on health, disease associated with soils.

Water Supply.—Sources, composition, character, and classification of potable waters, comparative value of various sources, origin of impurities—their effect and removal, quantity required per head, estimation of yield, sedimentation, filtration, and delivery. Diseases transmitted by water. Protection of water supplies.

3. **Air.**—Composition and physical properties. Impurities, their sources and effects. Diseases caused by impure air. Effects of artificial light and those of animals and plants on the air of habitations. Cubic space required for each person

and for domestic animals. Dangers of overcrowding, methods of ventilation—natural and artificial—warming and lighting.

4. Food and diet.—The proximate principle of food. Nutritive functions and value. Calculation of diets. Diseases connected with food. Inspection of meat, grain, vegetables, and fruits. Storage of grain. Adulteration of articles of food, e.g., milk, ghee, butter, bread, etc. Ptomaine poisoning. Sanitary requirements of bakeries, dairies, slaughter-houses, aerated water factories, ice factories, etc. Methods of protecting food from flies and dust.

5. Personal Hygiene.—Habits, exercise, cleanliness, washing, attention to the skin and the bowels; the principal parasites of man and methods of treatment and prophylaxis; clothing materials.

6. Waste and impurities.—Apparatus designed for the removal of nightsoil and rubbish; conservancy arrangements; the principles of construction of latrines, on the dry and on the wet systems; temporary latrines, cesspools, manure heaps, disposal of excreta, sewage and refuse; control of offensive trades and disposal of their refuse; the principles of house and street drainage, open and closed drains; disposal of dead bodies; the regulation of burial and burning grounds; diseases specially connected with defective conservancy and bad sanitation generally.

7. Dwelling houses, shops, schools, hospitals, etc.—Principles of construction, ventilation, and illumination, with special reference to floors, walls, foundation, roofs, doors, windows, and size. Influence of schools on the spread of infectious and

contagious diseases. Principle of construction of artisans' houses, slaughter-houses, bakeries, dairies, stables, and cattle-sheds.

8. **Disease.**—Contagion, the media in which contagia are spread; epidemic and endemic diseases, the germ theory and its application in sanitary work; rabies, anthrax, glanders, cholera, small-pox, rinderpest, epizootic aphtha (foot and mouth disease); the principles of general protective inoculation; the role of the fly, the flea, and the mosquito in spreading diseases; general preventive measures; notification of infectious diseases; preventive measures applicable to the case of large gatherings such as fairs and festivals; organization and practical working of a staff deputed for dealing with an epidemic disease.

9. **Disinfectants.**—Action of antiseptics, disinfectants and deodorants. Selection and application. Disinfection by heat (wet and dry). Disinfection of houses, shops, clothes, and furniture. Method of disinfection. Comparative value of different methods of disinfection. Apparatus used in disinfection.

10. **Unhealthy occupations.**—Means of mitigating or removing their unhealthiness.

Climatology and Meteorology:—

(1) Climates as determined by prevalent, winds, temperature, moisture, altitude and soil in tropical temperature and arctic regions. Influence on health of these varying conditions, clothing and housing in relation to climatic variations.

(2) **Temperature.**—Varieties of thermometers. Corrections of thermometers, methods of thermo-

meters, exposure and reading of thermometers.

Temperature changes; daily and annual periodic changes:

Distribution of temperature.

(3) Atmospheric humidity—

Factors determining direction, velocity and force of winds.

(4) Atmospheric—

Formation of mist, fog, and dew.

Hygrometers.

Calculation of dew point.

Elastic force of vapour.

Relative humidity and its calculation.

(5) Rainfall—

Estimation of rainfall (rain gauge).

Seasonal and diurnal fall of rain.

Distribution in India.

(6) Atmospheric pressure—

Types of barometers.

Reading of barometers and correction for altitude and temperature.

Estimation of heights.

Barometric fluctuations determining cyclones, anti-cyclones, secondary cyclones, etc.

Preparation of synoptic charts and meteorological returns.

II.—Epidemiology.

Medicine in relation to public health. Geographical distribution and etiology of infectious diseases of animals communicable to man. Etiology, pathology, clinical history, diagnosis, prognosis, and prevention of epidemic and endemic diseases as well as the epizootics which affect man. The contagious and infectious diseases and those incidental to peculiar trade. Immunity. Prophylaxis. Vaccination.

III.—Vital Statistics.

Census, how determined. Death rates, crude, corrected and standard. Birth and marriage rates. Life tables. Zymotic death rate. Death rates by age period. Case mortality. Variations in case incidence and case mortality. Infantile mortality. Mortality as affected by occupation. Value of vital statistics in public health work.

Methods of collection, compilation and graphical representation of Vital Statistics. Commoner methods of statistical enquiry and analysis.

IV.—Vaccination.

Preparation, storage, and issue of vaccine lymph. Restoration of potency. Preparation of prophylactic vaccines.

V.—Sanitary Law.

Law in relation to public health, especially the Public Health Acts.

- (1) U. P. Municipality Act, 1916, and Municipal Model Bye-laws.
- (2) U. P. District Board Act, 1922.
- (3) Vaccination Act.
- (4) U. P. Prevention of Adulteration Act.
- (5) Village Sanitation Act.
- (6) Town Areas Act.
- (7) Epidemic Diseases Act.
- (8) Lepers Act (as amended).
- (9) Factories Act.
- (10) Cholera rules for plains and hills.
- (11) Relevant sections of the Manual of Government Orders and District Board and Municipal Manuals.
- (12) Criminal Procedure Code (relevant sections).

(13) Indian Penal Code relevant sections.

Candidates must possess a good knowledge of the organization and of administration in Municipalities and the relations of these bodies to the various Departments of Government.

VI.—Practical Instruction under a Medical Officer of Health.

The daily and routine duties of a Medical Officer of Health. Inspection of animals for slaughter, meat inspection, inspection of food especially milk, ghee, sweetmeats, fruits and vegetables exposed for sale. Inspection of water-works, sewage disposal works, markets, bakeries, dairies, aerated-water and ice factories, latrine and unhealthy areas. Inspection of factories, workshops, and buildings in which trades are carried on. Inspection of schools and scholars.

Methods of inspection and report upon sanitary condition in rural and urban areas of dwelling houses, slaughter-houses, places for the conduct of offensive and dangerous trades, graveyards, rubbish and nightsoil depots, sewage farm, cattle-yards, dairies, stables, the use of apparatus designed for the removal and disposal of nightsoil and rubbish; conservancy; water supply and sewage of towns.

Methods of dealing with the following:—

- (1) Small-pox.
- (2) Cholera.
- (3) Plague.
- (4) Relapsing Fever.
- (5) Influenza.
- (6) Hook-worm Disease.

Sanitary arrangements at fairs and methods of dealing with epidemics at large gatherings.

Demonstration courses on maternity and infant welfare service.

VII.—Infectious Diseases.

Diagnosis and management of all the more common infectious diseases of the tropics, such as small-pox, measles, chicken-pox, and methods of dealing with patients at admission into and discharge from wards.

Methods of observation and recording of Clinical cases. Disinfection of clothing, of wards, and of discharges from the sick.

Observation and disposal of cases of Tuberculosis.

VIII.—Sanitary Engineering.

A.—Water.

1. Variations of sub-soil water-level.
2. The various methods of raising water used in India and the construction of the ordinary lift and force pumps.
3. The methods of driving tube-wells; their use and position in which suitable.
4. Calculation of the capacity of a well and average yield.
5. Method of distribution, storage, and filtration.

B.—Drainage.

1. Material used in drainage works.
2. The use of drainage pipes, glazed and unglazed brick drains, syphon taps, cesspools, and septic tanks.
3. Proper gradients for drains of varying sizes.

4. Methods of pipe jointing in closed drainage and sub-soil drainage.

5. Methods of flushing and cleaning drains and drain-testing.

C.—Disposal of Sewage.

1. Methods of sewage purification, chemical precipitation, the action of septic tanks, bacterial and other filters and that of land.

2. Simple plans for domestic sewage disposal. French drains.

3. The crops suitable to grow under sewage irrigation. The sub-soil drainage of sewage farm.

4. The maximum area which can be irrigated by any quantity of sewage. The maximum amount of sewage which can be put on an area to ensure the maximum return, the relation to temperature and climate.

D.—Buildings.

Knowledge of various building materials, brick, stone lime, **surki**, asphalt, paints, etc., their quality and the possible influence of the atmosphere on them.

The distinguishing characteristics of good and bad brick, timber, lime and cement.

E.—Instruction in Mensuration and Drawing.

The course will include the following subjects: The use of drawing instruments. Scales, their construction and uses. Estimation of areas and volumes. Elements of plane and solid geometry, and their application to the making of structural drawings from models and figured sketches. The use of the slide-rule and other calculating instruments. Plotting of land surveys and sections. Elementary building construction.

CHAPTER XXXVI

THE EXAMINATIONS—FACULTY OF LAW

A.—Ordinances and Regulations.

Bachelor of Laws.

Ordinances. 1. No candidate shall be admitted to the courses of study for the degree of Bachelor of Laws unless he has passed—

- (i) the B.A. or B.Sc. (Pass or Honours) examination of the University, or
- (ii) the B.Com. examination of the University as well as the examination in General English prescribed by the University for the B.A. examination, or
- (iii) the B.A. or B.Sc. examination of any other Indian University* established by an act of the Legislature for the time being in force†, or
- (iv) the B.A. or B.Sc. examination (or examination in Arts or Science higher than these examinations) of the Universities of Oxford, Cambridge, Dublin, London, Birmingham, Durham, Sheffield, Bristol, Wales, Leeds, Liverpool, and Reading, and the Victoria University of Manchester, Queen's University of Belfast, and the National University of Ireland, or

*For the list of approved Universities see Ch. XXX.

†Graduates of other Universities who have not passed an examination in General English for their B.A. or B.Sc. degree or the examinations in Special English in B.A. degree of this University will not be admitted to the Previous class in the Faculty of Law.

(v) the M.A. or B.Sc. examination (or examination in Arts or Science higher than these examinations) of the Universities of Edinburgh, Glasgow, Aberdeen, St. Andrews and Harvard,
or

(vi) the B.Com. examination of the Universities of Calcutta, Andhra, Allahabad and Agra.

2. (i) Candidates shall not be admitted to the Final examination or any part of the examination prescribed for the degree of Bachelor of Laws unless they have completed a regular course of study prescribed for the degree and furnished a certificate signed by the Dean of the Faculty that they have attended 75 per cent of the lectures and tutorials in each paper offered by them for the examination and, if resident, have satisfied the conditions relating to the residence of students:

Provided that in special cases and for sufficient cause shown, the Vice-Chancellor may, on the recommendation of the Dean, condone a shortage of attendance to the extent of twelve lectures and three tutorials.

(ii) Notwithstanding anything contained in 2 (i), a teacher of the University shall be eligible to appear at any part of the examination prescribed for the degree of Bachelor of Laws without attending lectures and tutorials, if at the time of appearing at the examination he has been in the service of the University for a period of not less than 3 years.

2A. The Vice-Chancellor may, in special cases, condone shortage of attendance beyond the limits prescribed by the foregoing ordinance if

such shortage arises out of prevailing war conditions.

3. A candidate who fails to pass an examination shall attend not less than 75 per cent of a fresh course of lectures and tutorials during a subsequent full academic year before he is permitted to appear at the examination of that year, provided that a candidate who fails to pass may be permitted by the Dean to appear at a subsequent examination without attendance at fresh course of lectures and tutorials.

4. Courses of study for the degree of Bachelor of Laws shall extend over two academic years; there shall be a Previous examination at the end of the first academic year and a Final examination at the end of the second academic year. No candidate shall be allowed to appear at the Final examination unless he has passed the Previous examination.

5. For the Previous examination every candidate shall be required to pass in each of the following papers:—

1. Roman Law.
- *2. Legal History.
3. Equity with special reference to the Law of Trusts and specific Relief.
4. Jurisprudence.
5. Constitutional Law (English and Indian)
6. Law of Contracts.

*Candidates will be required to be familiar with the leading features of the English Legal System and elements of the Legal History of England and of British India.

7. Law of Torts and Easements.

8. Law of Sale of Goods, Partnership and Negotiable Instruments.

6. For the Final examination every candidate shall be required to pass in each of the following papers:—

(1) The law relating to Transfer of Property and the Law of Conveyancing.

(2) Criminal Law and Procedure.

(3) Hindu Law with the Statutory modifications thereof.

(4) Mohammadan Law with the Statutory modifications thereof.

(5) Civil Procedure Code and the Law of Pleadings.

(6) The Law of Evidence and Principles of the Law of Limitation.

*(7) The law relating to Land Tenures, Rent and Revenue in the United Provinces of Agra and Oudh.

or

Public International Law

or

Private International Law

*With the approval of the Dean it shall be permissible to a candidate for the degree of Bachelor of Laws after he has passed the Previous Examination for that degree to enrol himself for instruction on payment of an additional tuition fee of Rs. 25 for the session in any two of the subjects mentioned in paper 7 under Ordinance 6 and also to take examination in both in the same year on payment of an additional examination fee of Rs. 10. A candidate for admission to the Final Examination for the degree of Bachelor of Laws exempted from attending—
(Continued on the next page).

7. Notwithstanding anything contained in Ordinance 2 a person permitted by the Dean under Ordinance 3 to appear at a subsequent examination without attendance at a fresh course of lectures and tutorials shall be eligible to offer himself for examination in all the papers in which he is required to pass for the examination to which he is a candidate for admission.

8. Notwithstanding anything contained in Ordinances 5 and 6, a candidate for the degree of Bachelor of Laws who has passed the Previous examination with the paper on Criminal Law and Procedure shall not be examined again in that paper but shall be examined in the paper on Equity with

ance under Ordinance 3 at a fresh course of lectures and tutorials may enrol himself for instruction in the Law relating to the Land Tenures, Rent and Revenue or Public International Law or Private International Law, and also take examination in one or two of these subjects. The additional tuition fee and examination fee payable by him shall be the same as is payable by a regular student. If a candidate takes examination in two of the subjects mentioned in paper 7 under Ordinance 6, he will at his option have the marks obtained by him in any one of these subjects computed in the determination of his result for the degree. He will, however, be given a certificate showing that he has passed the examination in the other paper if he obtains at least 40 per cent of the marks in that paper.

A person who has passed the LL.B. Final Examination offering either the paper on the Law of Land Tenures, Rent and Revenue or the paper on Public International Law or Private International Law shall also be eligible to pass an examination in any of the other remaining optional papers after instruction to the satisfaction of the Dean in that paper. The tuition fee and examination fee payable by such a person and the conditions for the issue of a certificate to such person shall be the same as obtain in such a case with respect to a person who is a candidate for the degree of Bachelor of Laws.

The tuition fee of Rs. 25 will be payable in three instalments with the regular tuition fee:—

- Rs. 9 with the first instalment of fees.
- Rs. 8 with the second instalment of fees.
- Rs. 8 with the third instalment of fees.

special reference to the Law of Trusts and Specific Relief. The Dean may in the case of such a candidate dispense with the requirement of Ordinance 2 relating to attendance at lectures and tutorials in that paper.

9. The examinations for the degree of Bachelor of Laws shall be conducted wholly by means of papers.

10. In order to pass, a candidate must (a) obtain 30 per cent of the marks in each paper, and (b) obtain 50 per cent of the total marks obtainable. Those of the successful candidates who obtain 50 per cent and upwards and below 66 per cent of the total marks obtainable shall be placed in the Second Division and those of the successful candidates who obtain 66 per cent and upwards of the total marks obtainable shall be placed in the First Division. The names of those who pass in the First Division shall be arranged in order of merit.

Provided that in determining whether a candidate on the border line should pass, the reports of his class and tutorial work shall be considered by the Results Committee.

Master of Laws.

1. No candidate shall be eligible for admission to the examination for the degree of Master of Laws unless at least *two academic years have lapsed since he was declared successful at the examination for the degree of Bachelor of Laws of this University or at an examination for a degree

Ordinances.

*In the case of students passing the LL.B. Examination of Bombay University under the new Rules, the words "two years" shall read as "three years".

of any institution[†] recognised as equivalent to the degree of Bachelor of Laws of this University and unless after having been so declared he has for one academic year pursued, to the satisfaction of the Dean of the Faculty, an approved course of study at this University.

A candidate* for the degree of LL.M. who has for one academic year pursued an approved course of study for such degree may be enrolled in any subsequent academic year for instruction in not more than one of the branches of Law prescribed for the LL.M. course not covered by him as an LL.M. student or for instruction in thesis in lieu of one of the branches of Law.

2. †A candidate for the degree of Master of Laws shall offer himself for examination in three of the following branches of Law:—

Branch I—Jurisprudence.

1. Analytical and Historical Jurisprudence one paper.
2. Philosophical and Sociological Jurisprudence and Principles of Legislation one paper.

†The certificate of call to the Bar in England is recognised as equivalent to the LL.B. degree of this University.

*The candidate shall pay a fee of Rs. 50 for such instruction.

‡ In this connection the following transitory ordinance has been made:—

A person who pursued an approved course of study prior to the beginning of the year 1942-43 for the degree of Master of Laws of the University may appear at a subsequent examination for that degree up to 1945 in any six papers in which he had pursued such approved course of study.

Branch II—English and Indian Constitutional Law.

Note.—The choice of branches of law shall be subject to the approval of the Dean.

3. The examination shall be conducted **viva voce** and by written papers provided that a Thesis in some branch of law or of the history or philosophy of law may be offered in lieu of one of the branches of law. The thesis shall be valued jointly by an external and an internal examiner. The **viva voce** examination which will be conducted by three examiners at least one of whom shall be an external examiner shall carry one hundred marks. The examination in each paper shall be of three hours' duration and shall carry one hundred marks.

4. In order to pass, a candidate must obtain 40% of the marks in each branch of law in which a candidate offers himself for examination, and in the aggregate not less than 50% of the total marks obtainable.

Provided that any shortage not exceeding five marks in any one paper or thesis shall be excused and the candidate declared to have passed the examination if the total number of marks obtained by him on the aggregate exceeds 50% of the total marks obtainable by at least ten times the number by which he is short of 40% of the marks in that paper or thesis.

Those of the successful candidates who obtain 50% and upwards and below 66% of the total marks obtainable shall be placed in the Second Division and those of the successful candidates who obtain 66% and upwards of the total marks obtainable shall be placed in the First Division. The names of those candidates who pass in the First Division shall be arranged in order of merit.

5. Failure to pass will not operate as a disqualification to appear again. A candidate so appearing, if he had offered a thesis in lieu of one of the optional papers or branches of law at any previous examination for the degree of Master

of Laws of this University and had obtained at least 40% marks in the thesis, shall, at his option, have available the marks obtained by him in such thesis for purposes of the determination of his results at any subsequent examination for the degree of Master of Laws.

Doctor of Laws (LL.D.)

1. No candidate shall be admitted to the degree of Doctor of Laws of the Lucknow University unless at the time of admission to such degree he is a Master of Laws of not less than three years' standing of the Lucknow University either by examination or *ad eundem*, or of any University whose degree of Master of Laws is recognised as equivalent to the degree of Master of Laws of the Lucknow University or for reasons of his contribution to legal studies, or of professional, judicial or academic distinction, has been permitted by the Academic Council on the recommendation of the Faculty of Law to enter upon a course of study for the degree of Doctor of Laws.

2. Applications for permission to enter upon a course of study for the degree of Doctor of Laws may be made at the commencement of any University term. The subject chosen for investigation must relate to some branch of Law or the history or philosophy of Law and should have the approval of the Faculty of Law.

3. Before a candidate is permitted to suplicate for the degree of Doctor of Laws he must be certified by the Dean to have been engaged in research work in the University for not less than two academic sessions or six terms. The time spent with the permission of the Dean by a candidate outside Lucknow for the purpose of collecting material for the thesis shall be included in

computing the period of two academic sessions or six terms as prescribed by this Ordinance provided the time so spent shall not extend over more than three terms nor include the first and the sixth term.

4. A candidate who has taken the LL.M. degree of the Lucknow University may be exempted from the requirement under the foregoing ordinance by the permission of the Dean but shall not on that account be entitled to any remission in the fees payable by him as research student.

5. Teachers and Research Assistants* of the University who hold the degree of Master of Laws of this University by examination or *ad eundem* or a degree recognised as equivalent to the LL.M. degree of this University may be permitted by the Faculty to present a thesis for the degree of Doctor of Laws after three years' service in the University. The Registrar shall be notified by such teacher or Research Assistant at least six months before the date on which he proposes to present his thesis.

6. A candidate for the degree of Doctor of Laws must submit three printed or type-written copies of a thesis composed by him, accompanied by the prescribed fees. It will be open to such candidate to present in support of his candidature other papers of which also three copies should be submitted. He shall also submit an abstract of about 1,000 words of his thesis and indicate fully and clearly in a prefatory note the portion of the thesis claimed by him as original and the extent to which he is indebted for any portion to another person.

*Research Assistant means a person assisting a teacher in his research work and recognised by the Executive Council as such.

7. A thesis which has already been presented for another degree will not again be accepted for the degree of Doctor of Laws but it may be wholly or partly included in an extended investigation, provided that the part so included be clearly indicated. The thesis shall embody a definite contribution to knowledge.

8. If the examiners consider the thesis and the papers, if any, to be of a sufficient merit they may recommend that the candidate should receive the degree without further examination, or they may require him to undergo an examination which may be written or oral or both, on the subject of his thesis.

9. The report of examiners shall be laid before the Results Committee. If the Committee is satisfied that the reports of the examiners are unanimous and definite they may recommend to the Executive Council that the result be published. If, however, the reports show a divergence of opinion between the examiners, the Committee may direct that the reports be exchanged between them, the examiners being requested to submit a joint report, if possible. The Committee may, at its discretion, and shall, if the reports are conflicting even after an exchange of views, refer the thesis to another external examiner.

10. A candidate shall not be admitted to the degree of Doctor of Laws unless his thesis has been published and at least six copies of the same have been deposited with the University Library. The Faculty of Law may grant exemption from this requirement relating to publication. If such an exemption is granted by the Faculty, a portion or epitome of the thesis, as the Vice-Chancellor in consultation with the Dean of the Faculty of Law may approve, must be published or accepted for

publication in a recognised journal or be published in his own name privately by the candidate before the candidate can be admitted to the degree of Doctor of Laws. Every thesis, portion or epitome so published shall sufficiently indicate that the work was submitted in fulfilment of the requirements for the degree of Doctor of Laws of the Lucknow University.

Doctor of Laws (Honoris Causa).

The degree of Doctor of Laws may be conferred as an Honorary degree in accordance with the provisions of Statute 14, upon any person, on the ground that he is, by reason of eminent position and attainments or by virtue of his contributions to the cause of learning, a fit and proper person to receive such a degree. Ordinances.

- (iii) Third Division, candidates obtaining below 48 per cent but not less than 36 per cent of the aggregate marks.

The names of those who pass in the First Division shall be arranged in order of merit and of those who pass in the Second and Third Divisions in alphabetical order.

9. No candidate shall be declared to have passed in either Part of the M.Com. Examination if he has obtained less than 30 per cent in more than one paper (thesis and **viva voce** test shall count as one paper for this purpose.)

10. Each paper shall be of three hours' duration. Candidates must obtain 36 per cent of the total marks for passing in either Part.

11. In M.Com. Part I and Part II Examinations each paper shall carry 100 marks and the thesis shall carry 100 marks. The **viva voce** shall carry 100 marks.

12. A 'regular course of study' means attendance at not less than 75 per cent of the lectures constituting the course of study in a particular subject.

Provided that in special cases and for sufficient cause shown, the Vice-Chancellor, on the recommendation of the Dean, may condone a shortage of attendance to the extent of twelve lectures in each Part.

13. The scope of the subject shall be indicated in the syllabus.

Regulations. The following regulations are made regarding the procedure to be followed in connection with the Thesis in M.Com. Part II Examination:—

1. Every candidate presenting a thesis in lieu of one paper for M.Com. Part II Examination shall declare by the 1st week of the second term the topic on which he intends to submit his Thesis.

2. Permission to change thesis for a paper or the subject of the thesis shall not be granted after the end of the second term.

3. A candidate shall submit three printed or type-written copies of his Thesis to the Registrar a fortnight before the commencement of the examination.

4. The Registrar shall deal with the Thesis in the same way as he deals with the examination answer-books.

5. The Thesis shall be jointly valued by an external and an internal examiner.

DOCTOR OF PHILOSOPHY.

Ordinances. 1. Application for permission to enter upon a course of study for the degree of Doctor of Philosophy must be made at the commencement of any University term, through the Head of the Department and the Dean of the Faculty, mentioning the subject on which a candidate proposes to work.

2. Candidates for the degree of Ph.D. shall have taken the Master's degree in Commerce of this University or of any approved University.

Provided that applicants who having passed the B.Com. Degree Examination of the Lucknow University have also obtained Master's degree in Economics in the Faculty of Arts of the Lucknow University or any approved University* prior to 1942 may also be permitted to supplicate for the Ph.D. degree.

Provided further that Teachers in the Faculty of Commerce who hold the M.A. Degree in Economics or any equivalent degree of this or any approved University* may be permitted to supplicate for the Ph.D. degree.

3. (i) Candidates for the degree of Doctor of Philosophy shall be required to have carried on research work under the supervision of the University for six terms. A certificate to this effect signed by the Head of the Department and countersigned by the Dean will have to be produced.

(ii) Candidates shall be required to have resided for six terms in the University before presenting their dissertation.

The Head of the Department may grant permission to a candidate to reside outside Lucknow for purposes of collecting material for his thesis for not more than four out of six terms; such exemption shall not be granted for the first term.

4. Teachers in the Faculty of Commerce or in the University who hold the degree of M.A. in Economics or M.Com. or any equivalent degree of this or any other approved University* may be permitted by the Faculty to present a thesis for the degree of Doctor of Philosophy after three years' service in the University. They will be

*For the list of approved Universities, See Ch. XXX.

required to notify the Registrar at least six months before the date on which they propose to present the thesis.

5. A candidate for the degree of Doctor of Philosophy must submit three printed or type-written copies of the thesis accompanied by the prescribed fees. He shall also submit a brief abstract of his thesis and indicate in a prefatory note what part of the thesis he claims as original and what sources he has used.

6. A thesis which has already been presented for the M.A. or M.Com. degree will not again be accepted for the degree of Ph.D. but it may be wholly or partly included in an extended investigation provided that the part so included be clearly indicated. The thesis shall include a definite contribution to knowledge.

7. If the examiners consider the thesis to be of sufficient merit they may recommend that the candidate should receive the degree without further examination, or they may require him to undergo an examination which may be written or oral or both, on the subject of his thesis.

8. The report of examiners shall be laid before the Results Committee. If the Committee is satisfied that the reports of the examiners are unanimous and definite, they may recommend to the Executive Council that the result be published. If, however, the reports show a divergence of opinion between the examiners, the Committee may direct that the reports be exchanged between them, the examiners being requested to submit a joint report, if possible. The Committee may, at its discretion, and shall, if the reports are conflicting even after an exchange of views, refer the thesis to another external examiner.

9. A printed or type-written copy of each accepted thesis will be lodged in the University Library where it will be open to public inspection.

A summary of not more than 1,000 words shall also be furnished by the candidate, to be published as the University may direct.

III.—Diploma in Teaching.

A.—GENERAL.

Ordinances. 1. A Diploma in Teaching may be granted to women graduates who have successfully undergone a course of studies, both theoretical and practical, for one academical year in the Women's Department of the University.

2. An Advisory Board will be constituted by the Academic Council to suggest the courses of study and supervise the conditions under which the Diploma may be granted. Members of the Board will be appointed for a term of two years.

3. A candidate shall not be admitted to the course of study for the Diploma in Teaching unless she has graduated in Arts or Science in this or some other recognized University, or holds a degree which the Academic Council may approve* for admission to this course.

B.—EXAMINATION.

I.

Ordinances. 4. The examination for the Diploma shall be both in the Theory and Practice of Teaching. In the Theory of teaching the examination shall be conducted by means of papers. There will be **four** papers set as follows:—

(1) Principles of Teaching.

(2) History of Education.

(3) Methods of Teaching.

(4) School Management and Hygiene.

*The degree of Master of Arts of Columbia University is approved for admission to the Diploma courses in teaching.

For candidates who desire an endorsement on their Diploma of a qualification to teach singing, there will be an oral examination including (1) a test song, (2) sight-reading test, (3) ear tests.

A paper will also be set in each of the special subjects offered by candidates who desire to have an endorsement on the Diploma of special qualifications for teaching one or more branches of the High School curriculum.

In the Practice of Teaching every candidate shall be expected to deliver at least 60 lessons during the session.

5. (a) The Practical examination shall be conducted by two examiners appointed on the recommendation of the Advisory Board approved by the Academic Council.

(b) Every candidate shall teach two lessons in subjects embraced in the High School curriculum at least one of which shall be (1) English, (2) Mathematics, (3) History or (4) Geography.

(c) The candidates shall receive due notice of the subjects in which they will be asked to give a lesson.

6. (a) Candidates who desire to offer evidence of special fitness for teaching one or more branches of the High School curriculum may submit their names for special examination in the same. An indication of the special qualifications for teaching one or more such branches will be given in the Diploma of successful candidates.

(b) In the case of a candidate who presents herself for special examination in English, History, Geography, Mathematics, or Classical Language, the second lesson delivered before the examiner shall be on one of these subjects offered by her.

7. The examination in the Practice of teaching shall be conducted at the Training College at which the student was trained and the examiner shall also take into consideration the record that has been kept at the College of the work done by the student during the course of training.

At the time of the examination the examiners will have before them the opinion of the Head of the Teaching Department on each candidate. Examiners will give full consideration to the Head of the Teaching Department's opinion in awarding marks, but the final decision will be with the examiners.

The Head of the Teaching Department's opinion will be recorded on a form: one sheet for each candidate and each examiner to be given a copy before the commencement of the examination.

8. Holders of the Diploma in teaching may, at any subsequent examination, appear for special examination in Theory and Practice in any additional subject, provided they attend a recognized institution for at least 50 working days for each subject.

9. Every candidate shall be required to have passed through a practical course of physical training.

10. Candidates who fail in the examination in the Theory of Teaching may present themselves for re-examination therein at a subsequent examination, without attending a further course, provided that they produce satisfactory evidence that, in the interim, they have been teaching in a recognized institution.

II.

11. Each written paper under Ordinance No. 4 shall carry 50 marks.

12. The minimum pass marks in Theory shall be 36 per cent of the aggregate marks for the four papers. Candidates who are awarded not less than 36 per cent and not more than 47 per cent of the aggregate shall be classed in the **third** division; those with not less than 48 per cent and not more than 59 per cent of the aggregate shall be classed in the **second** division; and those with 60 per cent or more of the aggregate shall be classed in the **first** division: provided that a candidate must gain at least 24 per cent of the maximum marks for each paper separately.

13. Practical examination (lessons under Ordinance No. 5) shall carry 100 marks.

14. The same percentage of marks shall be required for the three classes of the Practical Examination as are required under Ordinance No. 17 above.

15. No marks are assigned to the papers in special subjects or to the singing test, but the report on these examinations for endorsement on the Diploma will be simply "pass" or "fail" with no division.

C.—MODERATION OF QUESTION-PAPERS.

Moderation of question-papers shall be done by a sub-committee consisting of the Convener, Advisory Board for Diploma in Teaching, the Head of the Teaching Staff, and a third person having expert knowledge of the material of the course, who is not a teacher in the University, appointed by the Academic Council on the recommendation of the Advisory Board for Diploma in Teaching. Ordinances.

· English.

History.

Mathematics.

Chemistry and Physics.

Biology.

Geography.

PHYSICS AND CHEMISTRY.

A.—Theoretical Work.

This chiefly consists of independent reading by the student supervised by the teacher. The teacher merely guides the reading of the students who make their own notes. The students are required to read "The Teaching of Physics and Chemistry" by Smith and Hall, and make brief notes of their own on the following:—

- (1) Reasons for the inclusion of science in the School Curriculum.
- (2) Nature and sequence of science study in Secondary Schools.
- (3) Heuristic method of teaching science.
- (4) Instruction in the laboratory.
- (5) Value of laboratory work.
- (6) Note books.
- (7) Discipline in the laboratory.
- (8) Inspection in the class-room.
- (9) Oral and written exercises.
- (10) Experimental demonstration.

- (11) Use of the text-book.
- (12) The technique of laboratory management.
- (13) Plan and equipment of a laboratory and its illustrative material.
- (14) A criticism of ordinary school methods with suggestions for their improvement.

In addition to the prescribed book the student will be required to refer to special parts on other books or to special articles in reports and journals on educational subjects.

They are required to be thoroughly acquainted with detail syllabuses in science for Classes VII to X of Anglo-Vernacular school.

The student will also be given a course of lectures intended to supplement their reading as well as to instruct them in the method of presentation of the typical and more difficult part of the science syllabus.

B.—Practical Work.

The special aim of practical work in this course is to train students to perform experiments from the point of view of the school. The syllabus is as follows:—

- (1) Students should be taught to make simple apparatus with which demonstrations are made.
- (2) Visits to the Lucknow University laboratories, Government Technical Schools, Electric Power House, and other places of technical applications of Physics and Chemistry in Lucknow and its neighbourhood.
- (3) Special emphasis to be laid on the relation of science to every-day life.

BIOLOGY.**A.—Theoretical Work.**

- (1) Reasons for the inclusion of Biology and Nature Study in the School Curriculum.
- (2) Value of laboratory and field work.
- (3) Importance of note-books and sketches.
- (4) Methods of oral and written exercises.
- (5) Experimental demonstrations.
- (6) Use of the text-book.
- (7) Plan and equipment of a laboratory and its illustrative materials.

Books suggested:—

- (1) "Suggestions for the teaching of Biology and Nature Study" (Board of Education Publication, New Edition).
- (2) "Aims and Methods of Nature Study" by Rennie (Clive and Co.).
- (3) "The Biological Foundations of Society" by Deny (Constable, London).
- (4) "Science and Human Affairs from the viewpoint of Biology" by Curtis (Bell and Sons, London).

B.—Practical Work.

The special aim of practical work in this course is to train students to set up experiments and demonstrations from the point of view of the school teacher. Students will be required to examine animal and plant forms by dissection and microscopical examinations and also to acquire facility in demonstrating the vital functions—nutrition, respiration, etc., of animals and plants.

MATHEMATICS.

CHAPTER XL.

PENSION, PROVIDENT FUND, & GRATUITY.

Section 45 of the Act. (1) The University shall constitute for the benefit of its officers, teachers, and other servants such pension and provident fund as it may deem fit in such manner and subject to such conditions as may be prescribed in the Statutes.

(2) Where such a pension or provident fund has been so constituted, the Provincial Government may declare that the provisions of the Provident Fund Act, 1897, shall apply to such fund as if it were a Government Provident Fund.

Statute 26. (1) The Executive Council shall administer the Provident Fund of the University in accordance with regulations framed for the purpose by that body.

(2) Every officer, teacher, or other servant of the University holding a substantive appointment and receiving a salary of Rs. 40 per mensem or more shall be required to subscribe at the rate of 8 per cent of his salary to the Provident Fund and the University shall make a contribution of 12 per cent of the subscriber's salary to the Fund in the case of subscribers drawing a salary not exceeding Rs. 500, and 10 per cent in the case of subscribers drawing a salary exceeding Rs. 500 but not exceeding Rs. 1,000, and 8 per cent in the case of subscribers drawing a salary exceeding Rs. 1,000 subject to the conditions contained in the following provisos:—

(a) Provided that the contribution of the University shall be at the rate of 12 per cent in the case of officers and teachers of the University appointed

before the 1st April, 1926, irrespective of the salaries drawn by the subscribers.

- (b) Provided that no employee of the University shall be entitled to the benefits of the Provident Fund, whose services in the University entitle him to a pension or on whose account the University contributes towards his pension and leave allowance.

(3) No officer, teacher, or other servant of the University shall be eligible to receive any part or share in any sums contributed by the University unless he has been in the service of the University for at least twelve months and has been permitted by the Executive Council to resign his appointment.

(4) No officer, teacher, or other servant of the University, who shall, in the opinion of the Executive Council, be guilty of dishonesty or other gross misconduct shall be eligible to receive any part or share in any sums at any time contributed by the University to the Fund on his account or accumulated interests or profits thereof. The University shall be entitled to recover as the first charge from the amount for the time being at the credit of any officer, teacher, or other servant, a sum equal to the amount of any loss or damage at any time sustained by the University by reason of his dishonesty or negligence.

Provident Fund.

1. The management of the Fund shall be vested in the Executive Council of the University which shall maintain a separate account of the same. Regulations

2. Every servant of the University holding a substantive appointment and receiving a salary of Rs. 40 per mensem or more shall be required to subscribe to the Provident Fund.

Provided that part-time servants holding substantive appointments are not qualified to subscribe to the Provident Fund except those to whom the privilege has been specifically granted prior to 1st January, 1939.

Note.—Persons appointed on probation to substantive appointments are qualified to subscribe to the Provident Fund, but in case their services terminate before their confirmation, they will not be entitled to receive any portion of the University contribution or the interest accruing thereon.

At the time of appointments to substantive vacancies on probation, the appointed persons shall be asked whether they desire to subscribe to the Fund, during their period of probation. If they do not agree to subscribe immediately on appointment, the option to subscribe for the period of probation shall lapse.

3. (i) The rate of subscription shall be 8 per cent of the pay and only such allowances as are governed by the Canning College Act or included in special individual cases by the Executive Council of the employee for the past month, and the amount calculated on this basis shall be deducted from the monthly salary bill of the employee.

Note.—No subscription or contribution shall be made to the Provident Fund of an employee who is on leave without pay.

(ii) The University shall, in the case of each subscriber, make a monthly contribution according to the scale laid down in Statute 26 (2) on his pay and allowance.

(iii) The interest on both of these contributions shall accrue to the account of the subscriber.

4. (i) The amounts accruing to the Fund shall be placed in Fixed Deposits in a Bank or Banks or such other Government securities as may be approved from time to time for the purpose by the Executive Council.

(ii) The subscription paid by the subscriber and the contribution of the University shall be credited monthly to the separate account of each subscriber.

(iii) The accounts of the Fund shall be audited once a year by the University Auditor or Auditors.

(iv) Each subscriber shall be entitled to receive a detailed statement of his account for the year.

*5. When a subscriber quits the service of the University, whether by resignation or dismissal, he shall be entitled to receive the amount which has accumulated to his credit, provided that the Executive Council do, upon his quitting the service, declare him so entitled.

Note.—In default of such declaration, the said subscriber shall, subject to the provision of Statute 4 above, be entitled to receive the amount actually subscribed by him together with interest accruing to the same.

6. On a subscriber's death before retirement (in which case the provisions of Rule 5 shall **mutatis mutandis** apply to his estate), the amount at the credit of the subscriber shall be paid to the person or persons nominated by him under Rule 10

The Vice-Chancellor in consultation with the Hon'y. Treasurer has been authorised to make such declarations under this regulation, (vide Ex.-Council Resolution No. 5(b) of dated February 20, 1943).

or when no such nomination is made, to his legal heir or heirs.

7. Any contribution or interest withheld from a dismissed employee shall lapse to the University.

8. No employee of the University shall be entitled to the benefits of the Provident Fund whose services in the University entitle him to a pension or on whose account the University contributes towards his pension and leave allowance or who has been appointed by the University on a consolidated salary or on special terms.

9. (i) No final withdrawal will be allowed until the subscriber quits his service or dies. But in case of urgent necessity the Executive Council* may allow a subscriber an advance of a sum (a) not exceeding four months' pay in the case of employees drawing a salary of Rs. 250 p.m. and over, and (b) not exceeding six months' pay in the case of employees drawing a salary less than Rs. 250 p.m.

Provided that the amount advanced does not exceed the amount actually subscribed by him excluding interest.

(ii) Such advances will be recovered in not less than 24 and not more than 30 equal monthly instalments.

*Under Resolution No. 15 of Executive Council, dated the 18th November, 1929, applications for advances should ordinarily be disposed of by the Vice-Chancellor acting in consultation with the Treasurer, it being left to their discretion to place before the Executive Council such cases in which there is some doubt or difference of opinion. Sanctions under this resolution should be reported to the Executive Council as soon as possible.

(iii) † Recoveries will be made monthly, commencing from the first payment of a full month's salary after the advance is granted; but no recovery will be made from a subscriber when he is on leave of any kind other than casual leave. The period of leave in such cases should not be less than one month.

10. (i) Every servant of the University entitled to the benefits of the Provident Fund shall be required to sign a written declaration that he has read these Regulations and agrees to abide by them and shall hand in for Registration to the Registrar of the University, the names of the person or persons to whom he wishes the balance at his credit to be paid in the event of his decease.

(ii) The subscriber may from time to time change his nominee or nominees by written application to the Registrar of the University.

A register of such nominees shall be kept in the University office.

Copy of Notification No. 978, dated Simla, the 12th of August, 1922, from the Secretary to Government of India, Department of Education and Health (Education).

In exercise of the discretion vested in him by sub-section (2) of Section 45 of the Lucknow University Act, 1920 (United Provinces Act No. V of 1920), the Governor-General in Council is pleased to declare that the provisions of the Provident Fund Act, 1897, shall apply to the Provident Fund constituted by the Lucknow University for the benefit of the officers, teachers, and other servants of the said University, as if it were a Government Provident Fund.

† The recovery of advances from Provident Fund from the Administration, clerical and Laboratory staff drawing a pay up to Rs. 150 p.m. has been postponed, for the duration of the War (vide Executive Council Resolution No. 20 dated August 7, 1942).

Gratuity.

Regulations 1. Employees of the University whose salary is less than Rs. 40 per mensem and who are not entitled either to a pension or to the benefits of the University Provident Fund, may be granted gratuities according to the following scale:—

- (i) In the case of those who have served for five years or more but less than 10 years two-thirds of a month's pay for each year of completed service.
- (ii) In the case of those who have served for more than 10 years and not more than 20 years—one month's pay for each completed year of approved service.
- (iii) In the case of those who have served for more than 20 years—one month's pay for each of the first 20 completed years of approved service and one and half month's pay for each completed year of approved service in excess thereof.

Provided that if an employee dies while in the service of the University, the above gratuity may be paid to his family.

2. The previous service of an employee under King George's Medical College or the Canning College will be counted.

3. Notwithstanding anything contained in these regulations employees drawing up to Rs. 15 per month shall not be given a gratuity of more than Rs. 300, those drawing more than Rs. 15 but less than Rs. 25, not more than Rs. 400, and those drawing Rs. 25, but less than Rs. 40 per month, not more than Rs. 500.

4. No gratuity shall be paid to a servant or to his family except in cases where the servant

leaves the service of the University with the permission of the Executive Council given on the ground that he is incapable of continuing in the service of the University or where the servant dies while still in the service of the University.

5. In these regulations the expression "family" means those persons who in the opinion of the Executive Council were dependent on the servant at the time when he died.

CHAPTER XLI.

TRAVELLING AND HALTING ALLOWANCES.

1. Members of the Faculties, Selection Committees, Committees of Courses and Studies, Examiners, Committees for the Appointment of Examiners, and Committees for the moderation of question papers, who do not ordinarily reside in Lucknow, shall be granted travelling and halting allowances for attending meetings of the above mentioned bodies and for doing examination work at the following rates:—

- (i) For all journeys performed by rail, single first class fare from his permanent place of residence to Lucknow and back. (Mileage will not be allowed for journeys performed by road).
- (ii) For each day on which a meeting or examination is held Rs. 5.

Provided that if a member of any of the above bodies resides outside the United Provinces, he shall be entitled to be paid his travelling allowance calculated from and to the point at which he enters and leaves the United Provinces.

[**Note.**—This proviso is not applicable to examiners and moderators.]

2. When a member under Rule 1 has to attend two meetings of the University with an interval of one day between, he shall be entitled to charge Halting Allowance for that day in the event of his remaining in Lucknow.

3. The Vice-Chancellor will be granted Travelling and Halting Allowances at the rate of single First Class fare each way and Rs. 10 a day while travelling or halting on duty.

4. Other employees of the University will be given Travelling and Halting Allowances as follows:—

(a) Single railway fare each way of the class to which the official is eligible in accordance with the classification of officers in the financial Handbook of the U. P. Government, Vol. III.

(b) Daily and mileage allowances as prescribed in the Government rules in accordance with the same classification.

5. No Travelling Allowance or Halting Allowance shall be granted to candidates coming to Lucknow for employment.

CHAPTER XLII.

LEAVE.

General.

Regulations 1. 'Average pay' means the average monthly pay during the twelve complete months immediately preceding the month in which the event occurs which necessitates the calculation of average pay, and shall include Principal's allowance and the allowance payable to the Superintendent of the Hospital as such.

Provided that if any person has been on leave during those twelve months, such period of leave shall be omitted from the calculation:

Provided also that when a University employee takes leave, and

- (i) his pay is less than Rs. 250, or
- (ii) the leave taken does not exceed one month, his average pay shall be the pay, which he would draw, in the permanent post held substantively by him at the time of taking leave.

2. Duty includes service as a probationer, provided that such service is followed by confirmation.

3. Terms not expressly defined in these rules shall bear the same interpretation as they bear in the Fundamental Rules made under Section 96-B of the Government of India Act by the Secretary of State for India.

4. These rules shall apply to all permanent employees of the University including former employees of the Canning College, but excluding (a) those lent by Government who continue to be under the Government leave rules for the time being in force, (b) nursing staff, and (c) menial and other inferior staff provided for in rules 34 and 35.

5. The leave account of those employees of the University who were in service on the 1st August, 1933, shall be kept in two parts:—

- (i) Leave due to them for service before the 1st August, 1933. This portion will be subject to the rules as regards commutation into leave on average salary which were in force up to the 31st July, 1933.

- (ii) Leave calculated on their service after the 1st August, 1933, according to the new rules.

6. A leave account of each employee of the University governed by these rules shall be maintained in terms of leave on average pay in the Central Accounts Office and before leave is granted the amount of leave due shall be verified by the aforesaid office.

Grant of Leave.

7. The grant of leave shall rest with the Executive Council:

Provided that applications for leave shall ordinarily be disposed of by the Vice-Chancellor acting in consultation with the Treasurer, it being left to the Vice-Chancellor's discretion to place before the Executive Council cases of doubt or of special importance. Sanctions accorded by the Vice-Chancellor shall be reported to the Executive Council, as soon as possible: Provided further that leave to clerical and other subordinate staff of the University may be granted by the Head of the Office concerned and reported to the Vice-Chancellor.

General Conditions.

8. Leave is earned by duty only.

9. Leave cannot be claimed as of right. When the exigencies of the University service so require a discretion to refuse or revoke leave of any description is reserved to the authority empowered to grant it.

10. Leave ordinarily begins on the day on which transfer of charge is effected and ends on the day preceding that on which charge is resumed, or if duties are relinquished or resumed in the afternoon, the leave shall commence or end respectively on the following day.

11. When the day immediately preceding the day on which a University employee's leave begins or immediately following the day on which his leave expires, is a holiday or one of a series of holidays, the University employee may leave his station at the close of the day before, or return to it on the day following, such holiday or series of holidays.

12. A University employee on leave may not take any service or accept any employment without obtaining the previous sanction of the Executive Council. This rule does not apply to casual literary work, or to service as an examiner.

13. In the leave account of a University employee, who is subject to these rules, shall be credited two-elevenths of the period spent on duty.

14. The amount of leave debited against a University employee's leave account is (a) the actual period of leave taken on average pay (b) half the period of leave taken on half or quarter average pay.

15. The amount of leave due to a person is the balance of leave at his credit in the leave account.

16. The maximum amount of leave which may be granted in terms of leave on average pay to a member of the staff is one-eleventh of the period spent on duty plus $2\frac{1}{2}$ years.

17. The maximum amount of leave on average pay which may be granted is four months at any one time, and in all, one-eleventh of the period spent on duty after 31st July, 1933:

Provided that in the case of a University employee who takes leave on medical certificate or spends his leave elsewhere than in India or Ceylon, the maximum amount of leave on average pay which may be granted to him will be eight months, at any one time instead of four, and in all, one-eleventh of the period spent on duty plus one year.

18. Vacation counts as duty but the periods of total leave in rules 13, 16 and 17 shall be reduced by one month for each year of duty in which a University employee has availed himself of the vacation. If a part only of the vacation has been allowed in any year, the period to be deducted will be a fraction of a month equal to the proportion which the part of the vacation allowed bears to the full period of vacation.

In the case of an officer, who, by the nature of his duties, is ordinarily expected to avail himself of the full vacation every year, this deduction at the rate of one month per year shall be made for the whole period of his service.

19. Leave not due may be granted subject to the following conditions:—

- (i) On medical certificate without limit of amount subject to rule 20; and
- (ii) Otherwise than on medical certificate for not more than three months at any one time and six months in all reckoned in terms of leave on average pay.

20. The maximum period of continuous absence from duty on leave granted otherwise than on medical certificate is 28 months.

21. When a University employee returns from leave which was not due and debited against his leave account no leave will become due to him until the expiration of a fresh period spent on duty sufficient to earn a credit of leave equal to the period of leave which he took before it was due.

22. Leave Salary.—Subject to the conditions enumerated in other rules a University employee shall, during leave, draw leave salary as follows:—

- (a) If the leave is due, leave salary equal to average pay, or to half average pay or to average pay during a portion of the leave and half average pay during the remainder, as he may elect; and
- (b) If the leave is not due, leave salary equal to half average pay.

23. After continuous absence from duty on leave for a period of 28 months a University employee will, if he is granted further leave on medical certificate, draw leave salary equal to quarter average pay.

24. In special circumstances and when no other leave is by rule admissible, extraordinary leave may be granted. Such leave is not debited against the leave account. No leave salary is admissible during such leave.

25. When a University employee combines vacation with leave, the period of vacation shall be reckoned as leave in calculating the maximum amount of leave on average pay which may be included in the particular period of leave.

26. Leave salary shall be calculated in rupees payable at Lucknow but may at the option of the official concerned be remitted to him in sterling.

27. No employee of the University who has been granted leave on medical certificate may return to duty without first producing a medical certificate of fitness.

28. An employee of the University who remains absent after the end of his leave is entitled to no leave salary for the period of such absence, and that period will be debited to his leave account as though it were leave on half average pay, unless his leave is extended by the competent authority. Wilful absence from duty after the expiry of leave may be treated as misbehaviour.

29. Leave terms for employees engaged on contract:—

- (a) Where the contract is for more than one year and less than three years leave on average pay upto 1/11th of the period spent on duty.
- (b) Where the contract is for three years or over, leave on average pay up to 1/11th of the period spent on duty subject to a maximum of 4 months at a time.
- (c) Leave may be granted after the expiry of contract only where it has been applied for during the period of the contract and refused owing to the exigencies of the public service.
- (d) During their period of probation or apprenticeship, probationers and apprentices are entitled to leave on average pay up to 1/11th of the period spent on duty, provided that the total leave granted under this rule does not exceed three months reckoned in terms of leave on average pay.

If the University employee is in a vacation department leave under (a), (b) and (d) may only be granted in case of urgent necessity and shall be subject to the deduction provided for in rule 18.

Part-time Officers or Teachers.

30. Part-time servants will not be entitled to any kind of leave with allowance except casual leave.

31. The Executive Council may decide any case not coming within the purview of the above rules in accordance with the Fundamental Rules or in such other manner as it deems fit.

32. Leave at the credit of a University employee in his account shall lapse on the date on which he must compulsorily retire. Provided that, if in sufficient time before that date he has—

- (i) formally applied for leave and been refused it, or
 - (ii) ascertained in writing from the sanctioning authority that leave if applied for would not be granted—in either case, the ground of refusal being the requirements of the public service,
- then the employee may be granted, after the date of retirement, the amount of leave so refused, subject to a maximum of six months.

33. The following regulations relate to grant of leave to Hony. Staff of the Hospitals:—

- (a) one month's leave after eleven months service.
- (b) Leave cannot be accumulated for more than a total period of four months.
- (c) Medical leave will be granted according to the recommendation contained in the Medical Certificate and shall not ordinarily exceed six months. Application for leave on Medical Certificate exceeding six months shall be referred to the Medical Board and the recommendation of Medical Board shall be considered by the Hospital Board.

34. The above rules do not apply to menial staff but leave may be granted by the Head of the Office concerned, provided that in doing so no extra expenditure is involved. The amount of leave will be subject to the limitations of rule 35.

35. Carpenters, fitters, mistries and other employees of the University who are not included

among Teaching or Clerical staff may be granted casual leave, as under the ordinary rules,

- (a) Fifteen days leave on average pay after 11 months' service, (This leave will be available only during the summer vacation months, but may be accumulated up to 60 days).

and (b) Leave on half pay upto a maximum of one month for every year of service.

Such leave may be granted by the Head of the Office concerned at his discretion.

36. The Laboratory Assistants shall be treated as non-vacation officers. They will, therefore, normally earn one month's leave on full pay every year, but, if they are allowed to enjoy any part of the summer vacation of three months by the Head of the Department concerned; this period of one month will be reduced by a proportionate amount calculated at the rate of one month's leave for full three months' vacation. They will not be entitled to the Dasehra recess. The part of the vacation enjoyed by them shall be reported to the Accounts Office for adjusting their leave accounts.

37. If funds are available the compounders, sick attendants and other menial servants employed in the Hospital, be granted Hospital leave subject to the rules as provided under the Hospital leave rules for the members of the Nursing Staff. Dais and female menial servants will be entitled to an additional two weeks' maternity leave.

Leave and Passage Rules for Nursing Staff.

All members of the nursing staff except junior and probationer nurses will earn leave at 23/66 of the period of duty, in terms of half average salary. Not more than four months' leave earned may be commuted into half the period on full average salary.

Note.—Of the total leave earned two-elevenths may be accumulated upto a maximum of 4 months and leave earned beyond two-elevenths may be granted in the first instance after three years of completed service and each period of leave taken thereafter shall be preceded by three years' service without leave in case of members of nursing staff whose term of contract extends to three years or more. Members of the nursing staff who are working under a contract below 3 years can be granted leave within the period of contract. Leave may be granted after the expiry of the contract only where it has been applied for during the period of contract and refused owing to exigencies of public service.

2. On subsequent renewal of agreement after return from long leave no unspent balance of leave earned previously shall remain at credit.

3. Leave not due on medical certificate (other than Hospital leave) may be granted at any time provided the period of leave does not exceed three months and provided that it can be worked off during the period of contract. The leave allowance shall not exceed half pay and such leave shall be debited to the leave account.

Note.—The medical certificate must be signed or countersigned by the Civil Surgeon or one of the status of a Civil Surgeon.

4. **Hospital leave:**

(a) Leave may be granted during period of illness and stay in the ward of the Hospital to the members of the Nursing Staff whose duties expose them to special risk of accidents or illness, provided:

(i) that period of such leave shall in no case exceed two months in any one year whether such leave is taken at one time or by instalments;

- (ii) that full average pay is allowed only for the 1st month and half average pay thereafter;
- (iii) that the illness or injury is certified not to have been caused by irregular or intemperate habits and is directly due to risk incurred in the course of official duties.

(b) Hospital leave shall not be debited against the leave mentioned in rules 1 and 2 but may be combined with any other leave, provided the total period of leave does not exceed six months.

5. Junior Nurses will be granted leave for one month on full pay after 11 months of duty including duty as probationer. Such leave should not be accumulated for more than one month.

They may, however, be granted leave on medical certificate on half average salary for a period not exceeding two months during the whole period of their service whether in this Hospital or in an out station.

6. Probationer nurses will not earn any leave during the period of probation except as provided under clause 5 for Junior nurses. They may, however, be granted leave on medical certificate on half average salary for a period not exceeding two months during the whole period of their service whether in Hospital or out station.

7. A leave account of every member of the Nursing Staff shall be maintained in the office of the Superintendent, King George's Hospital. The account shall be submitted annually for verification to the Central Accounts office.

8. A nurse overstaying her leave from whatever cause shall receive no pay for the period that she is absent without leave and must make up that

time in the grade in which it is taken. Wilful absence from duty after the expiry of leave may be treated as misbehaviour.

9. Passages:

Trained members of the Nursing Staff will be granted passage and travelling allowance as under:—

(a) On first appointment:

- (i) If recruited in Europe, single second class B passage per P. & O. S. N. Coy., from London to Bombay and single second class railway fare from Bombay to Lucknow.
- (ii) If recruited in India, single second class railway fare from the place of their recruitment to Lucknow.

(b) On completion of agreement:

- (i) Single second class B passage per P. & O. S. N. Coy., from Bombay to London and single second class railway fare from Lucknow to Bombay if her services are terminated provided the nurse is domiciled in Europe.
- (ii) Second class B return passage per P. & O. S. N. Coy., from Bombay to London and second class return railway fare from Lucknow to Bombay, on long leave after completion of agreement, provided her contract is renewed and provided she is domiciled in Europe.

Casual Leave.

1. (i) The amount of casual leave granted to Regulations an individual in a calendar year shall not ordinarily exceed 15 days.

(ii) In exceptional circumstances, for urgent and special reasons, the Vice-Chancellor may at

his discretion grant casual leave for a few days over and above the limit of 15 days.

2. Casual leave may be taken in one or more instalments, as the applicant desires, but shall not ordinarily exceed 10 days at a time.

3. Casual leave shall not be combined with any other kind of leave or vacation or extended by any other kind of holiday, except Sunday.

4. The grant of casual leave shall rest with the Vice-Chancellor.

Provided that (a) leave to clerical and menial staff may be granted by the Head of the Office concerned, (b) up to a limit of three days' leave to members of the Teaching staff may be granted by the *Head of the Department concerned, and to Heads of Departments by the Dean of the Faculty concerned. The grant of such leave shall be reported to the Registrar through the Dean.

5. All applications for casual leave for more than three days from the members of the Teaching staff shall be countersigned by the *Head of the Department and shall be forwarded to the Registrar by the Dean of the Faculty concerned for sanction by the Vice-Chancellor.

6. The Registrar shall keep a record of the casual leave taken during a calendar year by the members of the Teaching staff of the University.

7. The Vice-Chancellor may grant leave of absence on the work of the University or on public work for which previous sanction has been obtained. Such absence shall not be reckoned as leave.

*The Conveners of Boards of Oriental Studies in Arabic and Persian and Sanskrit exercise the functions of Heads of Departments for granting casual leave (*vide* Resolution No. 17 of Executive Council dated the 20th January, 1939).

8. Leave should always be applied for before it is taken except in cases of emergency.

The following regulations relate to grant of leave to House staff of the Hospitals:—

9. (a) Each member of the House Staff will be allowed casual leave for only seven days, during the six months' tenure of appointment.

(b) Any leave exceeding seven days will not be counted as working days in Hospital and no pay or certificate will be granted for that period.

(c) In addition to casual leave vide (a) and (b) House Officers will be allowed seven days sick leave. The senior House Officers will be entitled to pay during this sick leave.

The following regulations relate to grant of casual leave to Hony. Staff of the Hospitals:—

10. (a) Honorary officers shall be treated in the same way as the paid officers in the matter of Casual Leave, except that under special circumstances, the period may be extended by one week at the discretion of the Superintendent, in consultation with the Head of the Section concerned, and reported to the Hospital Board.

A record of the leave taken shall be kept by the Superintendent.

(b) Casual leave may not be combined with any other leave or vacation or extended by any other kind of holiday except Sunday.

(c) Leave upto 3 days may be granted by the Head of the Section concerned and reported to the Superintendent.

(d) Leave shall only be availed of after it is sanctioned.

Study Leave.

Regulations 1. Study leave may be granted to a whole time teacher of the University who is employed on a permanent basis to enable him:—

- (a) To pursue a special line of study or research for which adequate facilities are not available in India in a subject directly related to his work in the University.
- (b) To study in detail the departmental organization, courses, and methods of instruction in his subject in Universities outside India.

Provided that Study leave may in special cases be granted to a whole-time employee of the University to be availed of in India if adequate facilities are available in India in the field in which he proposes to pursue research. A teacher who has been granted study leave in India shall keep the Head of the Department concerned informed about the progress of his work and the Head of the Department shall send his report to the Vice-Chancellor through the Dean.

2. Study leave shall not be granted until a teacher has completed five years of service in the University and shall not be granted a second time until he has completed another period of five years service. Provided that three years' continuous service shall intervene between any other kind of leave (except casual leave) and study leave.

3. The applicant for study leave shall apply at least six months before he intends to avail himself of such leave and shall specify the course or courses of study or research contemplated and any examination he may propose to undergo.

4. Study leave shall be granted by the Executive Council on the recommendation of the Head of the Department concerned, the Dean of the Faculty concerned, and the Vice-Chancellor.

5. A member of the staff to whom study leave is granted shall undertake to remain in the service of the University, if the latter so desires, for at least three years after his return to duty, and if after availing himself of study leave he relinquishes the service of the University within three years of the date of his return to duty he shall refund the whole or such part of the allowance that he drew during the period of study leave as the Executive Council may determine.

6. Not more than four teachers of the University shall be on study leave at one time, of whom not more than two may be on full average salary.

7. All applications for study leave shall be submitted not later than the end of September preceding the year in which the leave is required and shall be considered together.

8. Study leave shall be granted subject to the following conditions if the total period of absence from duty (including vacation) does not exceed ten months:—

(i) It shall be either affixed or prefixed to a vacation.

(ii) It shall be in extension of leave due calculated in terms of full average salary.

- (iii) The remaining period of leave within the maximum period of absence permissible under this rule, shall be treated as study leave on full average salary and shall in no case exceed three months.

9. Study leave to **Lecturers, Junior Lecturers, and Demonstrators** only shall be granted subject to the following conditions if the total period of absence from duty (including vacation) exceeds ten months, but in no case exceeding two years except as in the case provided hereinafter:—

- (i) It shall be taken in continuation of the vacation.
- (ii) It shall be in extension of leave due calculated in terms of half average salary.
- (iii) The remaining period of leave, within the maximum period of absence permissible under this rule, shall be treated, as study leave on half average salary and shall in no case exceed fifteen months.

Provided that if study leave expires within the month preceding the vacation, the Executive Council may extend the period of leave, if applied for, to the end of the vacation and that this period of extension (including the vacation) shall be on half average salary.

Provided further that if a teacher returns to duty from study leave during the last term of an academic year he shall only be allowed half average salary for the subsequent vacation.

10. If for any exceptional reasons leave is granted beyond the maximum period contemplated in Regulations 8 and 9 it will be leave without pay.

11. On return from study leave a teacher shall submit a report about his work during the period of the study leave, together with a report from the institution attended as to his period of attendance and his work.

12. Study leave shall count as service for increment and for the benefits of the Provident Fund but shall not count for any other leave.

13. Any extra qualification gained during study leave will in no case be considered as a basis for claiming increment of salary or promotion.

14. In the matter of study leave to Hony. Staff of the Hospitals each case will be considered on its own merits and if such leave is granted to an officer he will be allowed to retain his lien on the post.
